---

Minor changes in dialogues. You will be able to change your mind

June 1, Monday. Day 1

---

*Spare me these dirty details*

*Make sure don't miss anything*

---

The first option closes Watersport fetish and all related repeating events permanently

---

*Order pizza on the Internet*

*Go to the groceries*

---

**Ordering pizza** will allow you to spare some time for going to the beach.

**Going to the groceries** and cooking food will take a lot of time, and you won't be able to go to the beach.

Both routes are acceptable.

---

*Shave pussy and armpits*

*Shave armpits only*

*Shave pubes only*

*Shave nothing*

---

Choose what you like more. This choice is permanent in game, but can be changed anytime from the game menu.

*If you didn't order pizza:*

---

*Masturbate*

*Not right now*

---

If you choose to masturbate, you won't be able to do this again till tomorrow. MC won't be aroused enough to have some fun at night and watch lewd videos.

*If you ordered pizza:*

The pizza will be delivered randomly by pizza boy or pizza girl

---

*Give nothing*

*Give normal tips*

*Give good tips*

---

**Give nothing** – next time a pizza will be delivered by another person;

**Normal tips** – next time a pizza will be delivered by a random person;

**Give good tips** – next time a pizza will be delivered by the same person

---

*Buy a swimming suit*

*Buy new cellphone*

The order doesn't matter. You will visit both locations anyway

*If you ordered pizza:*

---

*Go Home*

*Go to the Beach*

---

Both routes are acceptable

*If you go home:*

---

*Have a nap*

*Watch TV*

*If didn't masturbate yet:*

---

*Masturbate*

*Don't*

---

If you choose to masturbate, you won't be able to do this again till tomorrow. MC won't be aroused enough to have some fun at night and watch lewd videos.

---

*I should suppress them*

*I should have some release now and then*

---

Choose the first option if you don't want MC to masturbate or have sex. Otherwise, choose **I should have some release now and then**

**Night bedroom event**

*It's available if your **mood is normal** or better, **health is okay** or better, and **arousal is aroused** or higher.*

---

*Go to sleep*

*Have some relief*

---

Choose **Have some relief**

June 2, Tuesday. Day 2

---

*Workout*

*Relax today*

---

Workout is preferable because it eventually increases your health. Though, both options are acceptable. If you learned EX, you would have some extra content.

*If Workout:*

---

*Put on a green sport suit*

*Put on a grey sport suit*

---

The green sport suit is more revealing, but you can't wear it without learning EX

**MC would be wearing another T-shirt during home routine events if you learned EX**

---

*Order pizza*

*Go to the groceries*

*Cook something*

---

Don't order pizza if you did it yesterday. Otherwise, MC will feel bad at night. If you ordered pizza for the second time anyway, you would have some extra content if you learned EX.

**Some extra content if you Watched something lewd yesterday**

**Some extra content if you learned PP yesterday. It will open travel to Red District in the future**

---

*Answer*

*Ignore*

---

Choose Answer. You will get a new job. Also, it will increase your mood

*On the beach:*

*Events vary depending on what fetish you have learned:*

**Some extra content if you learned EX**

**Some extra content if you learned FF**

**Some extra content if you learned PP**

**Some extra content if you learned AP**

**Some extra content if you learned TS**

---

*Women don't have periods in my world*

*Obviously, they have periods (no physiological details)*

---

The first choice closes all related events permanently.

---

*Order Pizza (if hasn't ordered today)*

*Go to the groceries*

*Cook something*

---

Ordering pizza is not available if you ordered it in the morning. Don't order pizza if you did it yesterday. Otherwise, MC will feel bad at night. If you ordered pizza for the second time anyway, you would have some extra content if you learned EX.

When everything is done, MC goes to sleep. Before that, she can have [some fun](#).

Last choice of the day:

---

*Get up early for work*

*Don't go to work tomorrow*

---

If you choose the second option, you will skip the first day of your work. But it's not critical.

June 3, Wednesday. Day 3

*If "Get up early":*

**Car Wash**

---

*Check it*

*No need*

---

**Check it** will lead to some extra content if EX is learned; doesn't influence the storyline

*If "Don't go to work tomorrow":*

**At Home**

---

*Get ready for a new wonderful day*

*Skip morning routine*

---

*You can skip morning routine in the bathroom. Though, you will skip some extra content if EX is learned*

---

*Home workout*

*Jogging in the park*

*Watch TV*

---

Choose whatever you want. Though:

**Jogging** gives more health points than **Home workout**;

**Watch TV** will allow you to watch culinary shop (increases cooking skill) or watch a movie (increases mood/arousal, depending on movie type);

**Home workout** has extra content and two options of sports suit for EX

---

*Go to shower*

*Skip home routine*

---

Skip home routine will hide showering and having breakfast (you won't be able to order pizza.) You won't lose any points by skipping routine.

