Dr. Hoover's Lab: COPS!

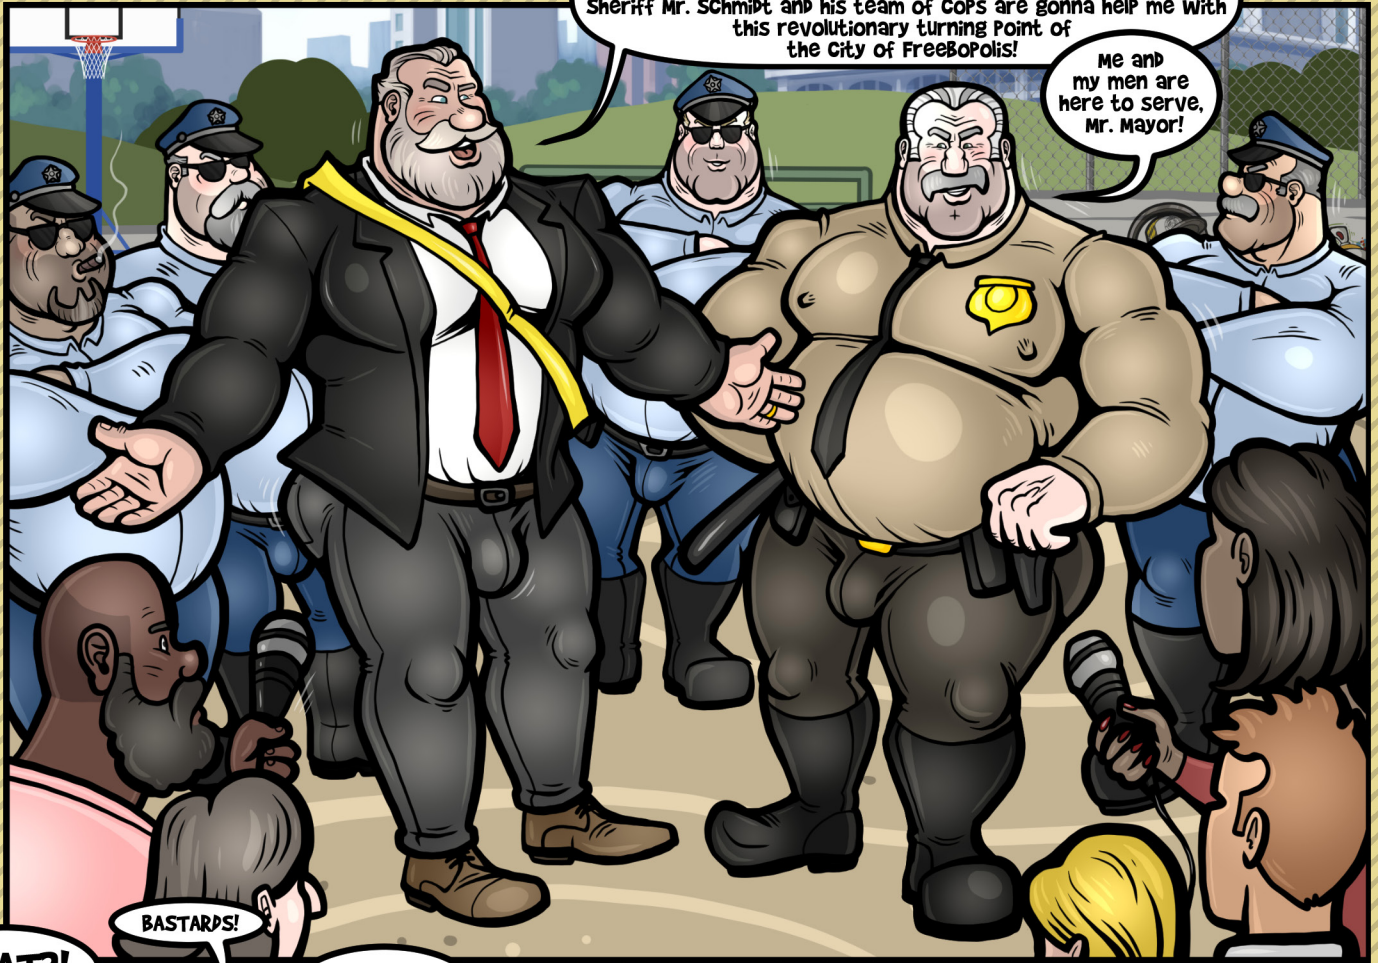

That afternoon Panny and the other Dabfuckers met as usual in their favorite Place of FreeBopolis: the skatepark.

The new Mayor, Mr. Draven Kowalski, was there speaking to a crowd of journalists.

Dear Citizen of FreeBoPolis, I decided to Close the downtown skatePark and build a huge parking lot there. Also, People using skateBoards, Bikes, or similar, DAngerous and LOUD devices, are gonna Be Punished with a \$500 fine. We need more Cars Circulating in the City, and also more parking lots. The County Sheriff Mr. Schmidt and his team of COps are gonna help me with this revolutionary turning Point of the City of FreeBoPolis!

Me and my men are here to serve, Mr. Mayor!

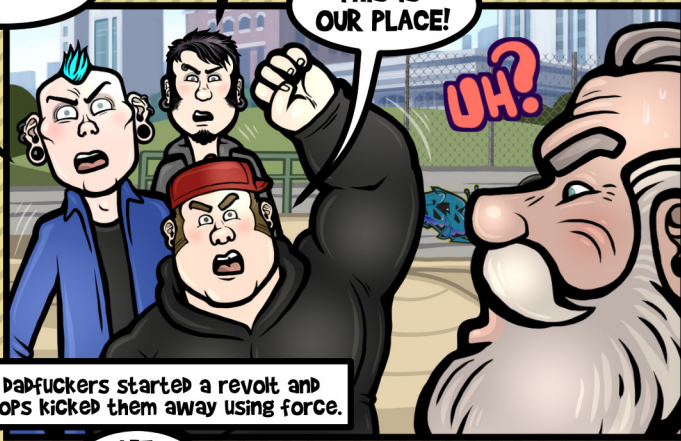

BASTARDS!

WHAT?!

THIS IS OUR PLACE!

UH?

The DaBfuckers started a revolt and the COps kicked them away using force.

LET ME GO, ASSHOLE!

HEY!

AH!

NO!

The DaBfuckers were forced to go, a lot of COp Daddies got in the skatePark Pushing the kids away that were forced to hide in an alley.

Alex, call Dr. Hoover. I think we just found more guinea Piggies.

OUCH!

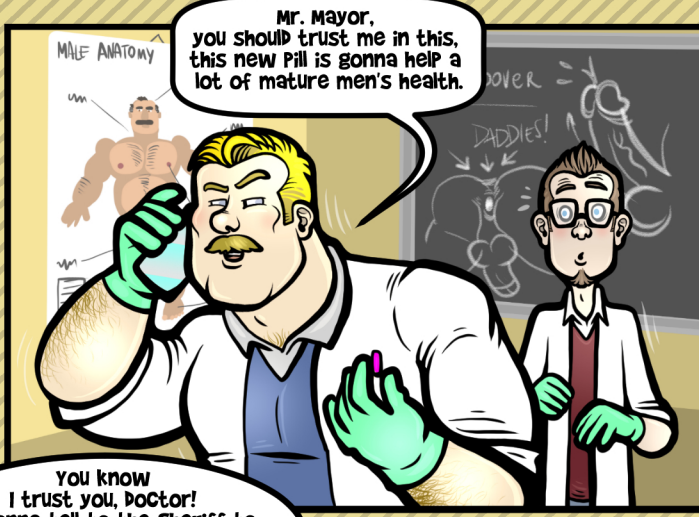

PANT! PANT!

What?

Dr. Hoover was really famous in FreeBopolis, in fact, most of the men over 40 were his Patients. His alternative medicine was really Popular. The Dads of the Cities had Blurry memories of his treatments, But after their visits, they always felt strangely satisfied.

