

**The lost Temple**  
Chapter 10  
**An Apprentice's Mission**

Previously on „The lost Temple“:

*Mikael – a young archeology student has made a pact with Kassandra Elaquoi – a demon girl from another dimension in exchange for magic. He has acquired an ancient artifact for her and is sent on another mission: Find those magic users who attacked Kessy in the middle of her playtime.*

*Through sheer coincidence Mikael stumbles upon Velia – his secret crush – as she extinguishes a fire using magic. She is one of them! Oh, boy! In the meantime, Harry Beldin has made a deal with Kessy as well. His girlfriend and magic for his loyalty.*

*Watch as Mika starts stalking his secret crush while Harry tests out his newly acquired magic on his (yet again) girlfriend Kim!*

Day 3 of tracking Velia...

Good. She's taking the metro to the outskirts of town.

Which means she's going there again... I hope...

I sit a secure distance behind her. Clear sight of the target but no risk of being made. I've watched a lot of secret Agent films!

I can't believe I'm stalking my secret crush on a secret mission for a demon...

The first two days of me stalking Velia were rather pathetic... On the first I simply missed her when she left University. On the second day I missed the metro she entered by a second!

Anyway, on the third I finally followed her into the Garouse Woods where I'm currently watching her from a safe distance.

She has stopped and is looking around? Why? Has she spotted me?

Suddenly she runs off at an incredible speed!

What's she doing?

