

# THE GOVERNESS

MADAME ELIZABETH

STORY BY LILGUY  
ART BY ZGANNERO

Madame Elizabeth sat on her comfortable chair in her mansion in front of a fire. She was relaxed and happy with herself today. She accomplished something grand. Right now, the phone was ringing off the hook. A Great Detective had gone missing. The Detective was known as Charlie Bishop. Charlie had been investigating a string of disappearances and seem to have become a victim himself. Being the Mayor of this city people wanted an answer

"I assure you I will do my best to find him. I will use my wealth and power to find him. No stone will be unturned" Madame Elizabeth Said

"Thank your Mayor. What you think could have happened to him. It has been two weeks. Wonder if he is still alive" The District Attorney on the other end said "Well as brilliant as he was, let's face it, he was rather reckless," She Said

She put her fingers between her legs. One Leg was on the footrest showing off her thick and gigantic thighs. Thighs of pure muscle from decades of working out. At 64 she was a powerful woman in both influence and physique. Her calves were amazing, it took two hands for her lovers to worship them. She had spent her life turning her body into a machine, built for muscle and chest. Elizabeth was always a big girl, standing at 6.6 she turned her body fat into a solid steal. She took her mind and body to the limits, slowly turning her body into a weapon. She pushed her fingers deeper in as she moaned. Her legs had long stocked. Her Juice dripped down the chair she was on and deprave satisfaction.

"I don't know if Charlie can take care of himself," The DA Said

"Yes, but whoever he was going after was quite dangerous...Mmmmmmm and powerful," She Said parting her pussy lips

She had a tight corset around her thick abs and her breasts were large and full. She took a sip of her wine a bit bringing some blushes into her cheeks. Her hair was gray and put into a nice Bonet. Even at this age, she was a stunning beauty. She did not have youthful looks ever. She had always been a rugged beauty. She felt like a cougar before she was in her 20's

"I do my best, but I will warn people from now on. Don't want anyone else to go missing" She said "In the meantime, I will try to keep the press at bay so no heat will come at my Darling police"

She spoke in a nice grandmother-type voice, smooth and sweet. It had a motherly tone that put people at ease. It relaxed people and put her on her web. She ended the conversation and lit a cigarette  
"Mmmmmmm," She said sucking in the smoke

Her arms had fishnet gloves that went up her arms stopping under a massive biceps. Her breast was full at least a large G cup. They were firm with thick nipples. Her lipstick was red bringing attention to her mouth as she spoke her seductive words. She oozed wealth and power. The high heels she was wearing were 2 grand and fit with her large feet. She had it made just for her. Around her neck was a diamond necklace that was worth a fortune. Her nails were high manicured by some boy toys she had. Her earrings were that of a cross with diamonds around them. She didn't wear perfume that day. She preferred to have her musk and pussy Juice that came in to attract her prey. On her nightstand was an open box of cigars. It was shipped overseas. Some of the best that money could buy. She took another drag as she blew out the smoke like a dragon

She flipped through a photo book of missing people. She enjoyed her work tracing her finger down the book. They were polaroid. Her window had shade on it and was locked. Only she had the keys. It was also bulletproof. Her place was a perfect trap. She had designed this mansion herself, secret rooms, and escape routes. She was inside HH Holmes as well as several Japanese sex dungeons. Her intelligence may have been Genius. She knew how to manipulate the builder so they wouldn't talk. First, she learns several languages so she can hire house builders in groups. Each group spoke a different language. She saw her glass go empty

"OH BOY," She Said "Oh boy

In the room came Detective Bishop. Bishop had shown up at her house. He was gathering clues and started to expect her as the kidnapper of men. She had gotten away with it for years being a criminology expert. He found some clues that led him to her. He was expecting fear, but she was quite happy. She laid out the clues knowing that the poor boy in cockiness would be foolish to a goal. Young men were always headstrong and overconfident. Never expecting a woman could beat them. They never knew when danger was over the corner

When she closed the door, the fear had sprung in. She saw how much taller and massive she was compared to him. She hid her muscles in suits. When she took it out, he saw how unbelievable her muscles were. She looked like she was cut from marble. Her muscles were bigger than his head. He had dealt with dangerous people before. He saw it in her eyes. It was too late. She grabbed her. Elizabeth had been doing this for decades. She was trained in several martial up and grappling techniques. She made quick work off him and spending the next few days, using sex, pain, and phycology. She rode his dick over and over exhausting him. She used her toys on them dominating him on every turn. When his cock wouldn't satisfy, she used her strapon to peg him. It took 4 days to break him. Everything else was just overkill

"Hurry up boy"

He came out nearly, a small chip and dale type suit. His bare chest was exposed showing a hairless body. There was a flap covering his massive cock. Bishop was in decent shape. Skinny compared to her. She smiled admiring him as he brought out the cart

"You should have been a faster boy," She Said

"Sorry I wanted to make sure I didn't....