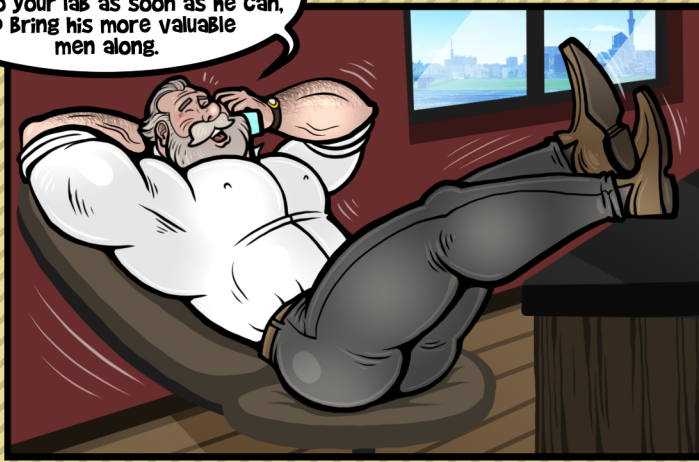

The Mayor and the Sheriff were Both his Patients, so it wasn't Difficult to act on Panny's Plan. Dr. Hoover Pleaded with the Mayor and the Sheriff to use his team for the study of a really important medicine that could help mature men's health, so Mayor Kowalski approved.

So this is your famous lab, Doctor...

Mr. Mayor, you should trust me in this, this new Pill is gonna help a lot of mature men's health.

You know I trust you, Doctor! I'm gonna tell to the Sheriff to come to your lab as soon as he can, and bring his more valuable men along.

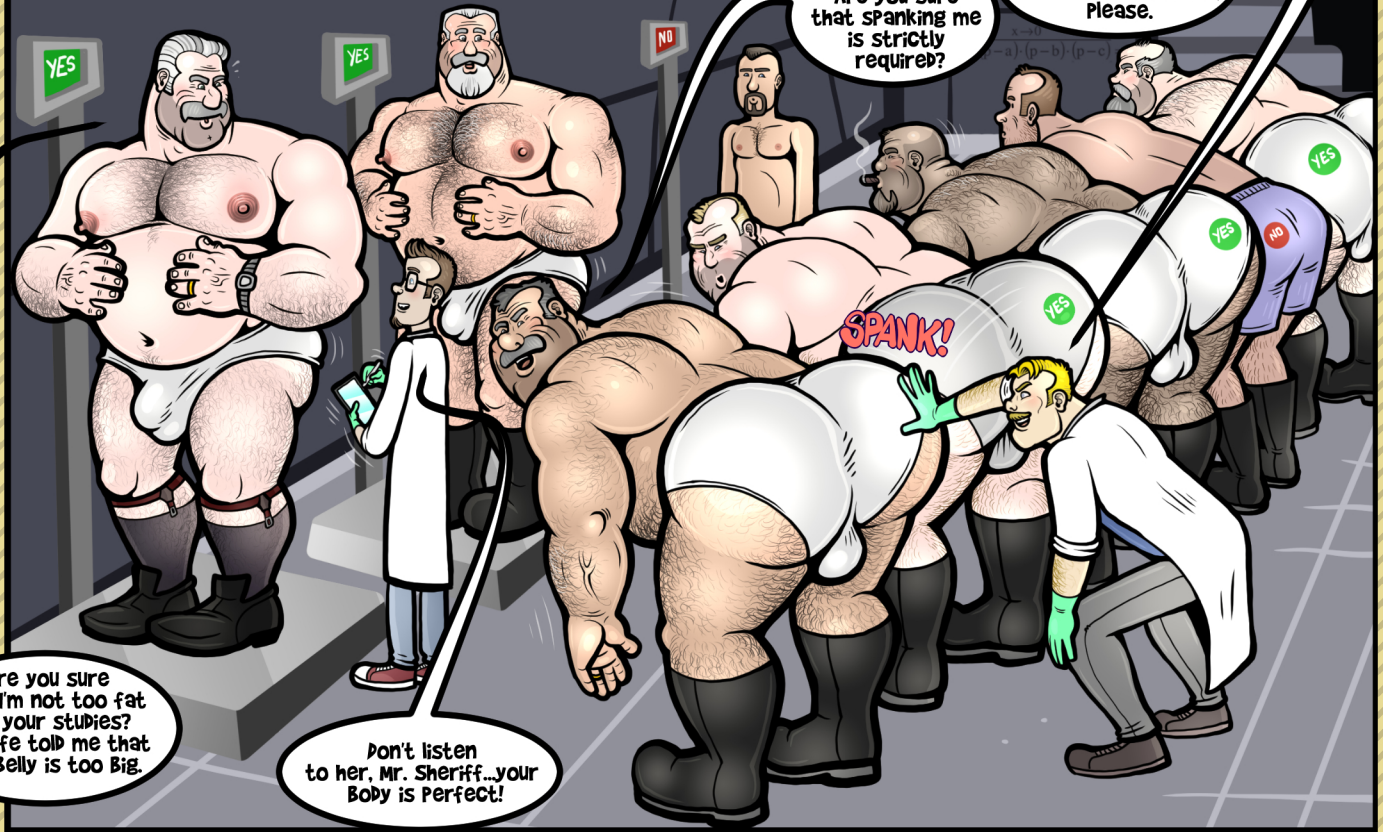

Yes, Sheriff Schmidt. Welcome to my realm.

They checked the men's health, weight, endurance. They measured them and tested them, Choosing the Bigger ones, obviously.

So...let's try this Big Butt...

Of course, agent. I need to test your Compactness. Now, Be silent and let me concentrate, Please.

HEY! Are you sure that spanking me is strictly required?

Are you sure that I'm not too fat for your studies? My wife told me that my Belly is too Big.

Don't listen to her, Mr. Sheriff...your Body is Perfect!

Hey, what are you doing to my nipples?

I'm just testing your tits' meatiness and your endurance to pain. Let me say that...they are great!

I never called them "tits"...But it's ok, I guess!

They are gonna produce a lot of PAPMILK!

WHAT?!!

The ass is huge But Compact and solid at the touch. He has a great muscle mass, despite his mature age.

The Balls are Big and full. Perfect for our mission.

Let's see what he hides in his tighty whities!

UH?

A great badhole! And what a manly scent! But I'm afraid that the virgin rose is too tight for my lab...let's see...SLURP!

The badpussy is a bit tense, but it's squeezing my fingers...it's very hungry and we'll give it what it wants and needs!

Hey! What the HELL?