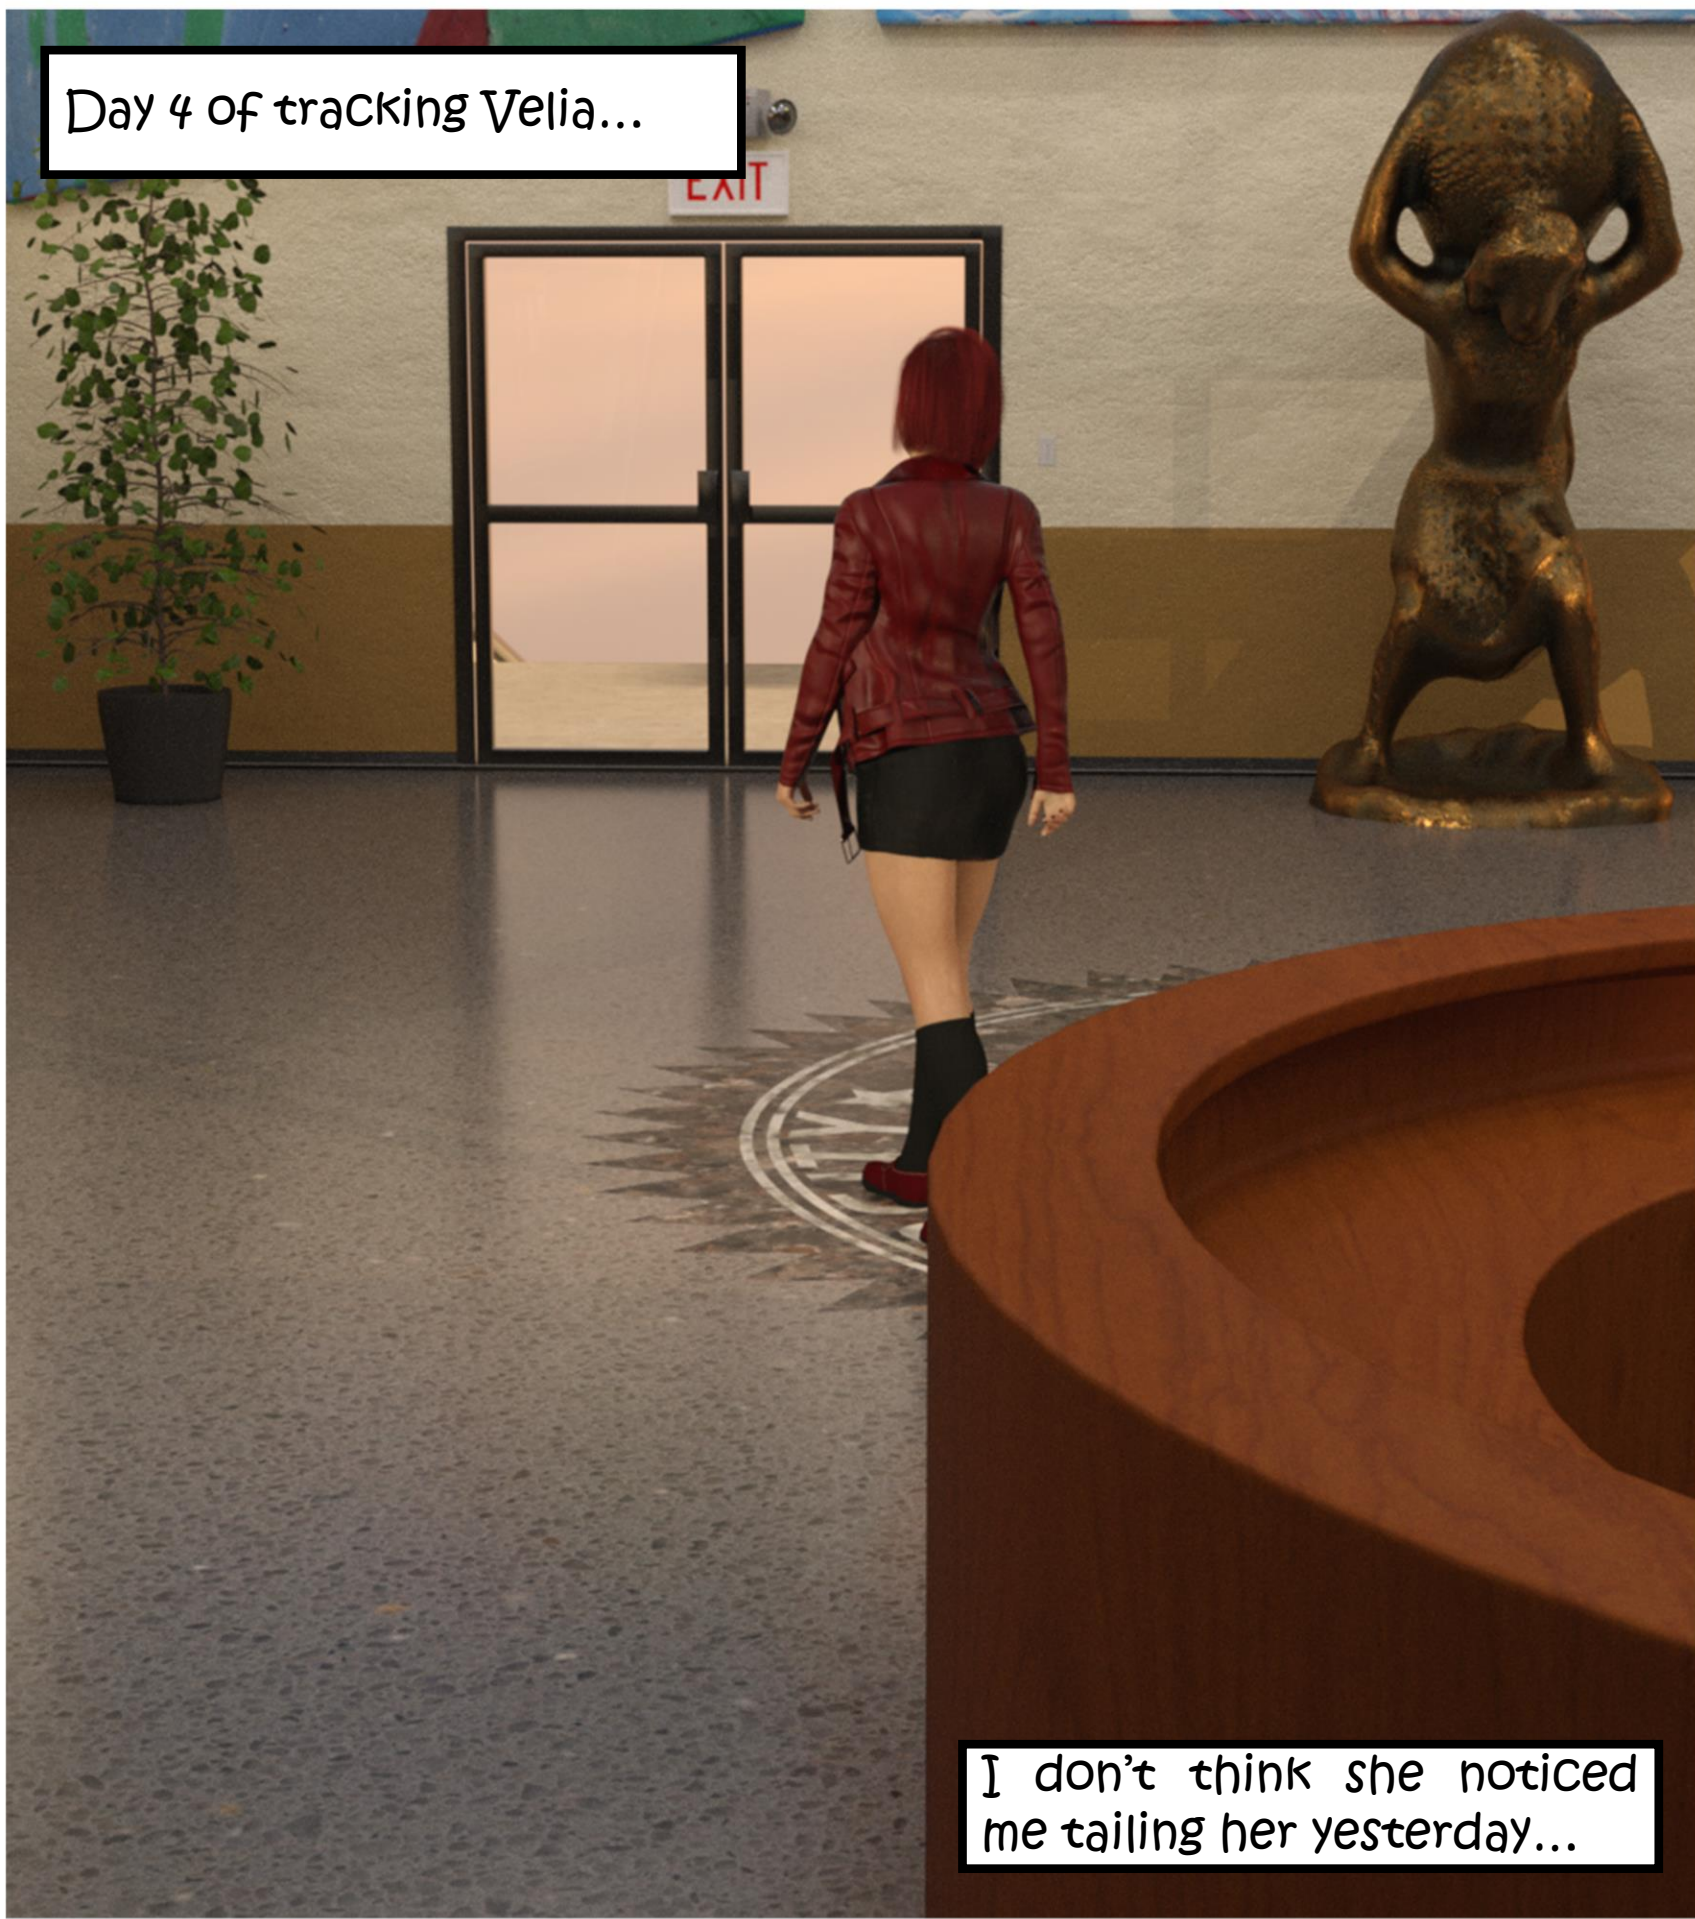

I start to run as well while trying to not make too much noise...

But there is no way for me to catch up with her! She's super fast!

Day 4 of tracking Velia...

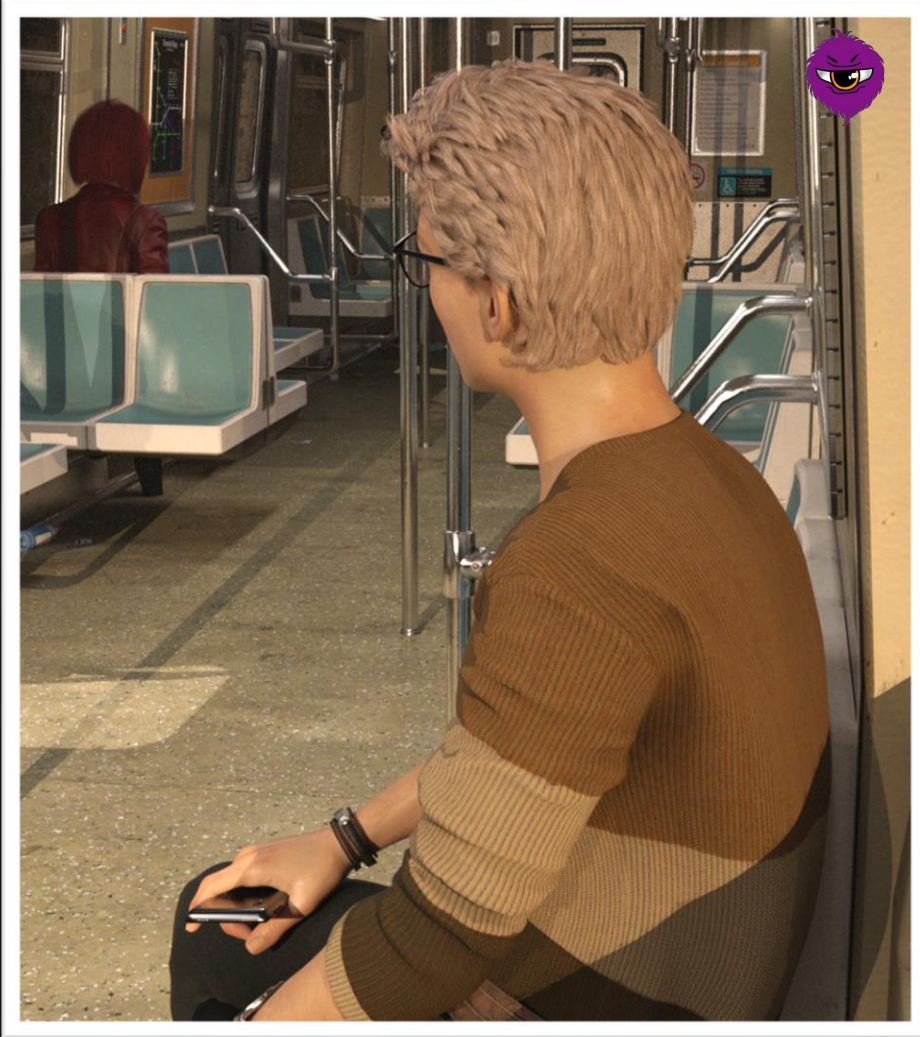

I don't think she noticed me tailing her yesterday...

I'm pretty sneaky...

This guy looks suspicious!

stare

And then the woods. Same spot. Velia starts running again. But this time I'm smart!

We are back in the metro...

I have the Eye of Netrica follow her while following a safe distance away.

Damn, she's fast!