**Drunken Monkey**

---

*Stay at work (long shift)*

*Go Home*

---

**Stay at work** allows you to earn \$200, but you skip walking in the park and a travel to Red-Light District. If you choose Go Home, you will earn \$ 120, but return home early enough to have more options of what to do.

---

*Go work / Go home right now*

*Go pee first*

---

Appears only if you're into watersport. Choose the second option to pee at work, or the first option to pee at home.

---

*Don't even try to imagine – it's disgusting*

*Try to imagine – it may help*

---

Choose the first option if Futa/Trans is not your thing.

*If “Go Home”:*

---

*Go for a walk*

*Go to Red-Light District*

*Watch TV*

*Have a Nap*

---

Choose **Go for a walk** or **Red-Light District** (if available) in order to maximize mood and arousal at night.

**Red-Light District** will be available if  $PP \geq 5\%$  or  $AP \geq 13\%$ .

**Go for a walk** contains some extra content for EX.

*If “Go for a walk”:*

---

*Sit on the bench*

*Stroll along the alley*

*Walk on the pond*

*Go deep into the park*

---

In order to maximize mood and arousal:

If EX is learned – choose anything; you will get extra content everywhere except for **Stroll along the alley**.

If TS 25% – choose **Walk on the pond** (you’ll find a feather.)

Otherwise, choose **Stroll along the alley**.

*If “Walk on the pond”:*

---

*Sit down for a while*

*Swim*

---

**Swim** appears only if EX is learned. Choose anything.

---

*Go home right now*

*Go to the restroom first*

---

Appears only if you're into watersport. Choose the second option for related scene (doesn't affect anything.)

*If "Go to Red-Light District":*

---

*Order Taxi*

*Don't go there*

---

Choose **Order Taxi** if you have enough money for taxi and sex shop stuff (taxi round trip \$40 plus \$25 for lube or \$60 for a dildo.)

---

*Walk home*

*Return to Sex Shop*

---

Choose **Return to Sex Shop** to befriend Jackie (Sex Shop clerk) and return home not too late for night jogging.

---

*Night jogging*

*Take a bath*

---

You will get this option if you didn't jog in the morning and didn't return too late from Red-Light District. Contains extra scenes for EX if you put on green sports suit.

---

*Get up early for work*

*Don't go to work tomorrow*

---

Choose first option to go to Car Wash tomorrow.

June 4, Thursday. Day 4

---

*Home workout*

*Jogging in the park*

*Watch TV*

---

Choose whatever you like. Jogging gives a bit more health points than home workout. Keep in mind that you can jog only once a day – in the morning or at night. After that, you'll [have a breakfast](#).

- You **can go to the groceries** without panties if  $EX \geq 17\%$ .
- Also, you can buy there some sweets that increase your mood.
- [Ordering pizza](#): you can make a show for pizza boy / girl if  $EX \geq 17\%$ .

Next is doing laundry. If  $EX > 0$ , MC will expose herself (the higher EX – the more exposition); if  $EX \geq 17\%$ , you can go pantieless.

---

*Do cleaning*

*Go to mall*

*Blowjob practice (if BJ 20%)*

---

Choose **Blowjob practice** if you have this option. It won't take much time.

If you need to buy a uniform got Car Wash – **go to the mall**. Otherwise, **cleaning** is preferable (but not necessary). Cleaning increases your mood, while dirty apartment decreases your mood.

*If go to mall:*

---

*Have a good time and spend some money*

*Just hang around and save money*

---

Choose first if you need to but a uniform for car wash (it costs \$40.) Additionally, first option would cost you \$50 – \$70, but your mood would raise (while the second option would change nothing.) If ex 17%+, you can go pantieless.

---

*I just do your job (rude)*

*Ask for excuse (polite)*

---

Polite answer would bring some benefits in the future.

---

*Dick*

*STD*

---

Choose whatever you like. Just minor dialog changes in the future.

---

*Stay at work (long shift)*

*Go Home*

---

Choose whatever you like. Long shift would bring more money, but you won't have time to visit Red-Light District today.

---

*If short shift:*

*Watch TV*

*Have a nap*

*Go to Red-Light District*

---

Choose whatever you like except for having a nap (it has no benefits.) **Watching culinary show** on TV would increase your cooking skills; **watching movie** could increase your mood and/or arousal. **Visiting Red-Lights District** could be beneficial if you need to buy something in Adult Boutique.

*If Go to Red-Light District:*

---

*Walk Home*

*Return to Sex Shop*

---

**Returning to Sex Shop** would lead to increasing relations with Jackie. Also, **Walking Home** should not be chosen if you are going to get up very early tomorrow.

*After returning home:*

---

*Night jogging*

*Take a bath*

---

It's healthier to have a night jogging before bathing. You won't get this menu if you have already jogged today.