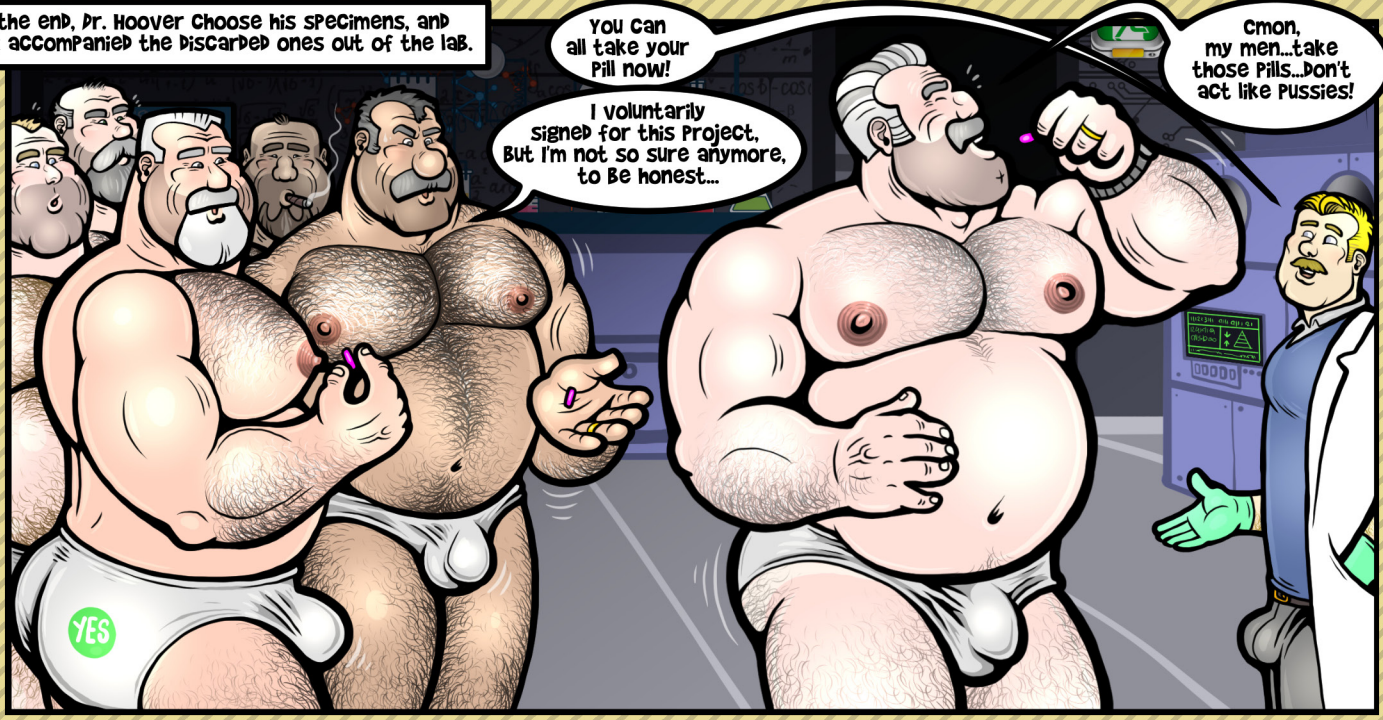

In the end, Dr. Hoover choose his specimens, and Alex accompanied the discarded ones out of the lab.

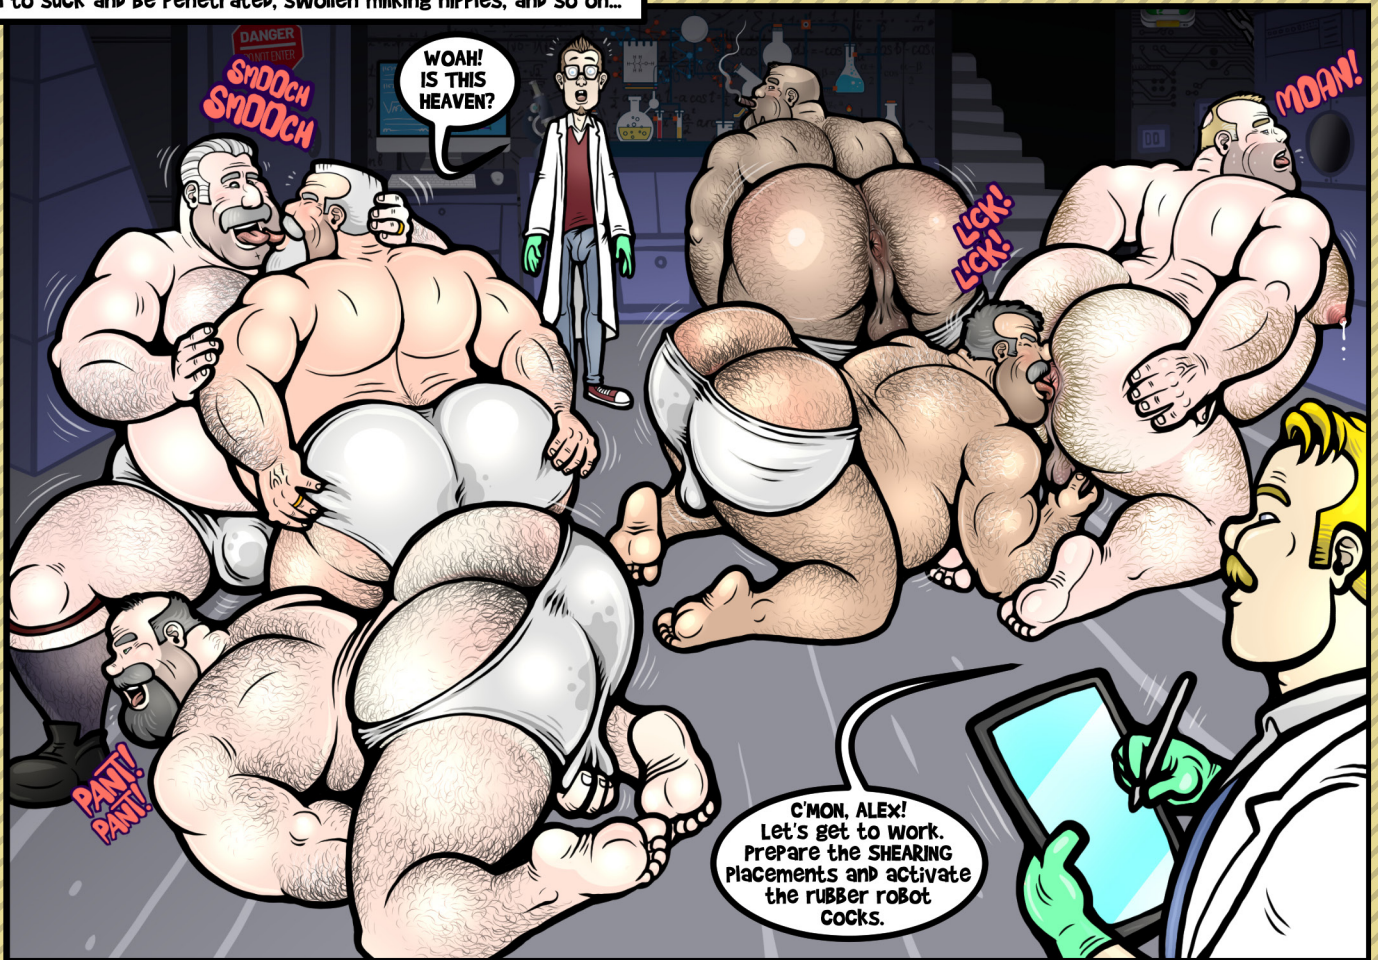

You can all take your pill now!

I voluntarily signed for this project, but I'm not so sure anymore, to be honest...