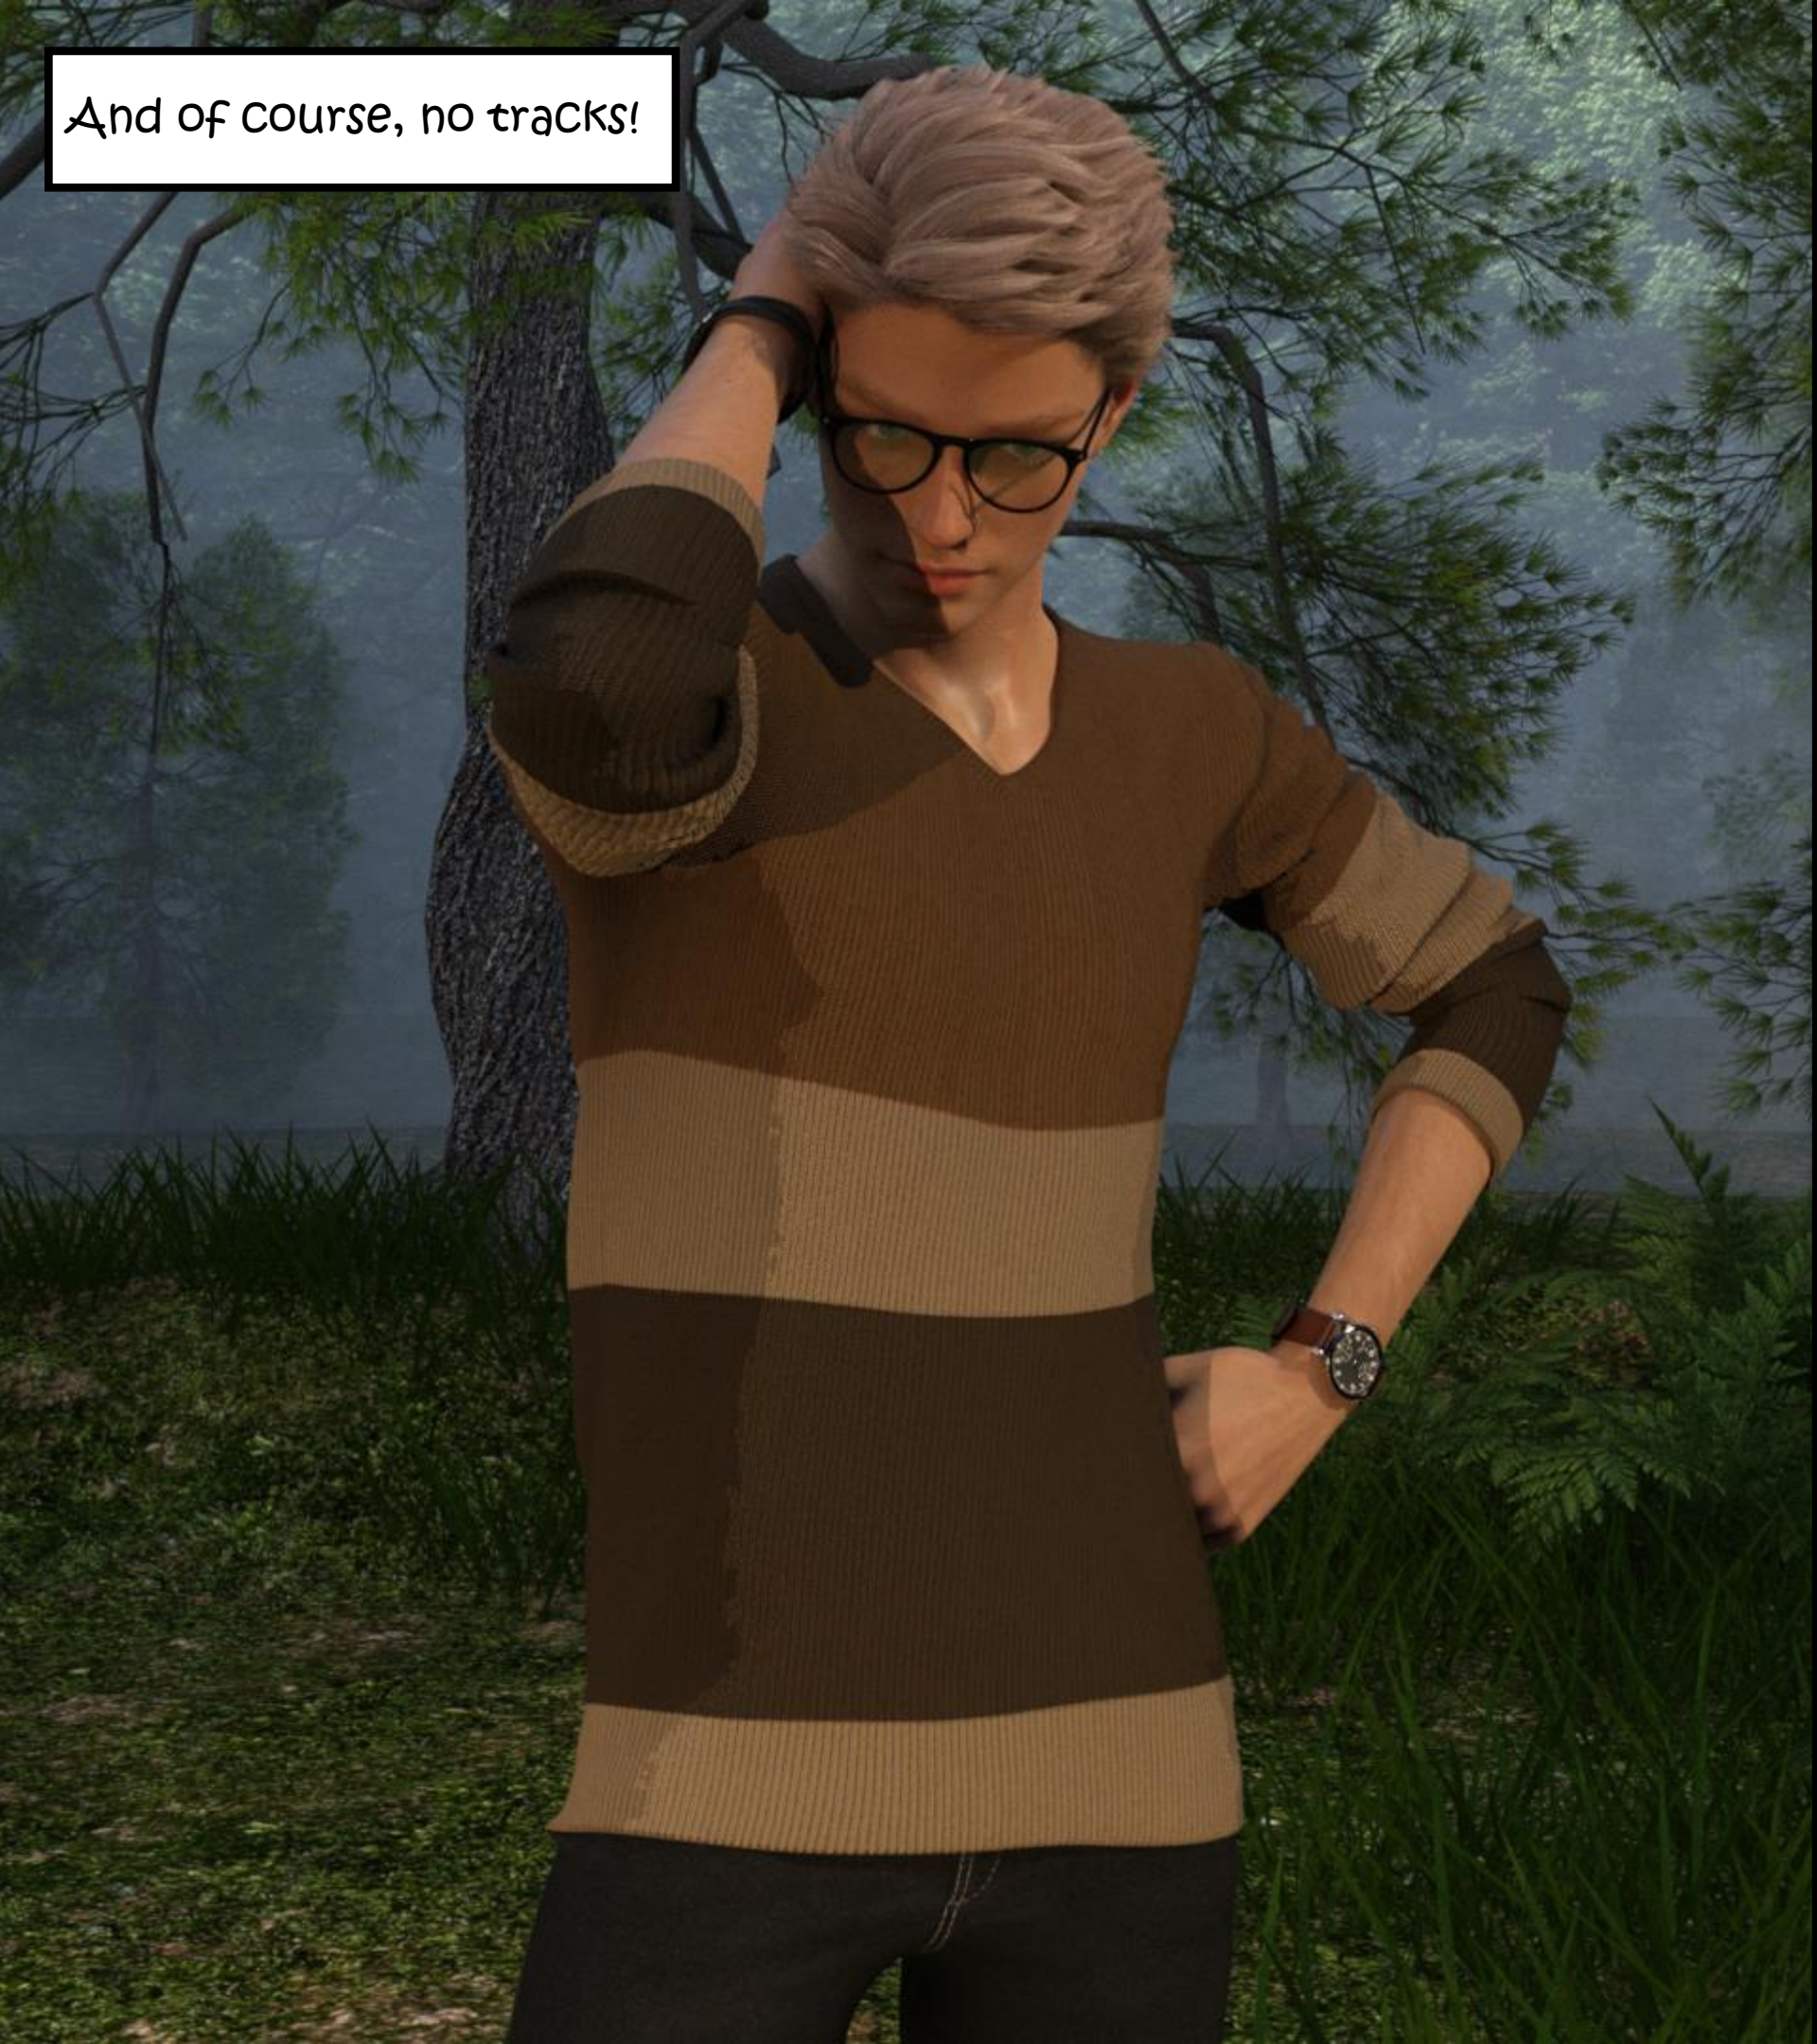

With the eye I can see her run into a dark part of the wood – a clearing – but then the eye loses her.

I reach the clearing... She could have run anywhere from here.

And of course, no tracks!

I'm sure she's using magic now. She even outrun the flying eye of Netrica!

Sometime within those three days past, Harry is over at Kim's place. They are working on a student project together.