"DID I ASK TO HEAR YOUR EXCUSE BOY"

"Please Goddess I'm sorry"

He had trouble looking at her. She had a savage beauty that was so intense that it was like tearing into the sun. It was blind. The look of her muscles and what it could do to him sent an icy chill of fear up his spine

"Maybe I have to remind you of the beating I gave you. Seem you have forgotten"

"Please Goddess no More," He Said

He got on his knees and kissed her feet. She smiled looking at his weakness in delight. She snapped her fingers

"Open the windows boy. This early in the day we can have some light"

He did as well letting in the light shining across her body. It gave her tits a nice halo. Except for her breast, its seemed her body was mostly musclucar. She put a leg up on the leg rest and her shoe against it. She let the smoke float in the air and let the air of anticipation float. He stood there for her to admire  
"Pour me a drink," She said  
He made her a cocktail stirring the liquid his cock was rock hard. She didn't have to worry about her pets running away. She made them love her. Once she rode their cocks and drain them, there will was broken. His hand shook as he handed over the glass.

"Do I frighten you boy?" She Asked  
"Yes Goddess," He Said  
"Yes"

She laughed. It was a sultry laugh. Her voice didn't match the nice granny voice before. It was deep and sultry. It was lace with seduction and a hint of menace. At any time, she could use her muscles to crush. She took a sip of the drink

"Mmmmmmm Good, a nice mixture. You are a learning boy. I see your cock. It was stiff as a rock. Tell me, boy. Do you like being frightened" She Said flexing, making her bicep pump

"Yes Goddess"

"What does that make you boy"

"A SLUT goddess"

"That's right a slut for muscle. I believe that every man should properly be aware of his place in this world. And that place is below women like me little boy. You played kid detective to end up as my Pet forever"

"Yes Goddess"

"Going to have eaten my Pussy. My Pussy isn't clean-shaven as you know. Not like those silly girls you probably Jerked off to. My pussy thick and the hairs trap the smell. You know you are going down on a woman when you get hit with that scent. The scent will soak through every pore in your skin. You will know your mind. Other bitches will smell my scent on you and stay away. You will smell the glorious scent of my cunt for days"

"Yes Goddess"

He was turned on. His cock was getting thick and encourage with blood. Pre-cum dripped out of the cock head. She stood up and presented her pussy as she towered over him

"On your knees"

He got to position in front of him and sniff the air smelling her glories and all-encompassing smell. He started at her cunt like he was looking at a deep magical cavern. Her Legs were big enough to get lost in...

"If you're going to live as my slave, you're going to have to get used to being on your knees and eating my pussy"

"Yes Goddess"

Tears ran down his eyes as he looked up

"Ahh, why you are crying little men. Tell me"

"It just that you're so beautiful. You're a Goddess"

"This is truly my little boy. You like my pussy hair.

Less gray than most. Want you to dive in. Lick good and maybe I won't give you as bad a beaten"

She said

"Yes Goddess"

She was getting wet already. He made sure to add a lot of saliva to it. It was how she liked it. She guided him to where she wanted him to go  
"Suck...Be a good boy. CHOKE on my Clit" She growled  
She took another sip of her wine as she ground into him  
"Fuck HIGHER...LOWER," She Said  
She was enjoying humping his face fucking him without Mercy. She found herself getting close. She grabbed his hair  
"You be down there for hours if I need you...UNDERSTOOD"  
"Yes Goddess," He Said  
The scent was overwhelming. She dripped on his face

She flexed her arm for him as smoke blew from her mouth. Her biceps showed thick veins. It was muscles that surpassed most bodybuilders. It was unearthly. He started to lick her cunt while she smokes her cigar. She exhaled the smoke in the air as his tongue went up and down against her pussy lips

"Right there boy," She Said

He explored her pussy with his tongue. His knees were sliding against the wooden floor. The room was made for men to eat her out.