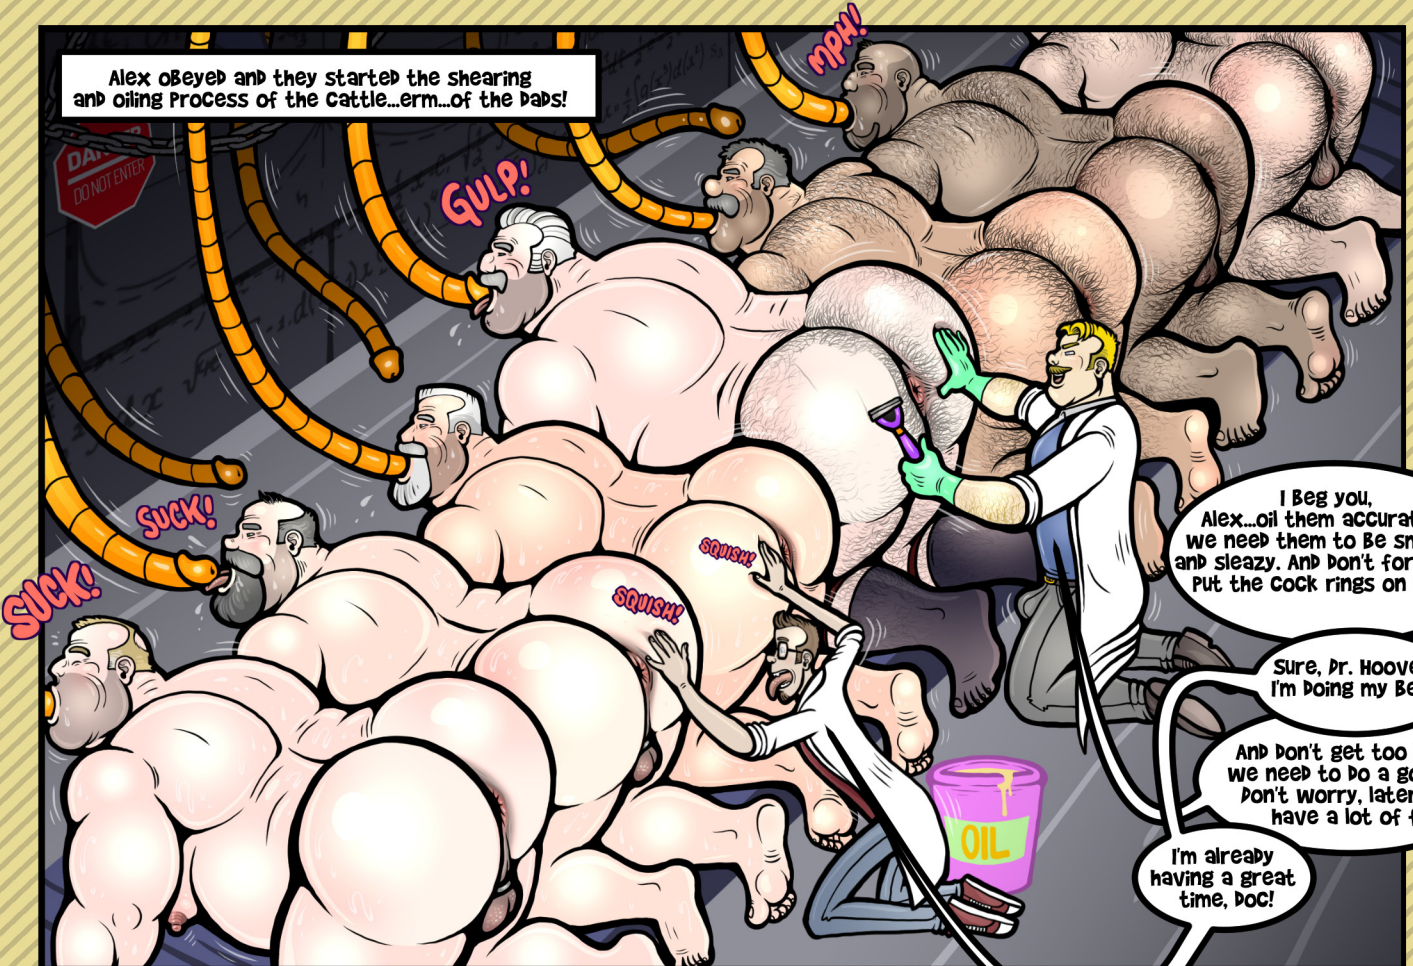

Cmon, my men...take those pills...don't act like pussies!

When Alex came Back all the Cop babs took their Pills and they were already having their effects. Hyperventilation, warmth, sweating, moist Dicks and assholes, Pizzy Brains, Will to suck and Be Penetrated, Swollen milking Nipples, and so on...

Alex obeyed and they started the shearing and oiling Process of the Cattle...erm...of the babs!

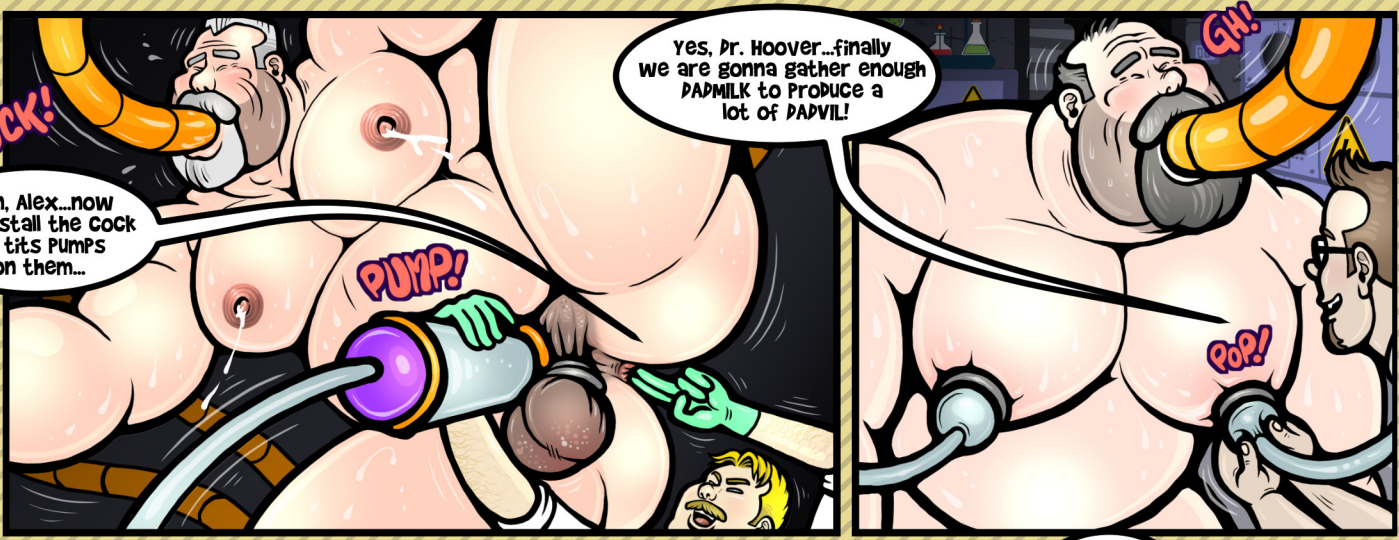

Remember also to go deep in their hole with the oil...those Chutes need to be welcoming and slippery. By now the PAPVIL Prototype has surely given those holes good flexibility and swallowing feature...

Yes sir! The Sheriff's hole is basically swallowing up my hand! I'm so impatient to see what it will do to my cock!

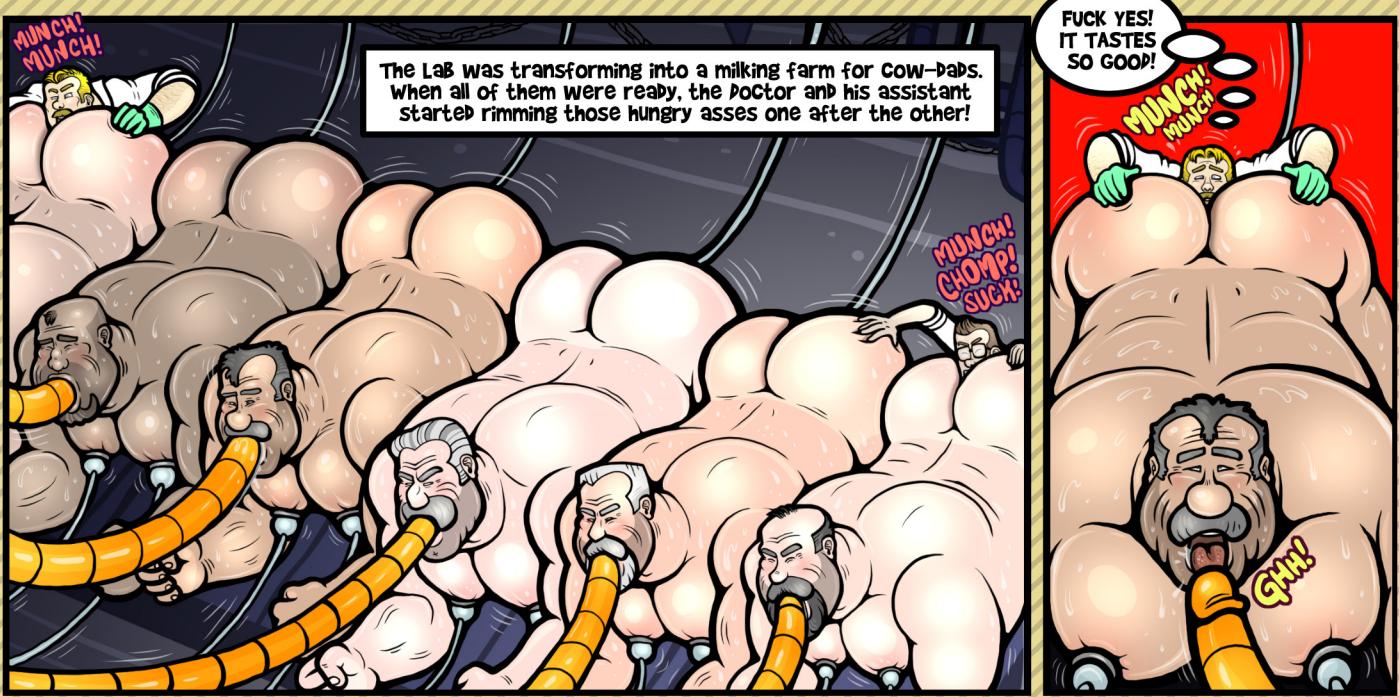

Yes, Dr. Hoover...finally we are gonna gather enough PAPMILK to produce a lot of PAPVIL!

