

# *Instructions*

Praying Man is played just like Hangman. However, I make the following changes:

- Start the game by identifying a word or a phrase that occurred in the lesson.
- Place one dash on the bottom of a piece of paper for each letter of the word or words chosen. Leave a space between words.
- Have one student guess one letter at a time - or he or she can use a turn to guess the entire word or words.
- Fill in the letter (everywhere it appears) on the appropriate dash (or dashes) each time the person guesses correctly.
- Cross out a body person on the next page or add one body part to the drawing each time a letter chosen is not in the word using the example on the next page.
- Explain to the players that if the drawing of the person is completed before the word or words are guessed, the guessing player loses. If the player figures out the word or words first, he or she wins.
- This is a good time to ask follow-up questions and reinforce the concept that was taught.
- I usually allow the winning student to pick the next word or phrase. (Shortcut – I often prepare several phrases on index cards and allow the student to pick from the prepared cards.)

**Warning:** my students have become extremely competitive while playing this game.
