

It does seem like
she's slowly opening
up to me

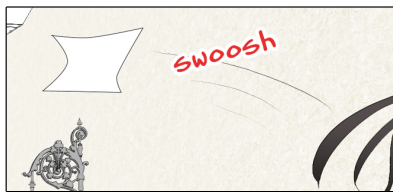

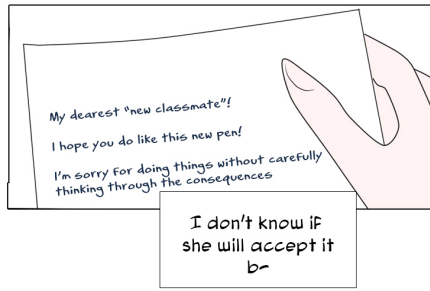

Come to think of it,
Jung Aerin is just
a child who yearns
for her mother's love
after all

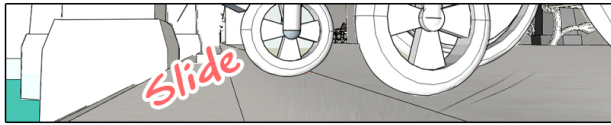

If only
I hadn't messed
up with her that
time,

Perhaps things
would get better
between us

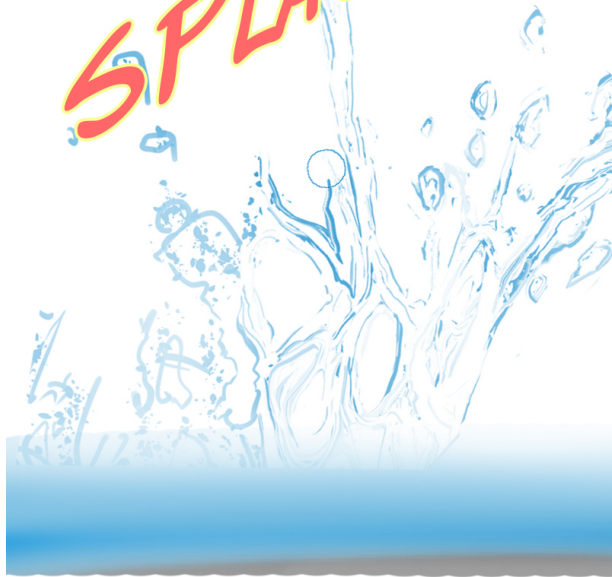

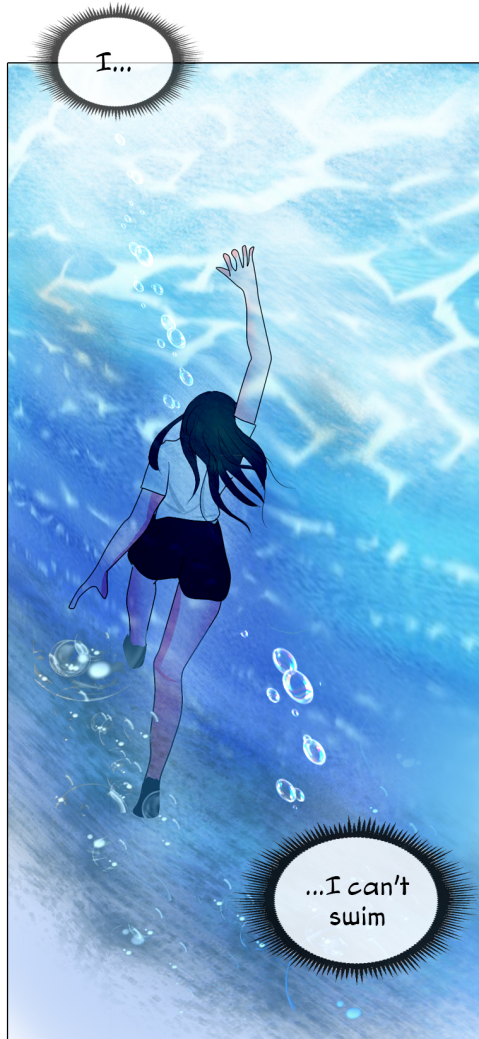

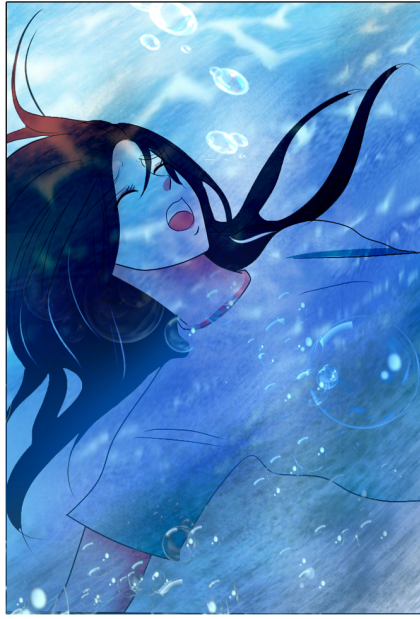

H...haiz!
It flew away....

