

Thank yeww for the food Miss Mae~

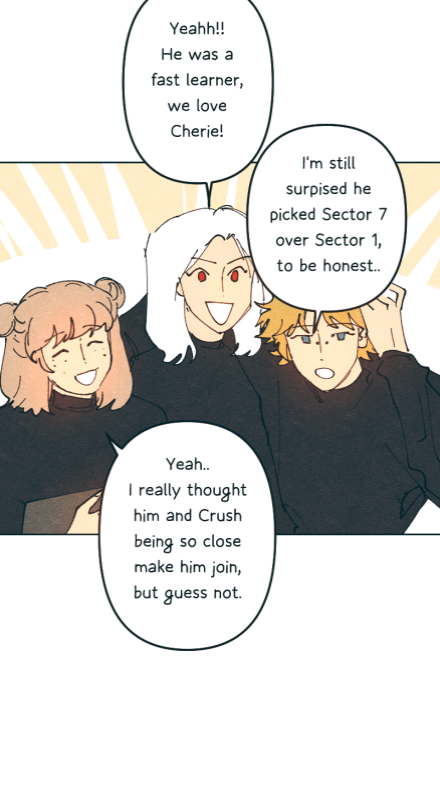

Ugh...

What food.. Both of you drank like 6 slushies and threw up.

WORTH IT!!!

Hahahaha.

Well, I'm GLAD you guys enjoyed yourselves~

Shouldn't we bring back some snack for Cherie and Crush, too?

I texted them but neither responded so nahhh~

Speaking of, Cherie trained with you guys when he first joined, right??

Yeahh!! He was a fast learner, we love Cherie!

I'm still surprised he picked Sector 7 over Sector 1, to be honest..

Yeah.. I really thought him and Crush being so close make him join, but guess not.

I really wanted him to see the Mad Dog, to be honest~

You guys WANT him to see Crush go crazy???

Uhhh, Yeah?? He's literally a killing machine!! Remember Hawthorn??

Gosh.. I wish I was there to witness him taking out the entire Yunco defense squad!!

Crush is crazy strong, that's true. But it's his brutality that makes him so scary.

It's like watching an apex predator at work.

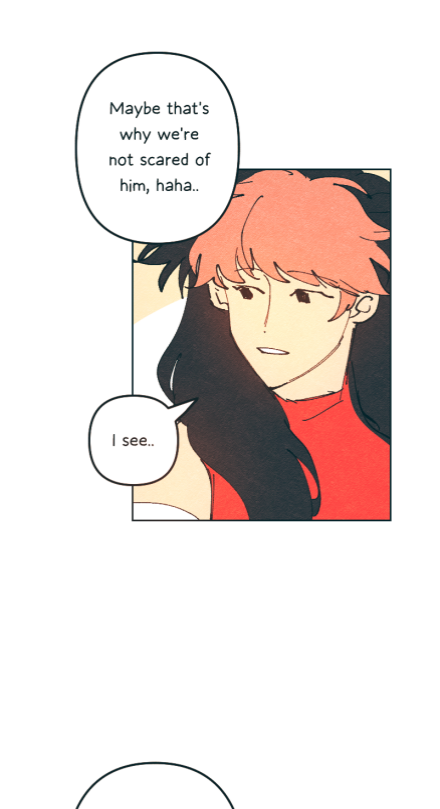

I felt sick the first time I saw him rip a man's limb off..

But outside of work, he's a total sweetheart! Which really surprised me!

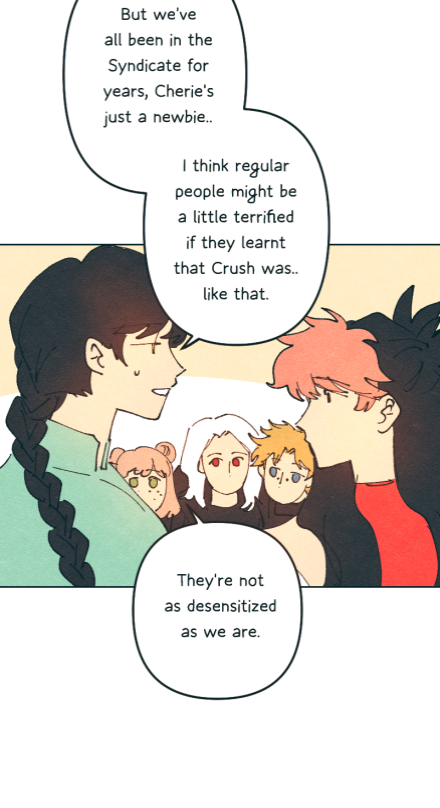

He never takes credit for his job, and he even shares portions of his salary with us!

Though all we've been doing is clean up after him...

Maybe that's why we're not scared of him, haha..

I see..

But we've all been in the Syndicate for years, Cherie's just a newbie..

I think regular people might be a little terrified if they learnt that Crush was.. like that.

They're not as desensitized as we are.

That's..

