

Give it up, Sodam.

All of your friends, investors, and your shareholders have testified against you.

Not to mention the mountain of evidence we found in your safe, you're as good as dead.

No..

If you co-operate, you might get a reduced sentence based on good behaviour.

No..

No.. No..

No..

This can't.. no...

You were.. you were supposed to be dead.. no.. no.. no.. this is..

No.. this can't be happening to me..

You have the right to an attorney,

But again, it's not like you can afford them anymore.

No..

No.. No..

Haha.. No..

No.. No..

If you want, we'll provide you with a public defender.

I-I saw you blew up.. I saw.. No.. No..

..But I'd advise against it.

No.. Why.. Why would this happen..

No.. Fuck..

You'd just be wasting taxpayer Dollars at this point.

How could I have known... that this BITCH was alive...???

No.. How could she survive...??

No.. No..

No..

This little shit didn't listen to a single word I said, huh.

Well, I probably look like a ghost to him.

No..

No.. No..

No.. No.. This is so unfair.. this is unfair..

Unfair?

You're talking about unfair?

You were born with a silver spoon in your mouth,

Your parents paid you into some Ivy League College just because they had the money to.

And you killed them for inheritance, then covered it up because you had the money to.

You monopolized the Tech industry by buying up your competitors, because you had the money to.

You think with your wallet, not your brain.

You had smart people working for you, yet none of them could tell you how stupid you were.

You had all the money in the world, you could've just kept going, or do something good with it.

But no, it wasn't enough, right? You just had to have it all.

W-What..

You just had to try to get control of the East Side, too. Right?

You couldn't buy Chohan out with money, so you opted for the power move.

Marrying Keyu, joining assets to ice him out? You just had to show off, didn't you?

Of course he'd know what you were trying to do, you dumb mother-fucker.

W-Why...? You don't mean-

You pissed him off, Sodam.

You tried to fuck him over

And look where that got you.

If you hadn't provoke him, you'd probably still be rich for the rest of your life.

Wh..

So thank you, for being dumb enough to fuck with Chohan.

Now I have enough ammo to get revenge on what you did to me.

I-I'm.. sorry..

Save your apologies.
