

And then I thought about you..

And I wondered if you felt the same way when you had to leave me back then, too..

Am I a hypocrite?

I lied to my friends, I'm just as bad as I made you out to be..

But you're not..

Huh..?

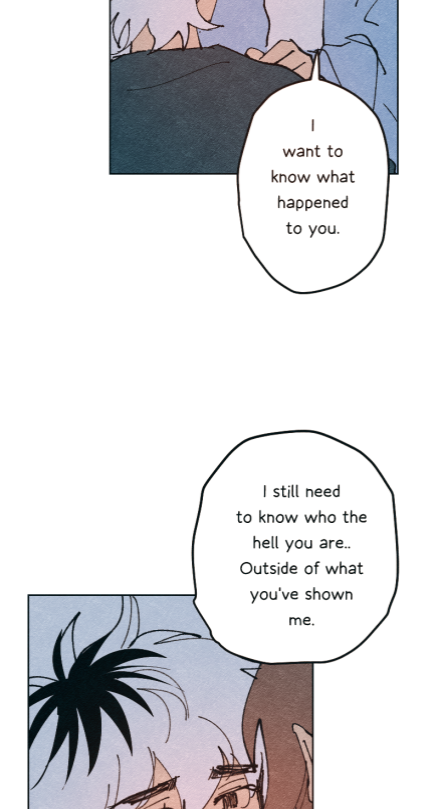

Cherie.. You went through a lot this past week..

You can't beat yourself up for things you can't control.

You can only focus on what you want to do moving forward.

But I don't know what I want..!

I thought that I'd be better off just being strangers..

But I called you over just because I was high.

I thought I wanted to leave you alone..

Yet I ran into this room just because I heard the doctors talking about it..!

So obviously, My brain is thinking one thing..

But my heart wants another.

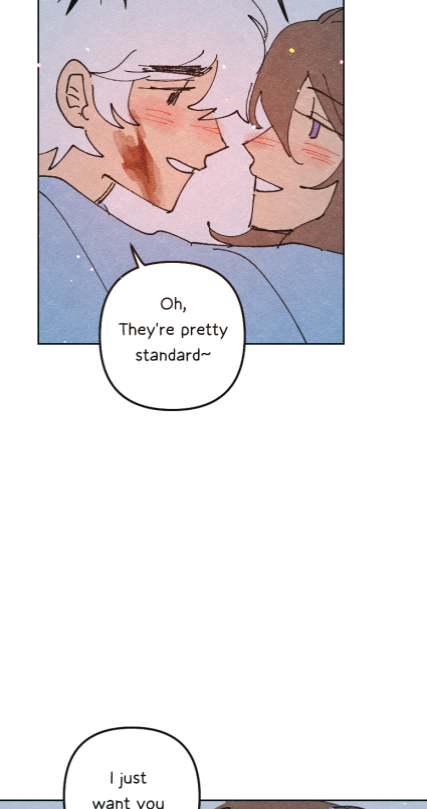

So.. What does your heart want?

I want to know what happened to you.

I still need to know who the hell you are.. Outside of what you've shown me.

But Cherie..

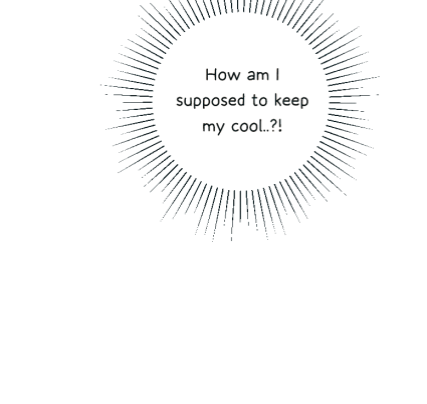

I've never shown anyone else

The side of me when I'm with you.

Y-yeah right, you just said that cause you wanted to cheer me up, didn't you?!

Oww-Haha It's the truth!! Although it is kindaaa my job to cheer you up!

It is NOT your job to cheer me up!

But it is, though, I'm great at this job!

Well, then you're fired.

You can't fire me!!

I'M WITH THE UNION!

PFFFFFFFT!! HAHAAHAHA

What was that..?

You're ridiculous..

No, I'm serious! We do work with Unions!!

Uh huh, and what are your demands?

Oh, They're pretty standard~

I just want you

BADUM

To smile like this all the time

If he kept saying things like that..

BADUM

How am I supposed to keep my cool..?!