Thanks to Kessy's intervention, Kim has no recollection of the past week, and therefore she is oblivious to Harry's previous transgressions... Meaning, they have not broken up!

Man, that was only a peck!  
Where is the passion?

Alright,  
back to  
work.

One more,  
PLEASE.

Man, that was only a peck!  
Where is the passion?

Ocavum!

Harry Beldin,  
we need to...  
work...

... What's...  
wrong with  
your... eyes...

Uhhh...

I am...  
yours...

Now you  
are mine.

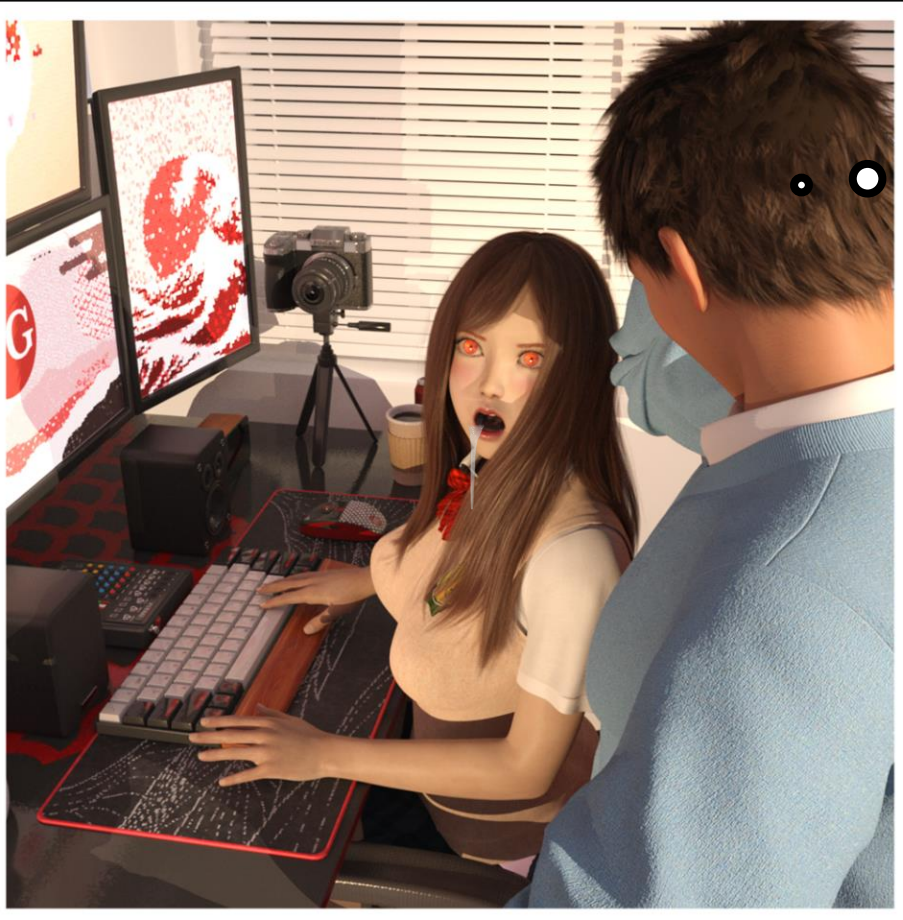

God, I love your boobs, Kim!

Now, kiss me. But with tongue!

