A woman with large breasts is shown from the chest up, wearing a yellow bikini. She is standing on a rooftop with a metal grate floor. In the background, there are city buildings and a large red structure. She is holding her breasts with both hands. A speech bubble is positioned to the right of her chest.

*Are you all sure
you can handle these?
They feel sooo heavy to
me and you all are so
much smaller. They
must look huge!*

A 3D rendered character with large breasts and a speech bubble. The character is a woman with large, exaggerated breasts, wearing a yellow bikini. She has a speech bubble coming from her mouth. The background is a bright, outdoor setting with a cityscape and a large, fluffy object in the foreground.

Growth spurts usually improve my mood... but seeing so few of you here, I must say I am a bit dissappointed.