"Mmmmmmm Yes that is my Darling boy. Eat Mommy's cunt"

He did as told licking deeper. He found her clit and licked and sucked. She closes her legs around him.

"That's it," She Said with a growl

"Yes boy...you quite a quick learner when you're scared. Having you shaken in fear is like having a vibrator against me"

"Ohhhhhhhh You taste so good"

"Rub your soft face against my cunt and suck," She Said

He rubbed her strong thighs and felt the steal feel. She was an amazon. She clenches her big fist knowing she could punch through him

"Yes goddess," He Said getting more turned on His cock pulsed. He was close to cumming just from eating her out. All sense of shame had left him. She knew he was a dog compared to her.

Knowing this she put a heel against his balls

"No teeth now unless you want them knocked out"

She took another few puffs of her cigar as he ate her out. She started to touch her tit enjoying the power.

She squeezed her large and firm breast. Breasts that she was proud off

"yesses...yesssssssss," She Said getting close

She felt the blood pumping through her legs as she rubbed her tits fast. She loosens her legs a bit as he sucked on her clit

She put her head back and moaned. She closed her eyes as she felt her heart beating stronger. She let out a grunt and started to cum.

"Yes, suck up my Juices"

She squirted on him. She held him against her cunt as he was forced to suck up to her Juices.

"What's The matter little man is it too much for you," She Said

"Yes, so much"

"Big girls make a lot of pussy Juice," She said She was feeling the aftereffect of a climax as he kept sucking. She raised her hand and slapped him across the face

"Look at you covered in my Juices...PATHETIC," She Said

"Sorry Goddess," He Said

She turns around showing off her plump ass.

"I am not done with you yet boy," She said taking another smoke

He meekly got up

"HURRY UP BOY," She said

She grabbed him back to his knees by his hair and forced him to kiss her ass

"Kiss each cheek"

"Yes Goddess"

He started kissing each one. Her ass was thick and firm. He licked the sweat off her ass cheeks as she laughed

"That's my Dirty boy," She Said

She then pushed his face between her ass cheek smothering him. He struggled for air, but she had his arm pulling him deeper

"Lick my asshole slut" She Said

His tongue pushed deep in. She moaned with pleasure as he did it. His face was turning blue. He was tapping her ass

"You TRYING to tap out" She laughed

She wiggled her strong butt cheeks against him. He was starting to panic

"I am not some paid dominatrix. I am not here for your FANTASY boy. You here for the mind. You're a SLAVE. A toy. A dick for me to use and toss out whenever I desire. You are LESS than nothing" She said

She started to finger herself and rubbed her clit. She let him gasp for air before putting him in. She grabbed his hand and slammed his face over and over by pulling on both hands. It was like being hit next to soft steal

"Fuck" She moaned  
She smothered him for a little bit more now

"Yes, my ass to DIE FOR!!!"

She laughed and then pushed him off

"That's the last time you breath till I cum boy. You better hope I cum fast"

She pointed to her ass as he was gasping for Air

"Come over here NOW!!!"

He did as told licking like a wild man. She liked the fear and desperation. That was when having a human pet was at their best. No pet left the house of the Governess.

"Yes, baby deep into my asshole," She said

She rubbed herself with four fingers. She flicked her clit, and she drank from the bottle. She grinds into him

"Yes Almost," She Said

She took her time stopping when she wanted to prolong. Her lips quivered as she got close. Her ass slammed into him as she started to cum nearly snapping him. She cried out as the multiple climaxes went through her body

"That was a good boy," She Said

She tossed him down as he gasps for air. Her foot was raised as she stomped on his body. Charlie cried in pain

"Pathetic," She Said

She looked down

"Some of my Juice on the floor LICK IT UP"

"Yes My Goddess"

She watched with great interest as he did as told

"Tell me boy how is it to be so Pathetic"

"I don't know Goddess"

"You don't know. You aren't a very smart slave are you"

"Yes, Goddess. I am not"

She put a high heel on her back. He felt a heavy weight on him.