If ex 20%+, you will be able to sleep without panties.

---

*Get up early for work*

*Don't go to work tomorrow*

---

Choose first option to go to Car Wash tomorrow.

June 5, Friday. Day 5

Regular “sandbox” day (no scripting events of the main storyline)

### Very early morning

MC **gets up at 5 am** if you chose *Get up early for work* last night.

- If you haven't got a *uniform* at the [Mall](#), you won't go to work and MC will sleep until 7 am.
- If you returned late yesterday (walked home from [Red-Lights District](#)), you would get at options:

---

*Yes, I have to go*

*No, it isn't worth it*

---

In this case, going to car wash would cost you a small amount of health (because of lack of sleep). If you didn't return late yesterday, going to Car Wash would not affect your health.

- If you go to Car Wash, you will skip all following events until noon.

### Early morning

**At 7 am** MC gets up full of energy and ready for a new day.

- You will have extra scene before getting up if  $FF \geq 50\%$ .
- You will have extra scene before getting up if  $TS \geq 33\%$ , and even more if  $TS \geq 42\%$ .
- If you went to sleep pantieless, you would do all morning routine (including extra fetish events) without panties as well.

You have a choice:

---

*Get ready for a new wonderful day*

*Skip morning routine*

---

Choosing the second option you would skip [having breakfast](#) and [taking a shower](#) but lose nothing in terms of stat points but skip all possible extra scenes and practices.

If you choose the first option, you may have:

- Extra scene if  $EX > 0$ . This scene will have continuations if  $EX \geq 10\%$  or  $\geq 13\%$ ;
- If  $AP \geq 21\%$ , you will have an option to improve your AP skill:

---

*Play with a toothbrush*

*Not today*

---

*Playing with toothbrush* improves your AP skills only once, though you can practice every morning.

Next, you'll have a choice:

---

*Home workout*

*Jogging in the park*

*Watch TV*

---

Choose whatever you like. Jogging gives a bit more health points than home workout. Keep in mind that you can jog only once a day – in the morning or at night.

After that, MC **takes a shower** and **has a breakfast**. You can skip this routine choosing *Skip home routine*.

**Late morning**

**About 9 am**, MC has to decide what she is going to do next:

---

*Cleaning*

*Go to mall*

*Spend day in the park*

*Spend day on the beach*

*Blowjob practice*

---

Taking into account that MC has a soft spot for cleaning, it is an important part of her home routine and affects her mood. Cleaning will last until 12 pm.

Going to the mall might take different time. Depending on your choice, you will return home at 12 pm or at 3 pm. Returning home at 12 pm allow you to go to work.

Spending day in the park or on the beach takes the whole day until 6 pm. Choosing one of these options, you skip all of the following events until 6 pm.

Blowjob practice occurs when  $BJ = 20\%$  (first stage) and  $BJ \geq 25\%$  (second stage.) It doesn't take any significant time, so after practicing you come back to the same options. MC can practice her BJ skills only once a day.

### Noon

At noon, MC returns from Car Wash, [Mall](#), or finishes doing chores. Next, she can:

---

*Go to work*

*Do the cleaning*

*Go to mall*

*Watch TV*

*Have a nap*

*Blowjob practice*

---

Options for *Cleaning*, *Going to the mall*, *Watching TV*, and *Blowjob practice* can be done only once a day and will be absent if you have already chosen them.

- *Cleaning*, *Watching TV*, and *Having a nap* last until 3 pm;
- *Going to Mall* can last until 3 pm or 6 pm;
- Blowjob practice doesn't take any significant time.

### Late noon

At 3 pm, you will have following options:

---

*Do the cleaning*

*Watch TV*

*Have a nap*

*Blowjob practice*

---

- Blowjob practice doesn't take any significant time.
- Everything else lasts until 6 pm.

### Early night

At 6 pm, MC returns from wherever she was (work, beach, park, mall) or finishes her chores. Now, she has following options:

---

*Watch TV*

*Have a nap*

*Go to Red-Lights District*

---

- **Watching TV** and **Having a nap** last until 9 pm.
- Trip to *Red-Lights District* last until 9 pm as well except for you decide to return home on foot. In this case, you'll come back at 1 am. Returning home so late MC can't go for *Night Jogging*, though she is still okay for bedroom activities.

### Late night

At 9 pm, MC returns from wherever she was (long shift at work or Red-Lights District) or finishing her home chores.

MC can have a *Night jogging* before *Taking a bath* if she hasn't jogged today. After that, she has a meal and write a new entry in her diary.

When all thigs are done, MC goes to sleep. If  $EX \geq 20\%$ , MC can decide not to wear panties for the night.

**Before going to sleep**, if MC meets all requirements, she can have some relief.

*Walk to the pond*

*Go deep into the park*

---