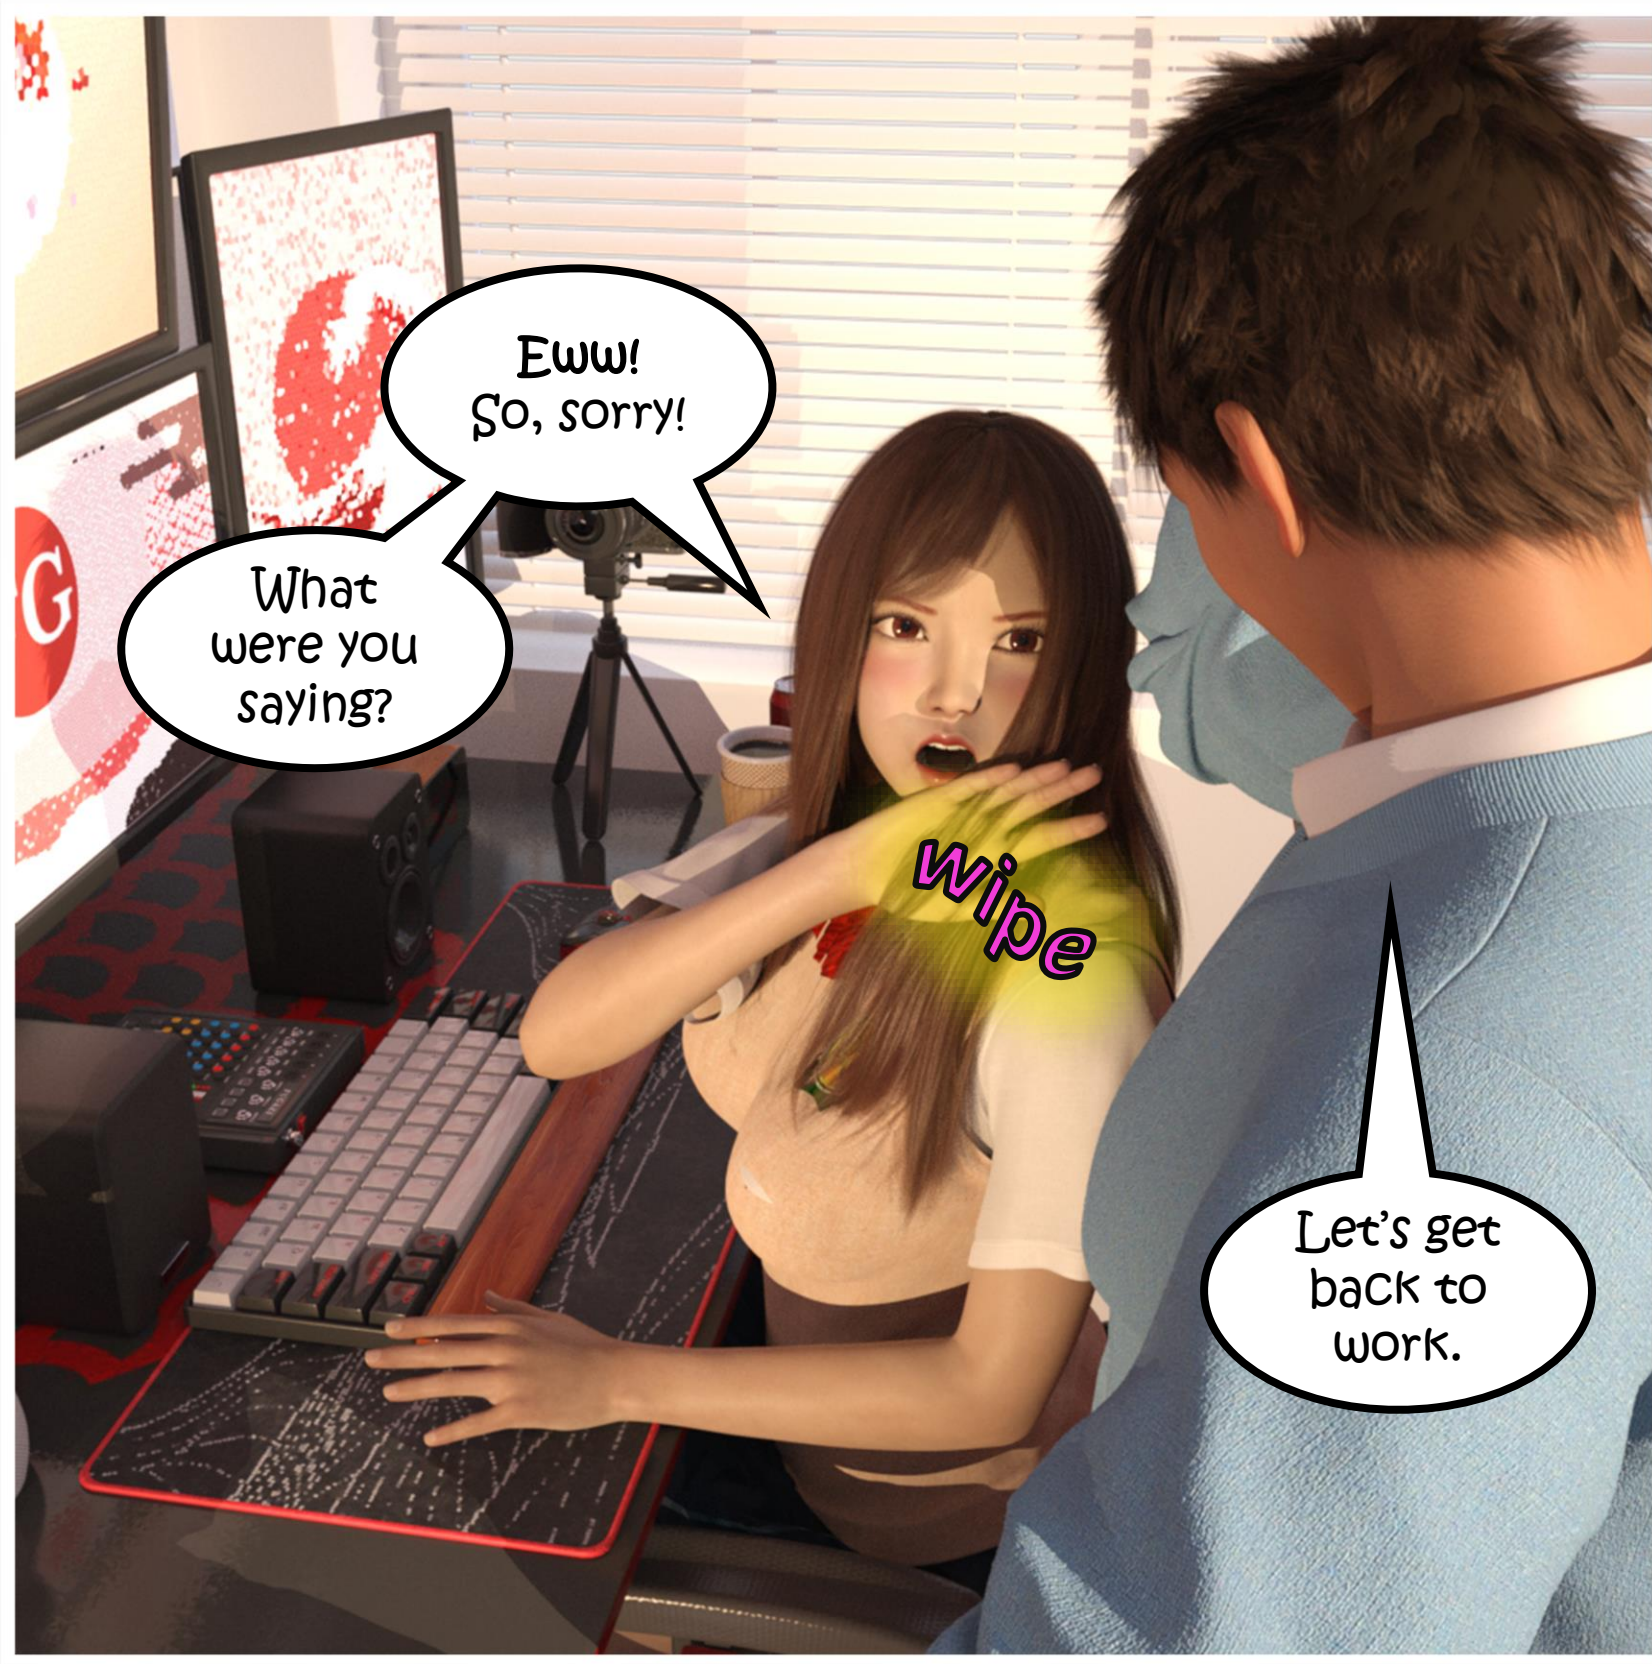

Any second now...

Uhhh...

Eww!  
So, sorry!

What were you saying?

wipe

Let's get back to work.