She pointed down to clean up her Juices

"Some of your pre-cum in there isn't it slave"

"Yes Goddess," He Said  
"You will never see the outside boy. You're a HOUSE slave. If you ever need to travel you will be tossed in a van. Your life belongs to the GOVERNESS now. Understood"  
"Yes Goddess," He Said  
She sneered at him, shame and smirk went across the beltful face. She wasn't going to be done with him for a while.  
"Make the floor shine boy," She Said  
When she was finished, she grabbed him by his hair and lifted him by his neck. She was choking him with one hand. His feet dangle. She flexed her arm  
"Look at me. Look at my POWER"  
"Ohm fuck Goddess," He Said, his eyes with awe  
"Could snap your NECK like a twig"

She was choking him till his face turned blue. She slammed him on the ground. Hard enough to shake him but not to crush his head. Her foot slammed down his chest holding him down

"Tell me boy do you LOVE me"

"Yes Love...you with every bit of my heart," He Said, his eyes filled with submission

She looked like a towering goddess from this angle. She flexed both arms letting the sun hit them. It looked like two rising suns over two mountains of muscle. She smiled down and looked at him

"How SWEET. Young little men were so quick to fall in love now a days. Men in my day fought wars, they lifted weights. They weren't pretty Pondexter like you, my tiny detective. They were manly. Large muscles. BIG COCKS. But I guess I'll have to be the man here"

She smiled looking down at him. He tried to get up, but her weight was too much for him. He looked up admiring her abs with a long vein going down them. It was so thick and define it looked someone could read brail on it. The sweat was collecting into the groove of her gloves.

"Look at you. I can wear you like a belt"

"Please Don't hurt me, Goddess"

"Oh, I am going to hurt you. But a little slut like you will like it. You made your best when you started to investigate me. I am unstoppable. A Born Goddess. These legs took me years. Year after year I slowly watch my Gains get build like an oak tree" She Said

She took his foot off him and made him gasp for air as the massive weight was taken off him. He looked up in amazement

"Look at me," She Said

He looked up and her droplets of pussy dripped down on his face. She rubbed herself and she puffs on her phallic cigar.

Her Juice lips wrapped tightly around it as she took a drag

"Look at this WET, soaking pussy. My Clit probably bigger than your dick." She Spoke

Some of the droplets hit his mouth as he was starting to suck on the juices savoring them. He moans as she pressed her foot against his balls

"You're going to worship my cunt boy. You're going to worship or these great muscles of mine will tear you apart"

"Yes, My Goddess"

His cock was raging against. He saw thick veins on his cock. Charlie saw the madness that it was to ever try to challenge this good

"This is a lot of pussy for you little boy," She Said

She was rubbing her clit. She had two fingers rubbing her clit back and forth over her. She was licking her and making her enjoy every bit of it. He looked up in awe with fear and lust. She sat down on his face putting her whole weight

"That it boy lick it," She Said

She moaned as he licked her hungry clit. Her pussy covered his face as she squeezed his legs around him slamming him down on the ground. The wooden floor made them slide back and forth. His face was turning blue as she squeezed. She saw him struggling

"What's the matter am I too heavy?"

"Yes," He Said, the pussy muffling his voice

"What I can't hear you," She Said rubbing her pussy against his face

She used his tongue as a sex toy humping his face. He tried to part her legs but couldn't. It was like trying to push two metal walls. The legs were about to crush his head. "Fuck...yesss" She moaned

Her thick clit was pushed into his mouth. He ignores his pleas

"What was that boy," She Said

"You're crushing me"

"Ohhhhhhhhh Am I," She Said blowing smoke in his face "too bad"

She started shipping him more making herself get closer to cum. The scent was overwhelming. She bit her lip and closed her eyes.

"That's it CHOKE on my Clit...you little fuck"

She started to feel a shock of pleasure go through her. She started to play with her tits as she was grinding against him

"Mmmmmmm that feels so good," She Said

She puts out her cigar and grabbed another one. Elizabeth took light, put the cigar in her mouth and lit it up. She blew the smoke in the air and then sucked it in. Her pussy was getting wetter. Charlie knew she was close to cum "Yesss" She moaned She started to cum making him suck her Juices

"Yes, Drink it up you little slut" She Said

She spat in her hand and then took another smoke. Elizabeth grabbed his cock taking it. She was playing with his shaft and rubbed her fingers against his shaft. She gripped his balls making him moan. She pressed her fingers against her taint

"You that baby," She Said stroking his cock

He moaned. He was so excited that it wouldn't take long. His cock was pulsating as she is stroking his cock and gave it a nice squeeze. Her hand was big and made his stuff cock look small in comparison. She played with it and enjoying the feel of it. Her lust seems endless helping his face and spreading her Juices

"Looks like you are about to cum already"

She laughed as his cock shot out long ropes of cum. His body shook with intense pleasure. It was the top of pleasure few men could have. It was wild. He felt like he was floating in her air. She continued to stroke his sensitive cock. He tried to get her off him, but he could barely move. His lungs filled with her Juices.