Soon, Alex...now let's install the cock and tits pumps on them...

The Lab was transforming into a milking farm for cow-paps. When all of them were ready, the doctor and his assistant started rimming those hungry asses one after the other!

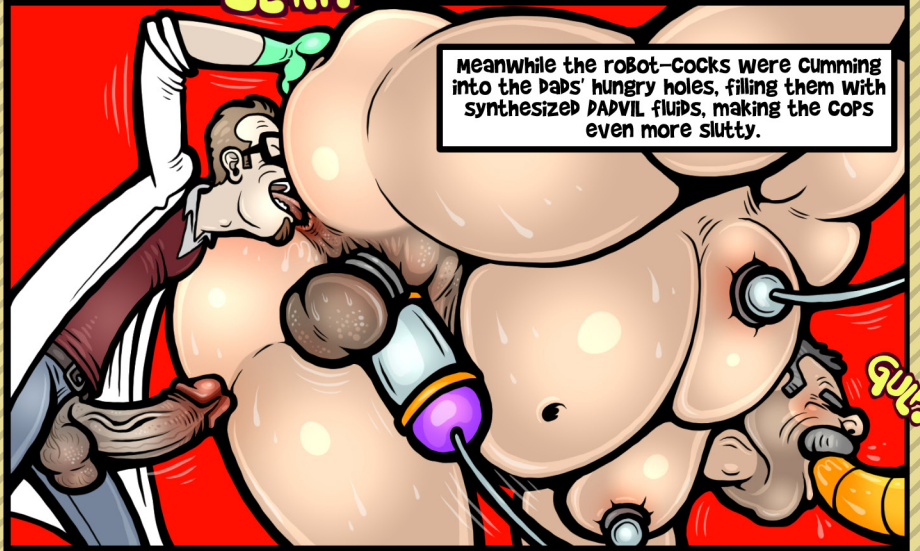

FUCK YES! IT TASTES SO GOOP!

The Doctor and his assistant ate greedily all the DabButts...

Alex, please, now help me to rim the Sheriff's ass, it's the biggest one!

Meanwhile the robot-cocks were cumming into the Dabs' hungry holes, filling them with synthesized PAPVIL fluids, making the cops even more slutty.

Yes, Doc!

The two shared the Sheriff's ass...

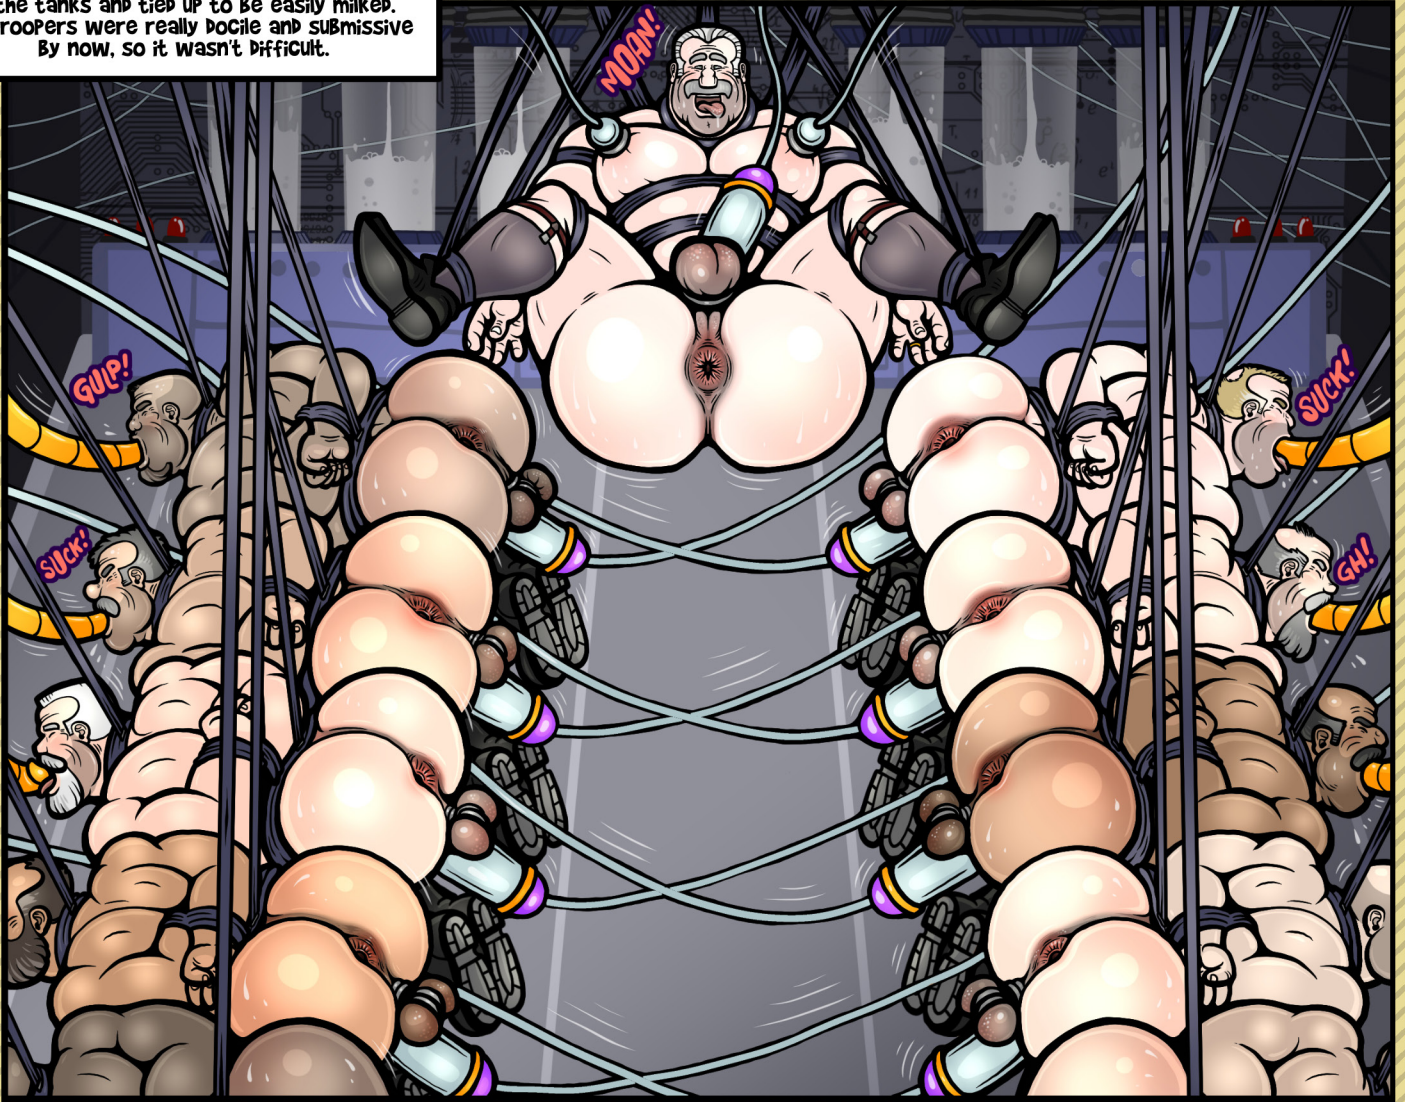

...Rimming him over and over, while he was Diligently swallowing robot-cocks!

Look, Alex! His hole is so greeby!

Afterward, the Dads were moved into the milking station, where they were connected to the tanks and tied up to be easily milked. The troopers were really docile and submissive by now, so it wasn't difficult.

Their assholes were exposed, so Alex and Doctor Hoover could abuse them while they were milked.