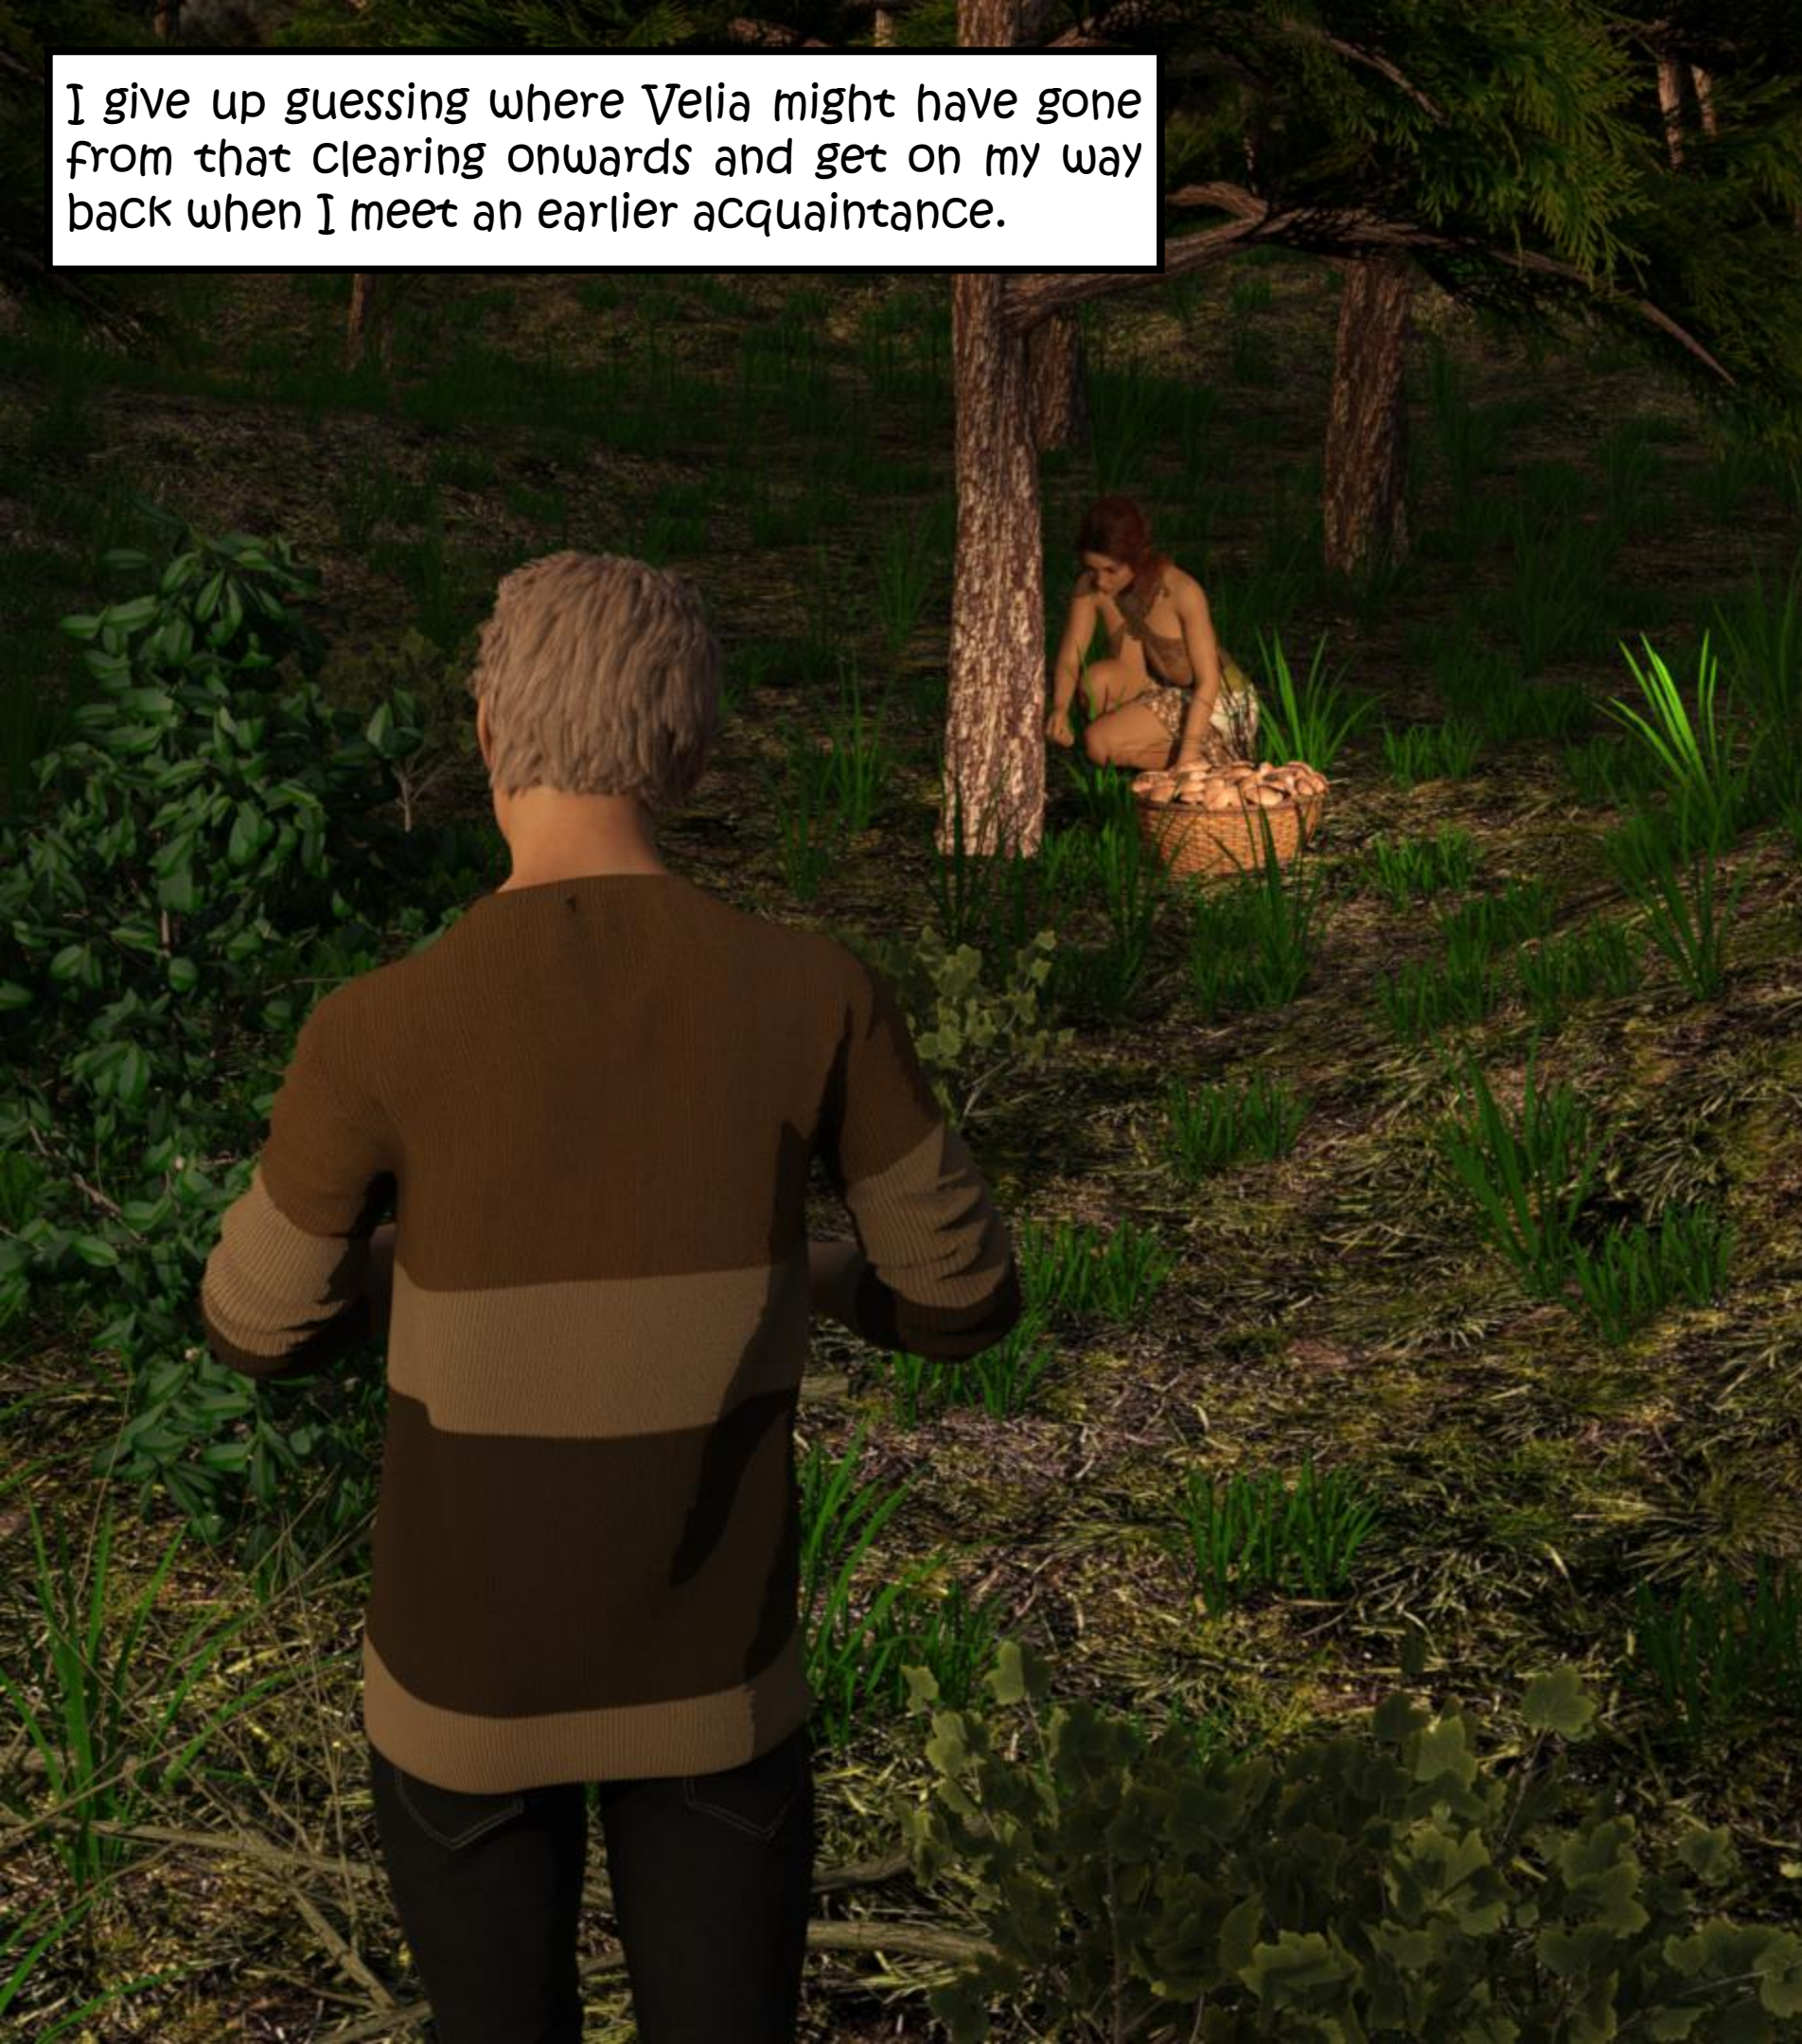

A young man with dark hair, wearing a light blue V-neck sweater over a white collared shirt, stands behind a young woman with long brown hair. He has his right hand behind his head and is looking at her with a slight smile. The woman is wearing a white school uniform with a red striped bow tie and is looking directly at the camera with a neutral expression. The background shows a room with dark acoustic panels on the wall and a window with blinds.

Why was I  
drooling?  
**EWW!**

I hope he  
did not  
see...

**Nice!**  
The doll-state  
lasts for more  
than 10 seconds  
now!

I give up guessing where Velia might have gone from that clearing onwards and get on my way back when I meet an earlier acquaintance.

Hi  
Mikael!

Hi  
there.

Oh, it's  
you!

So, err.  
Thanks again,  
for... Last  
time.

I was... really  
in a pinch.

It's good to  
see you again.  
How are you?

I'm... fine.  
What are  
you doing  
today?

Gathering  
mushrooms!  
Look at how  
many I found!

**Wow!**  
And they are  
all edible?

Most of  
them are!

**Note to self:** Don't eat  
mushroom Quiche in the hut...

A woman with long brown hair, wearing a floral-patterned dress with a brown corset-like top and a wide brown belt, stands on the left. She has her arms crossed and a slightly concerned expression. On the right, a man with short blonde hair and glasses, wearing a brown and tan striped sweater and black pants, stands with his arms crossed. He has a watch on his left wrist and a bracelet on his right. The background is a lush green forest with tall trees and grass. Three speech bubbles are overlaid on the scene, connected by a vertical line.

But... you  
don't look  
fine.

Something  
up?

I've got this  
task... for work...  
and I... honestly, I  
don't know if I'll  
be able to do it.

You can do anything if you put your mind to it! I'm sure!

I've got an idea! I'm gonna show you my special place!

I'm sure it will cheer you up!

Her special place?  
\*chuckle\*

You are thinking something lewd!

Huh!

What? Me? Noo! Please, lead the way.

Magda led me to a really beautiful small meadow beneath a big tree. Lots of flowers were blooming. It was really idyllic.

