

Silly Pink Drink

This is a new drugplay themed bimbo file. So, pour yourself a drink of something and sip away your mind until you are a babbling, bubbly, bimbo!

SUMMARY

This loop file will trigger you when you have time and space of your choosing, to put on the file and drink you mind away. Now, the file makes links with the feeling of alcohol but just as a safety, this file does not condone the excessive drinking of alcohol. Any drink of your choice can be your bimbo juice, even something simple as water.

TARGET AUDIENCE

Anyone who likes being silly, bubbly and stupid. This is for people who are into bimbofication and enjoy the idea of being drugged stupid with a drink of their choosing.

SUGGESTIONS

This file will make any drink of your choice your bimbo juice. That means that as you drink it you will feel your brain fizz and pop away as your IQ drains and you get stupid, silly and bubbly. As long as you are in a safe place where you can enjoy the suggestions then this will work for you. It is a self/file activated trigger so it will be interesting to hear all the ways people twist and turn it.