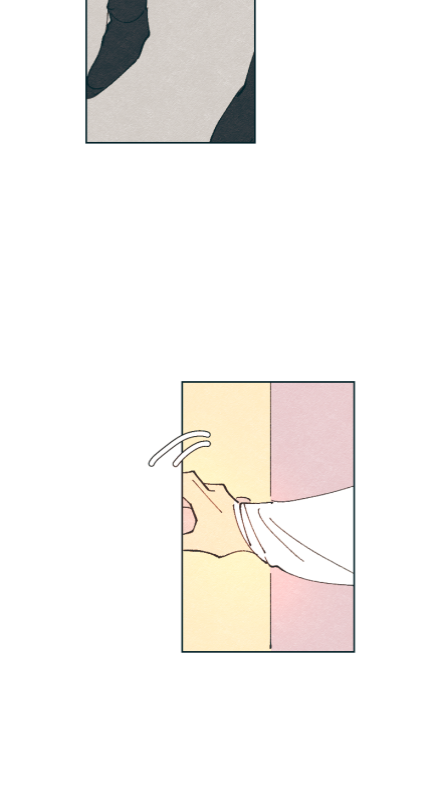

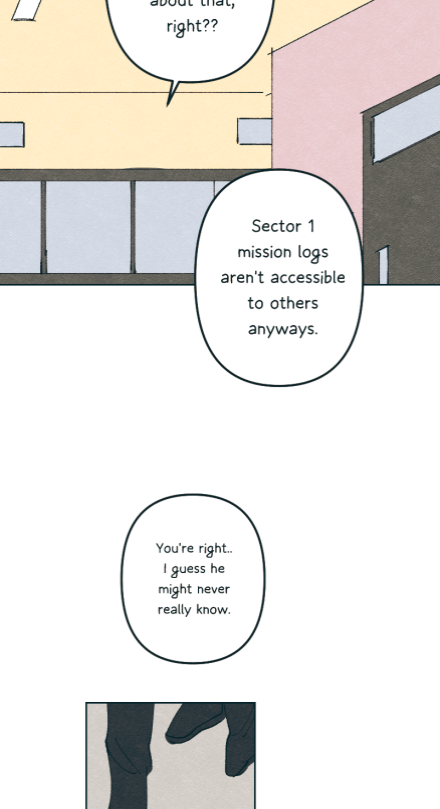

..also true.

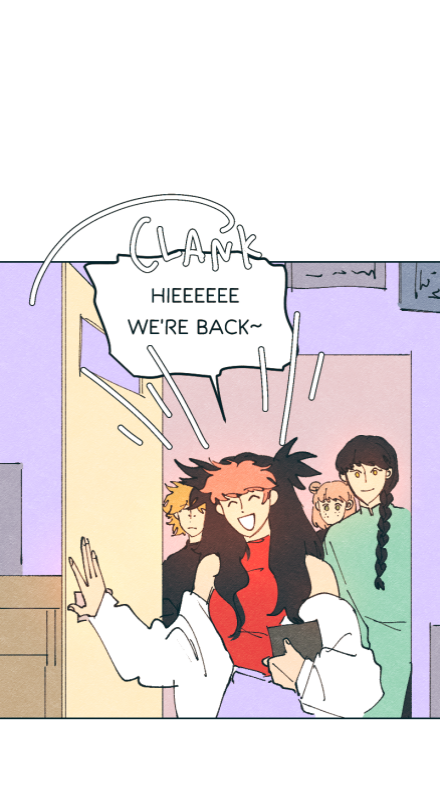

Well.. Not like we have to worry about that, right??

Sector 1 mission logs aren't accessible to others anyways.

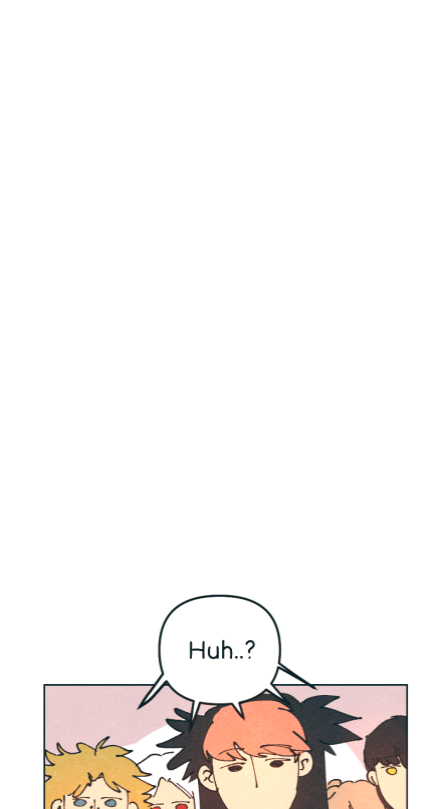

You're right.. I guess he might never really know.

CLANK  
HIEEEEEEE  
WE'RE BACK~

Huh..?

UHHH...

Welcome back..?

DON'T "WELCOME BACK" US!!!

WHAT ARE YOU TWO DOING??!