SPLASH

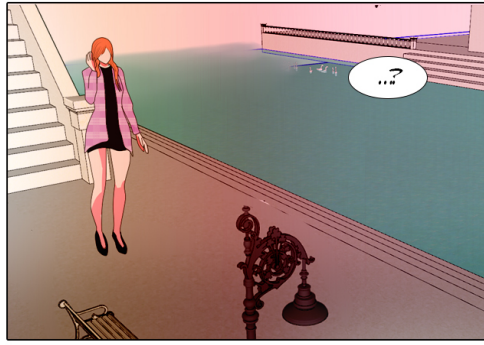

It's
Jihyun unnie
who I like

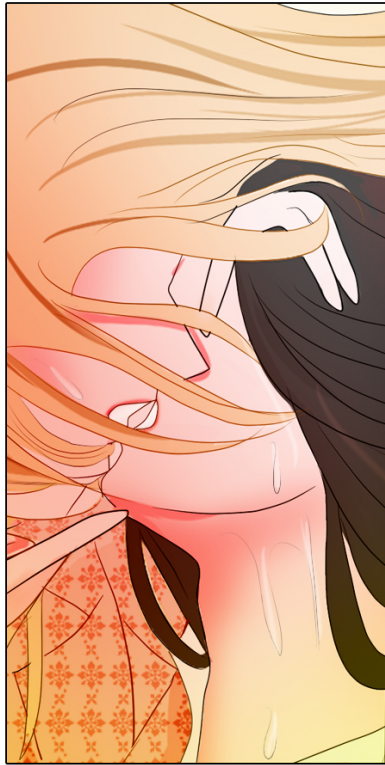

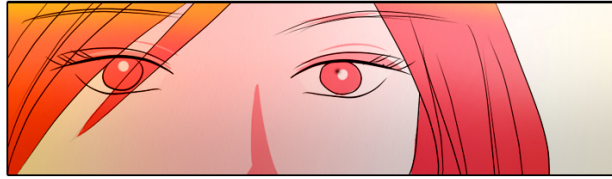

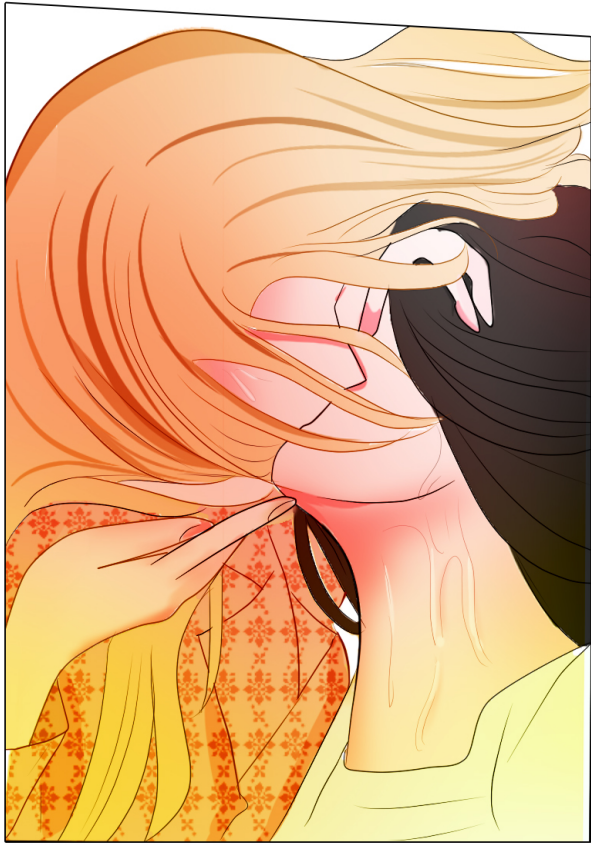

Why should I feel disturbed at such things to begin with?

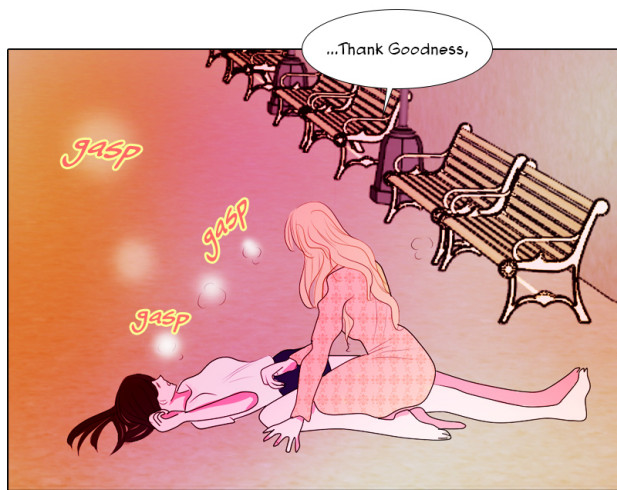

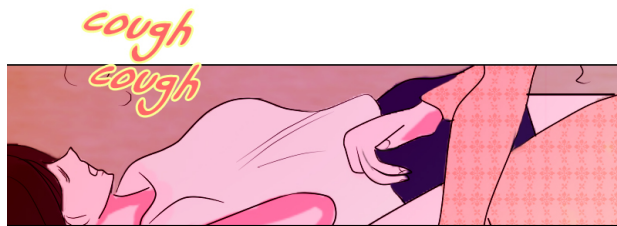

Right, I must be out of my mind

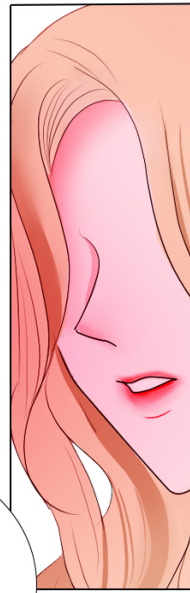

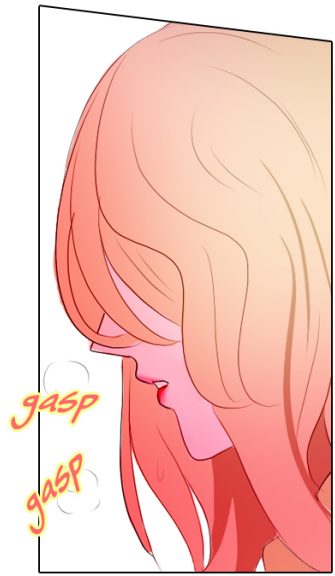

...What happened to her?