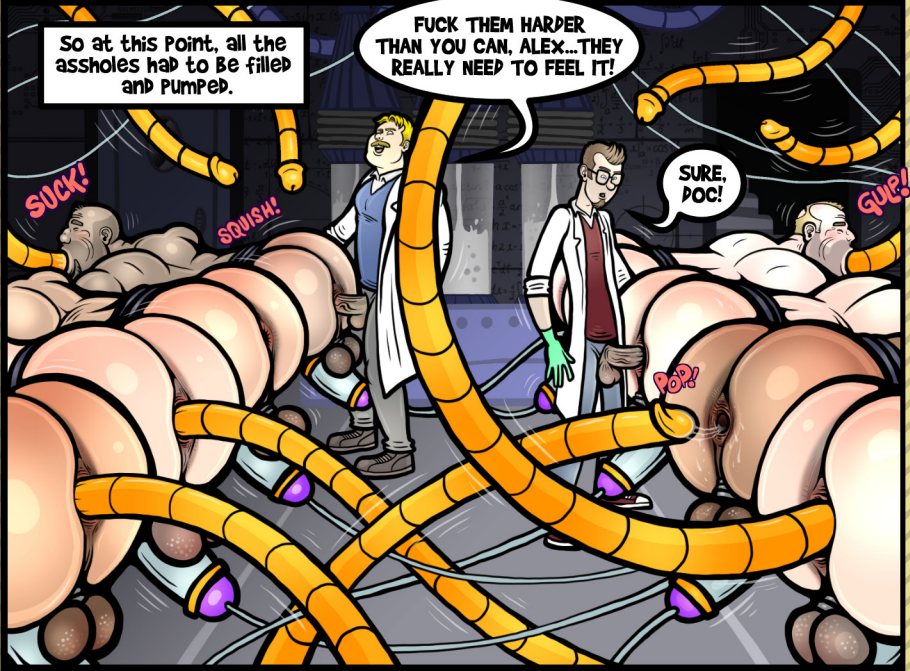

In fact, daddies produced more dadmilk if they were fucked during the process.

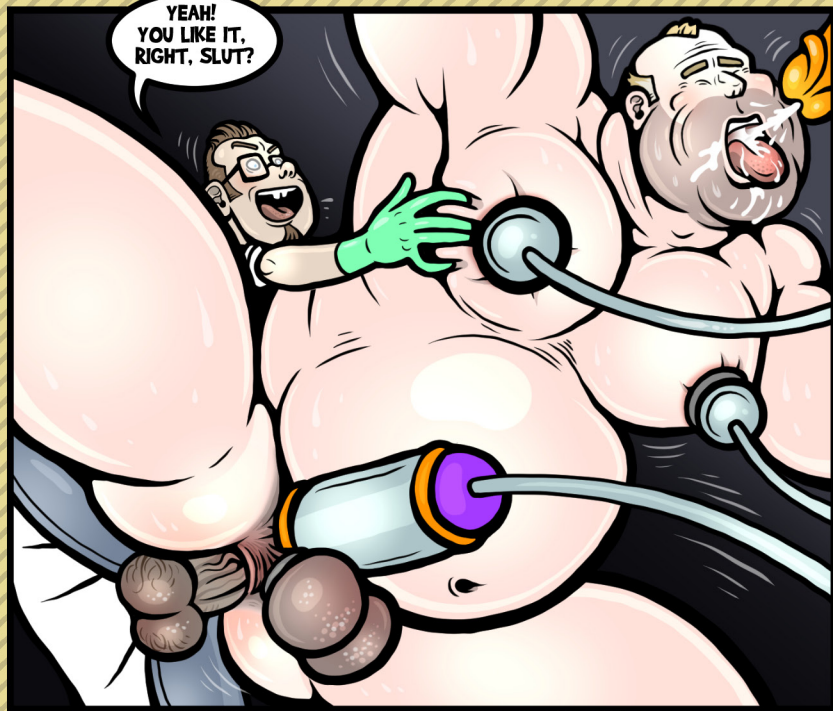

The robot-cocks were programmed also for this function.

So at this point, all the assholes had to be filled and pumped.

The tanks were getting more and more full, while Sheriff Schmidt and his troopers were moaning like sluts.

The cops were at the mercy of Doctor Hoover, Alex, and the LAB.

SUCK!

SHORP!

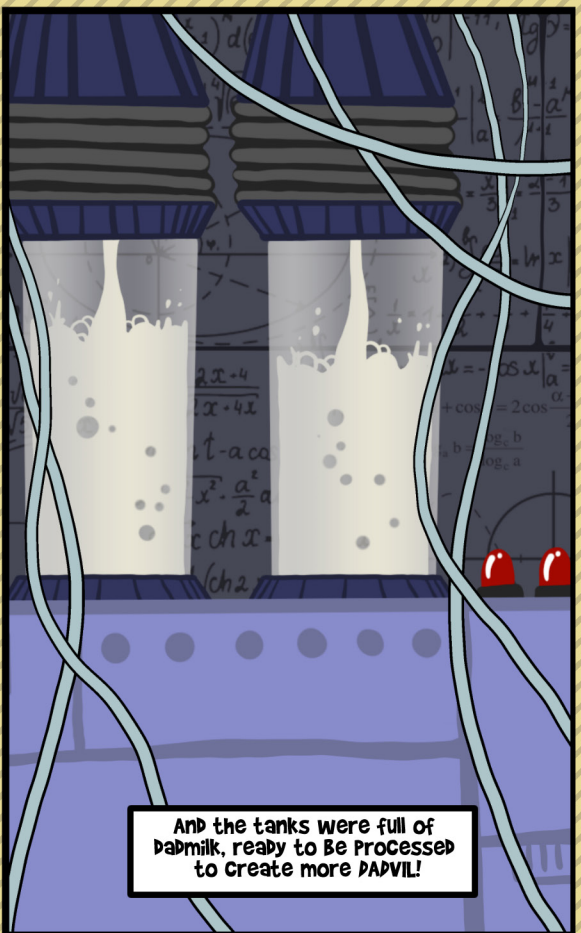

Their tits were swollen and dripping Dabmilk, their Big asses and hungry throats were wrecked and being filled with synthesized Cum.

SPURT!

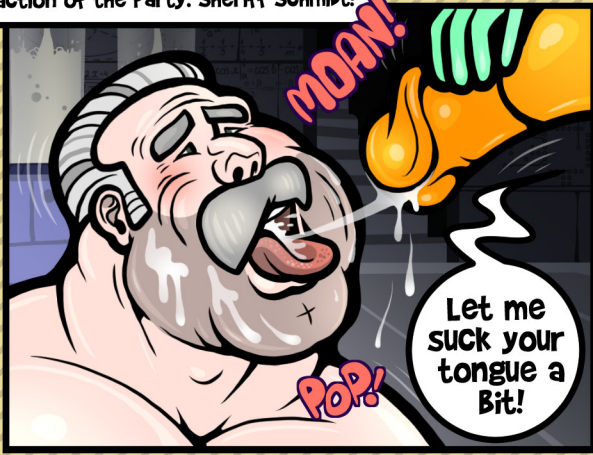

SHORP!

Their Belly were growing, full of all the fluids that they were swallowing.

And the tanks were full of Dabmilk, ready to be processed to create more DABVIL!