"Your face looks so cute glistening in my cum boy"

She played with her tits enjoying the power she had over him. He was her's. She would be his world. His moon, his sun. He shall only eat or drink when she allowed him to. Only cum when she allowed him to. Elizabeth was the north and the south. All direction led to her. His dreams would be filled with the thought of her. "You serve me now don't you boy" He was passed out. She slapped him away as she squeezed her thick nipple. She stroked it as she grinds against him "Wake up you little wimp"

He was groggy. The climax had taken out of him. His cock was still hard again

"I OWN YOU NOW RIGHT BOY"

"Yes Goddess"

"Fucking little welp. You're useless slut. I have to train you now" She Said

There was still a long droplet of pussy Juice landing from her pussy. It hit his face. She took a sip of some wine

"Kicking your ass makes a girl feel thirsty," She Said drinking down the bottle

This was the joy of being a powerful woman. People bowed to you and you could take great pleasure from them. She put the bottle down and smoked the cigar

"You know they say this is bad for me. But guess what when you are in good shape as I am you can get away with it.

"I don't think I can take anymore"

"Think I care boy. And don't you dare wipe my Juice off your face"

She stood over him dripping with sweat She spread her legs.

"How you enjoy your meal boy"

"I loved it," He Said

"Tell how you feel being crushed by me"

I feel. I feel helpless" He moaned

She laughed. She stood over him for a minute letting him breathe in the scene. That was when she lifted him. She held him in his arms. The older woman places a nipple in his mouth and had him suck it as she stroked his cock

"My Sweet baby," She Said

She rocked him back and forth as his arms hung down helpless. She moaned in pleasure. It took no effort to carry him

"That's my baby. So weak and helpless. Was the big mean governess mean to the little baby?" She Said in a soft tone

"Yes"

"Well too bad. Because little slutty babies have to be punished or they run astray and get into all sorts of trouble. You have to lean cuz you no longer have a choice

He started to shake. It was like tying up a hose. He felt the pressure of his cock building ready to explode.

"Is my little wimp ready to cum already?" She Said walking around the room

"I am sorry Goddess. Sorry I am such a wimp"

