

Ughhhh.. Can you believe that guy?!

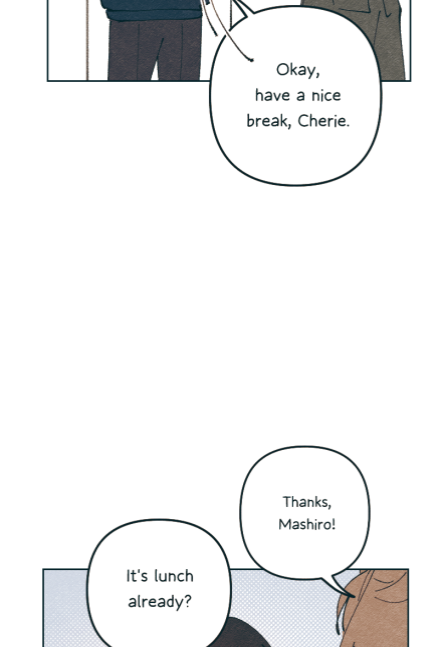

That meeting went horribly!

It went just about as well as I'd expected, to be honest.

He scheduled us at 6AM, and then had the balls to show up 2 hours late!

And then he spent the next hour just hitting on me after I told him I already got a boyfriend?!

And then he had the audacity to invite me to his party?!

He wasn't taking anyone seriously at all!

Well, rich people aren't really known for their manners.

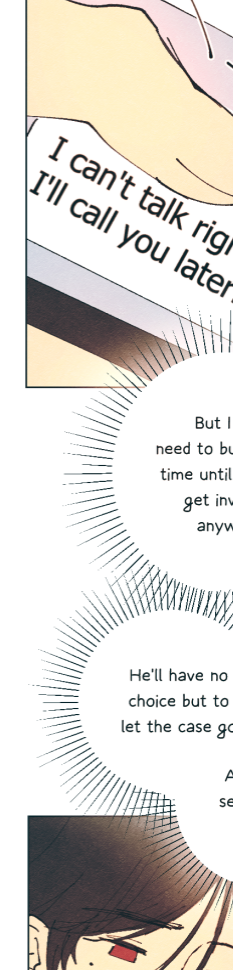

You did turn him down, didn't you?

Of course I turned him down!!

I would've told him to shove that invitation up his ass too if the judge wasn't there!

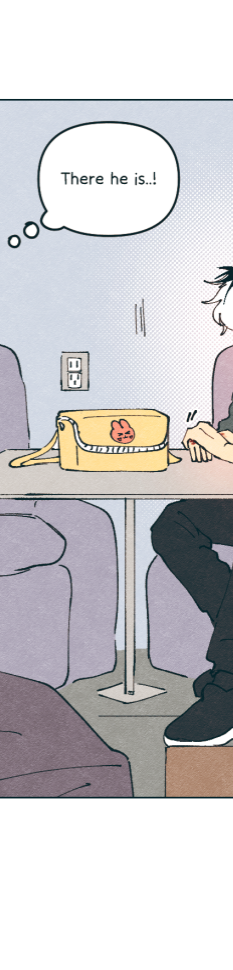

Can you bring these to my desk, please? I'll go through them after lunch!

Okay, have a nice break, Cherie.

It's lunch already?

Thanks, Mashiro!

I should probably go get set up for tonight.

I'd say Crush is doing a good job at keeping it a secret, seeing how carefree Cherie looks..

Lalala, I can't wait to see my honey~

At least that's one less person to worry about..

Ah-

Speaking of the Devil.

He's so gonna kill me for this..

I can't talk right now, sir. I'll call you later.

But I only need to buy enough time until the Feds get involved, anyways.

He'll have no choice but to let the case go

And I'll get sent back to HQ..

In the end, he was wrong about Crush

Oh God, I hope he didn't wait too long..

He has, indeed, changed.

There he is..!

Hi, honey! Did you wait long?

Huh?! Oh-

Not at all

Sit down, I made all your favor-

Crush! What the hell!

Wha-

Your hand!!

It's bleeding again!

What did you do??