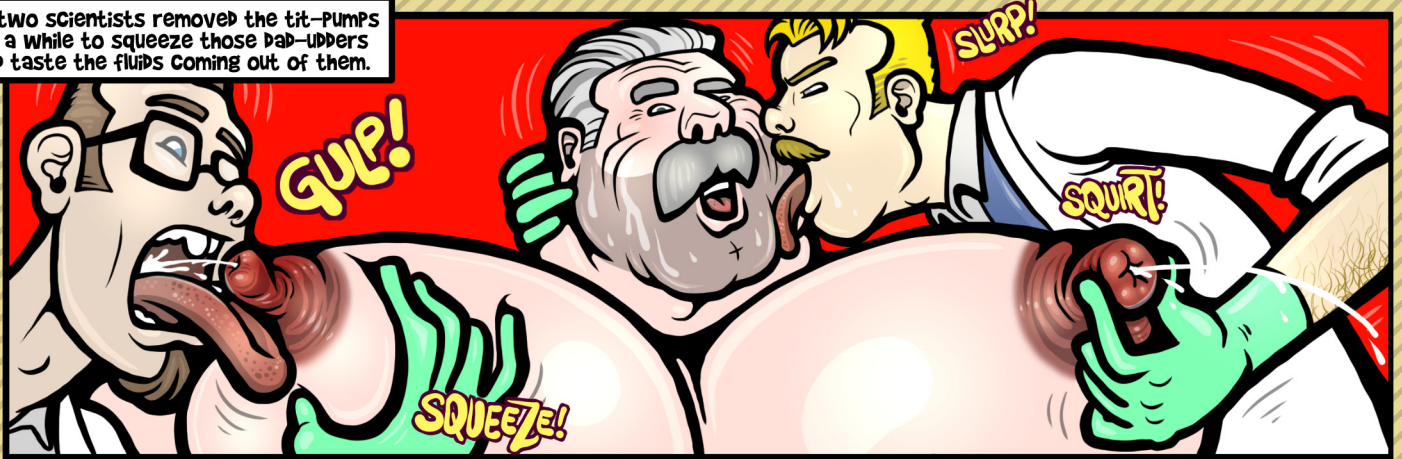

At that Point, Hoover and Alex Decided to focus on the main attraction of the Party: Sheriff Schmidt!

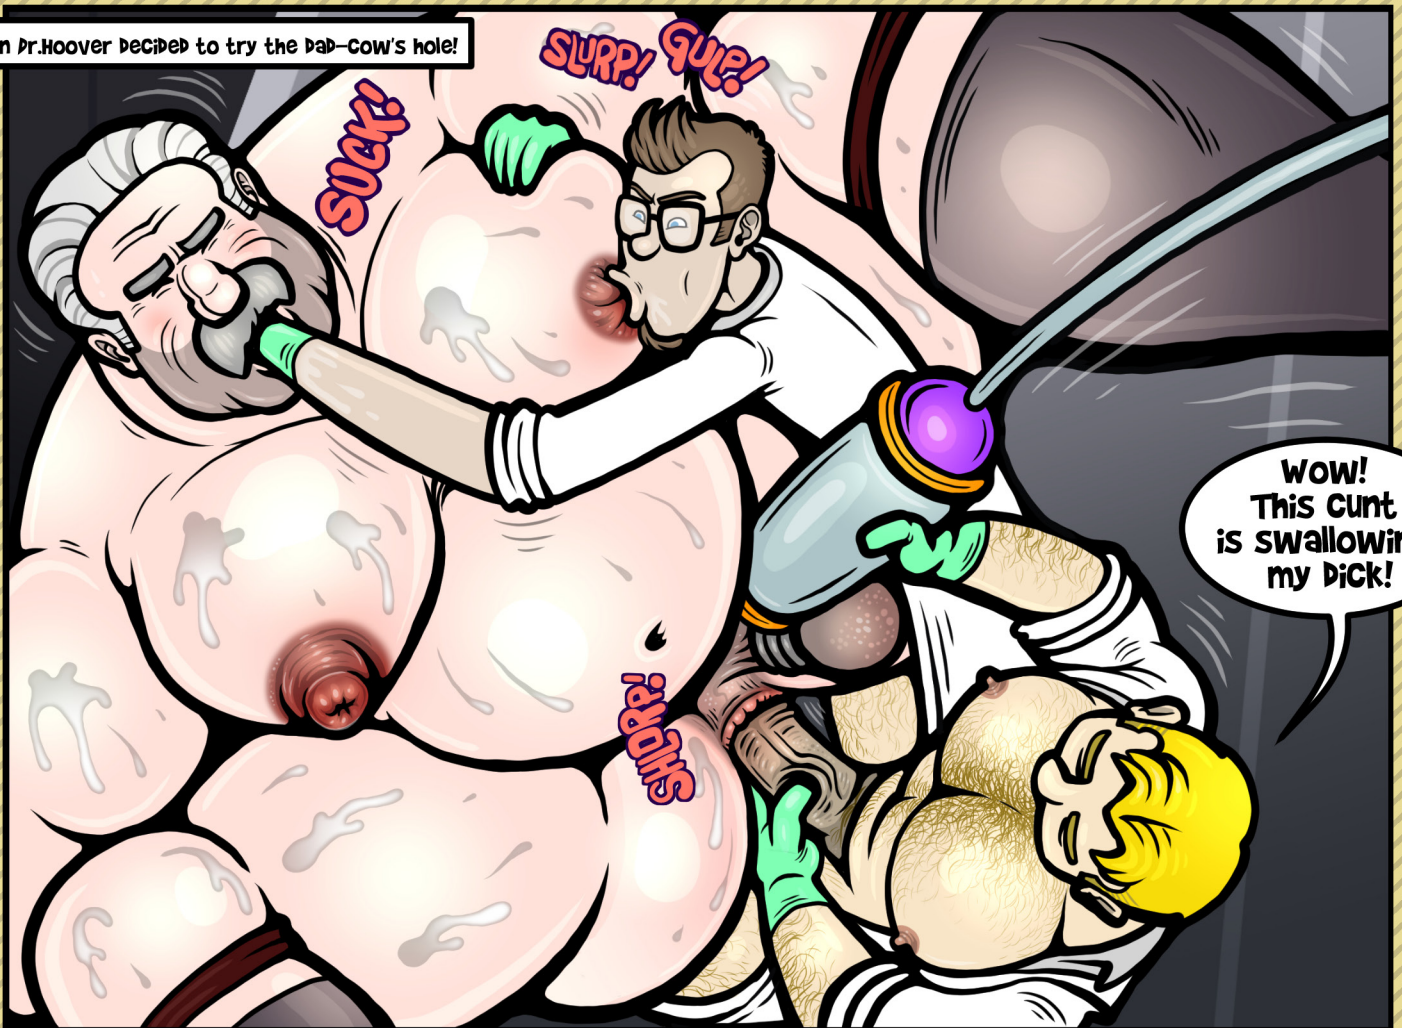

The Big man in fact responded very well to the PAPVIL treatment, Producing the Double the PAdmilk Produced By an average Pab.

