Thank you for your purchase from AngelaMaps.com To install your new map pack on Foundry VTT please follow these instructions.

The image shows two screenshots of the Foundry Virtual Tabletop interface. The top screenshot is the 'Configuration and Setup' window, specifically the 'Add-on Modules' tab. It lists several modules, including 'Adventure Importer / Exporter', 'Angela Maps', and 'Angela Maps - Stock Scenes'. Red arrows are overlaid on the image: arrow 1 points to the 'Angela Maps' module, arrow 2 points to the 'Install Module' button at the bottom, and arrow 3 points to the 'Manifest URL' field in the 'Install Module' dialog box shown in the bottom screenshot. The bottom screenshot shows the 'Install Module' dialog box with a list of packages and a 'Manifest URL' field at the bottom. A red arrow 3 points to the 'Manifest URL' field.

1. When you launch Foundry VTT choose the Add-on Modules tab

2. Hit the Install Module button at the bottom

3. Wait for this to load. Once it has loaded copy paste the url (listed above) into the Manifest URL box, and hit Install

4. Once it is installed, load up your game. Be sure to enable this mod. Once the mod is enabled the maps are available on the *compendium packs* tab

5. Right click on any map in the *compendium* to import it to your game