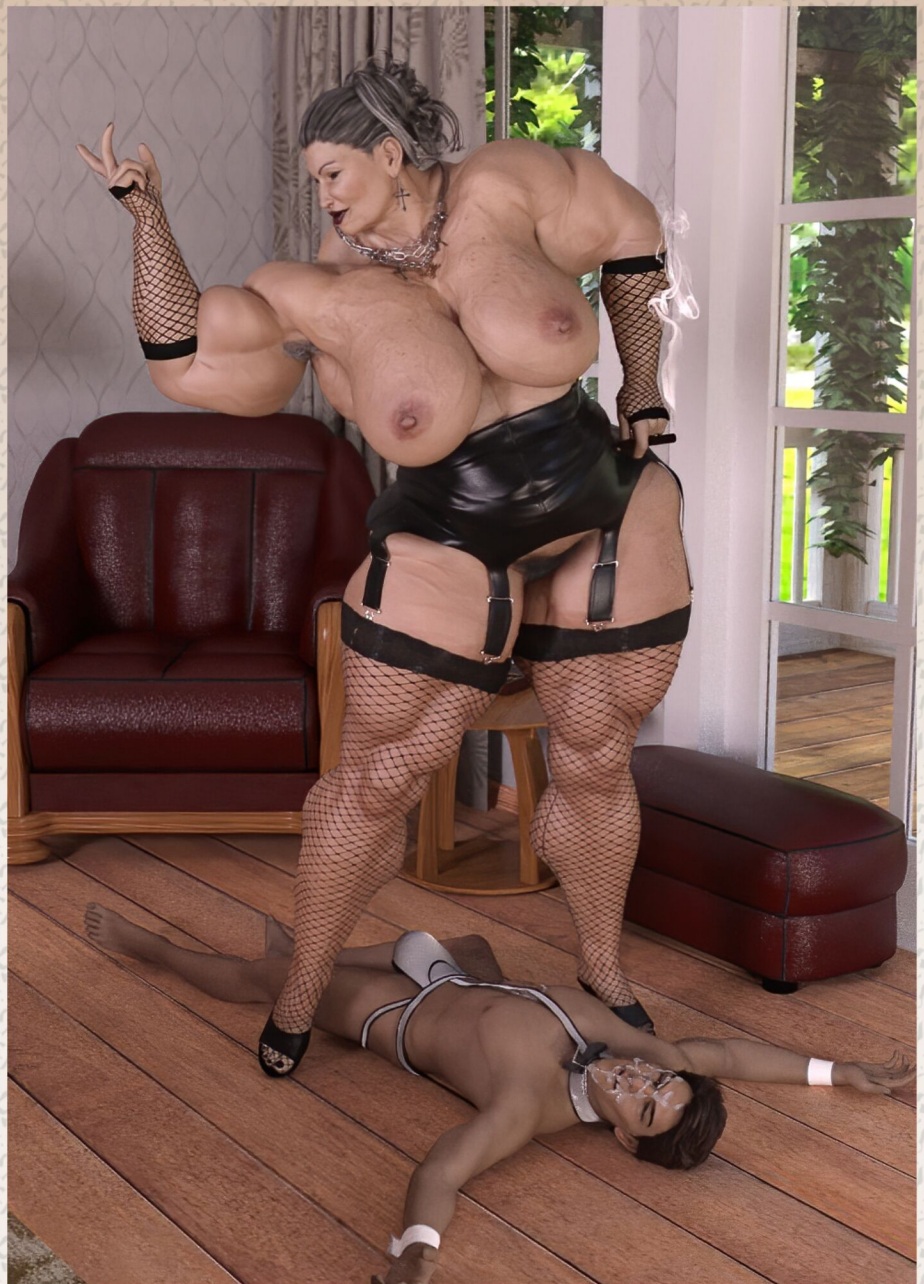

"Ohhhhhhhh You can't help that. I like using worthless little wimp like you. I like breaking them and showing them their place" She Said Stroking "Cum for me"

His cock shot out long ropes of cum. He cried out in intense pleasure.

She lifted him with great power over her head and slammed him down on her knee.

She then let him drop on the floor in pain. She smiled looking down at him

"LOOK AT ME AND BEHOLD MY POWER!!!" She Spoke

She flexed her arm showing her massive power.  
"You know you aren't the first one I hunted. They all end up the same. They all bow to me" She Said  
Her muscle was crazy huge. His mind just couldn't comprehend. She was taller and bigger than anyone he has ever seen. He now knew she had never been caught. He wonders how long she has been doing this. The sense of fear and lust overwhelming. He worships and loves this frightening woman  
"You like these muscle Huh," She Said  
He nodded weakly. This woman had destroyed his will so easily. She let him see her body and she stood looking down at him

"You will forget your old life," She Said "No past, no future. You won't fear death because I will have you for eternity"

She stretches out her arms and twisted them so he could see her large guan lent size forearms.

"I am Goddess yes. But THER ARE MANY...MANY more like me around this world that use men as their playing things. You are no different"

He weakly grabbed one of her calves feeling the muscle before his arm fell flat and helpless.  
"You won't even remember how you got here. Just that I own you. These books are in my library not just for show. I learn how to break minds. It's a talent"

The mansion had secret tunnels and cells where she put her playing things. Even her garden and plenty of food and water. She could hide out the end of the world down here.

"You're going to pray to me. You're going to pray to these BICEPS!!"

"Yes, My Goddess"

She flexed and kissed her bicep and then kiss the other ones

"I am an UNSTOPPABLE"

He was coming at end out of consciousness as she flexed. She had veins showing in her massive biceps. She was truly a beast of a woman

"That's it, my Darling slave. Don't worry your cell will have a picture of all my muscles"

"Thank You Goddess"  
She flexed one more time with both arms gritting her teeth. She then let him pass out. He never saw the outside world again