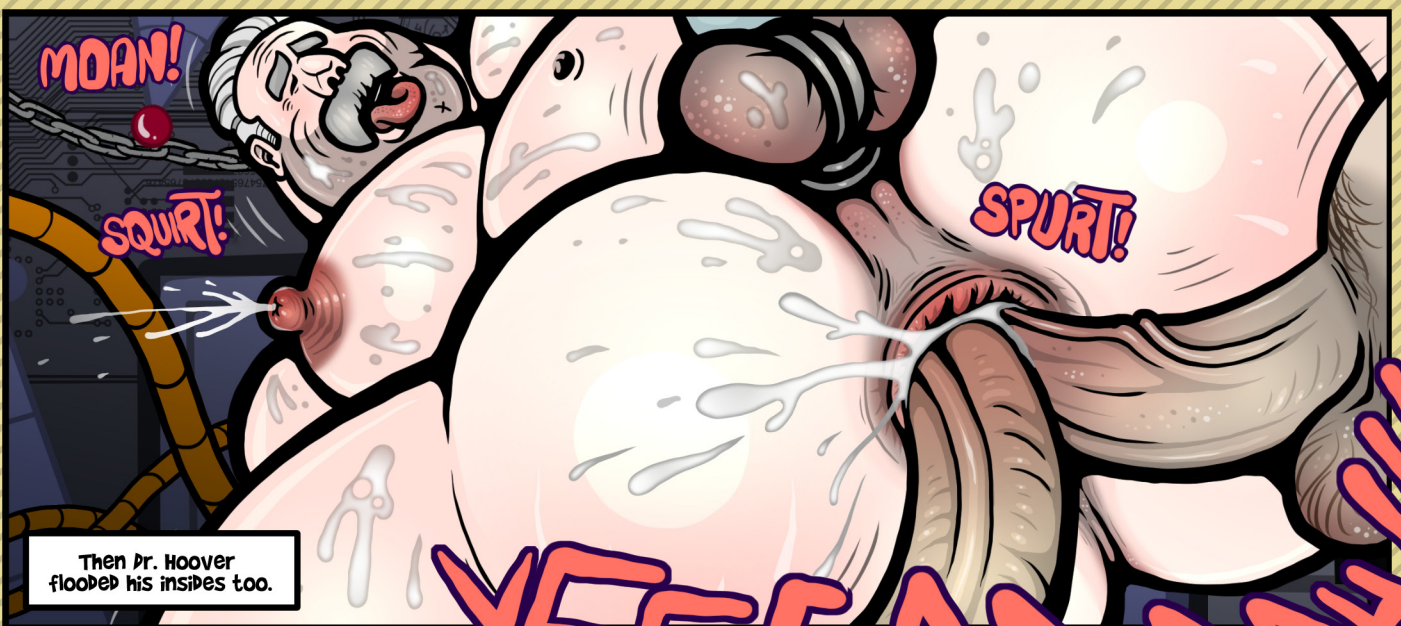

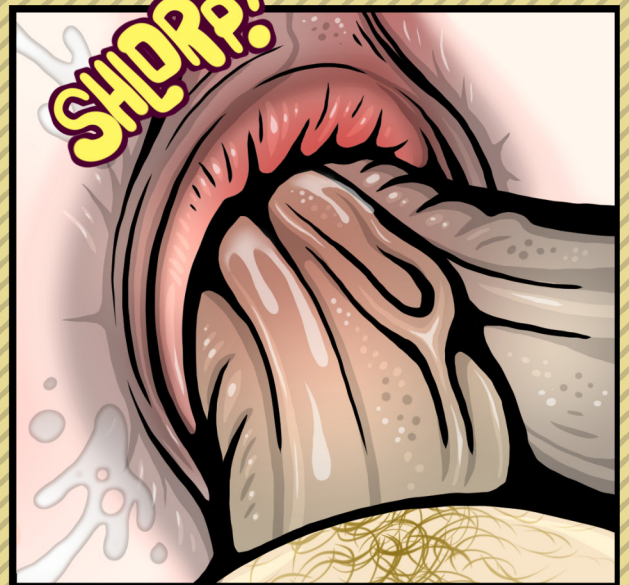

The two scientists removed the tit-pumps for a while to squeeze those Pab-ubbers and taste the fluids coming out of them.

Then Pr.Hoover Decided to try the Pab-cow's hole!

They had a lot of fun with the Sheriff's Body for a long time, exploiting it to the limit! In the end, they double fucked their specimen.

What a Day in Dr. Hoover's. Lab!

Meanwhile, Chaos and anarchy exploded in the streets of the Downtown FreeBoPolis.

Panny and his gang of PAPPFUCKERS were ruling the City, most of the Cops were Busy in Dr. Hoover's Lab, so nobody was Controlling them.

The Boys were skating in the middle of the street, listening to loud music, playing football, and vandalizing the walls and windows of the City Center.

The inhabitants of FreeBoPolis were also denouncing harassment and pranks of the Boys, mostly towards the Dads of the City, of course.

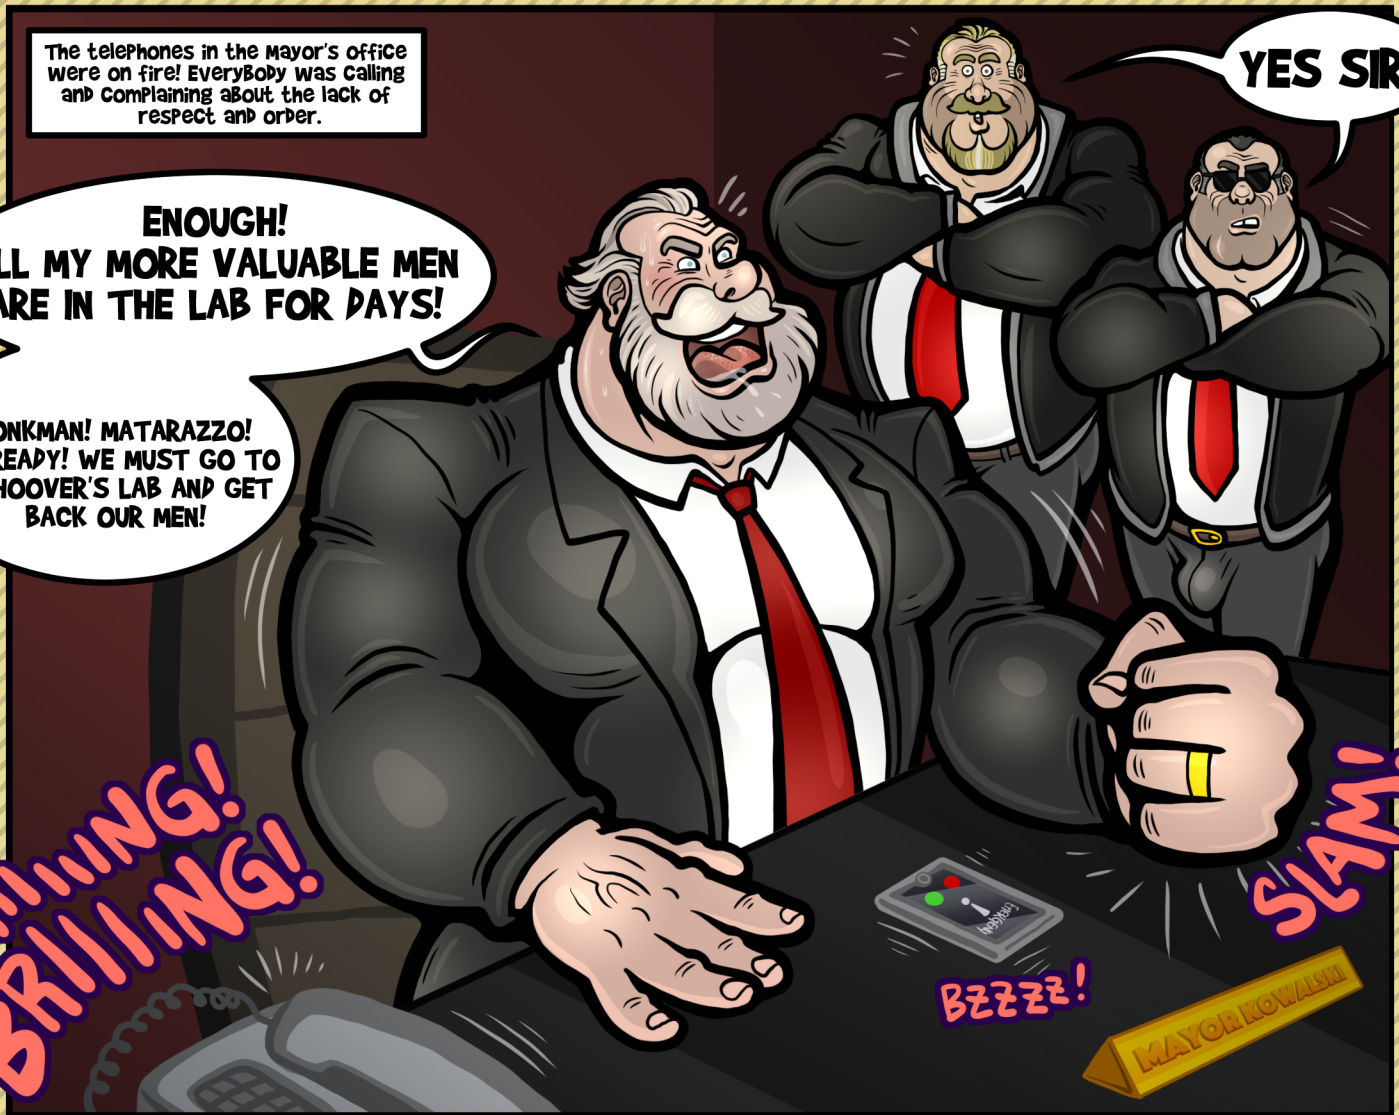

The telephones in the Mayor's office were on fire! Everybody was calling and Complaining about the lack of respect and order.

**ENOUGH!
ALL MY MORE VALUABLE MEN
ARE IN THE LAB FOR DAYS!**

**BRONKMAN! MATARAZZO!
GET READY! WE MUST GO TO
DR. HOOVER'S LAB AND GET
BACK OUR MEN!**

**TO BE
CONTINUED!**