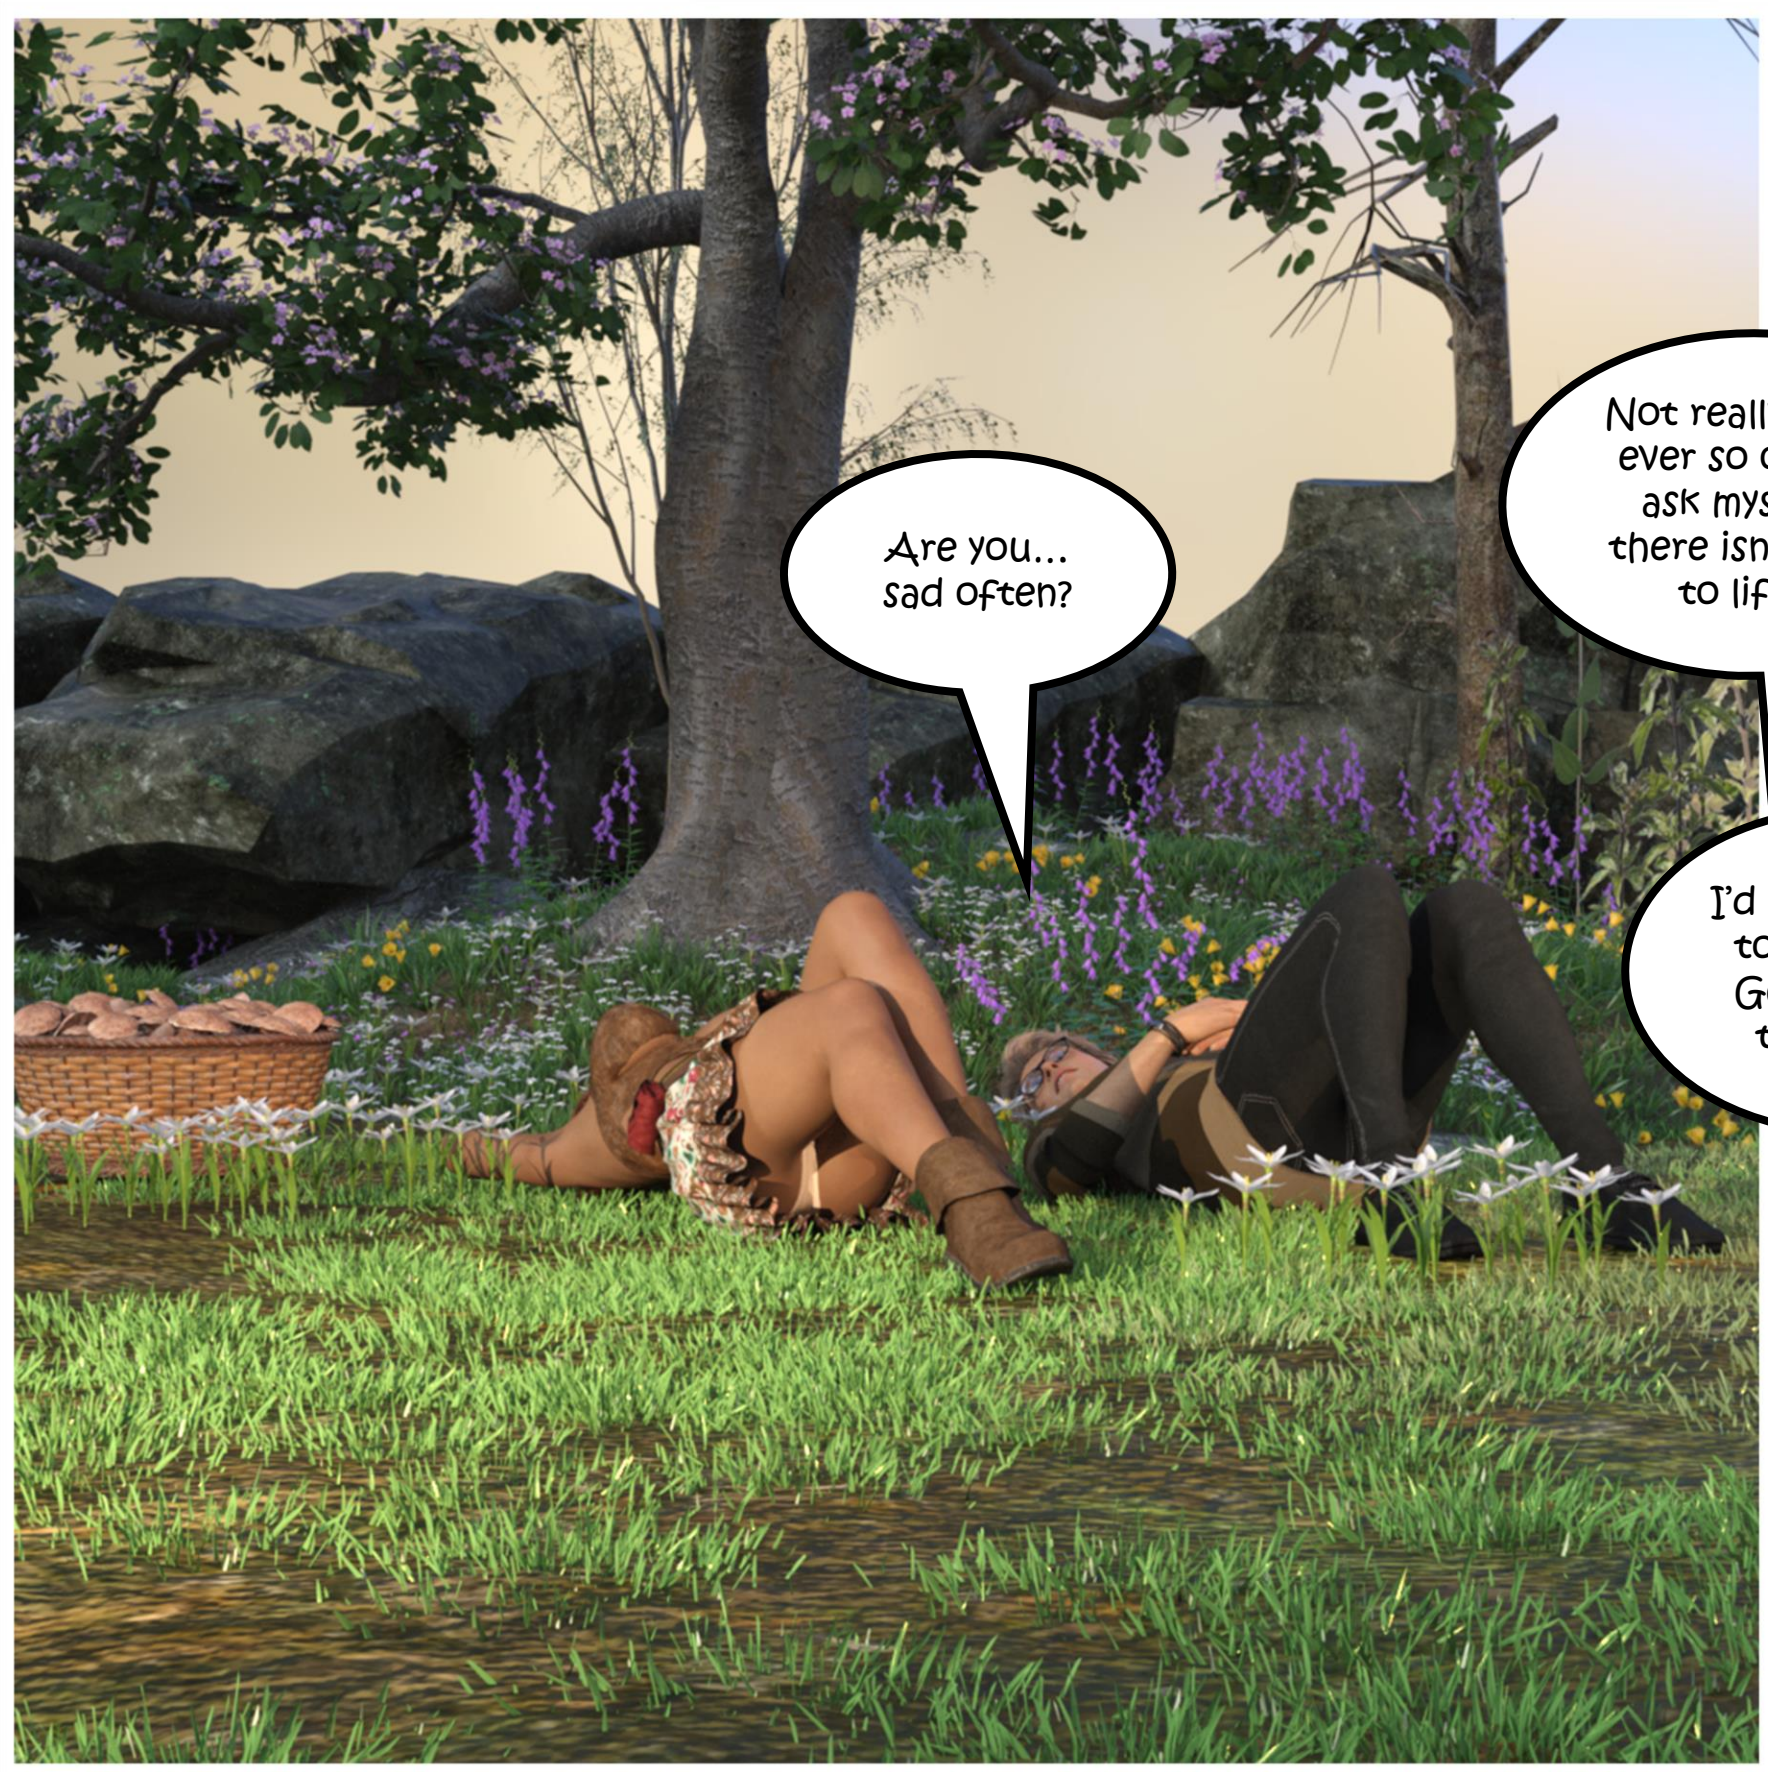

It's my favorite spot. I come here often when I'm feeling sad or alone...

The flowers always cheer me up. I love flowers!

Wow!  
I did not know such a beautiful place existed in these woods.

Are you...  
sad often?

Not really... But  
ever so often I  
ask myself if  
there isn't more  
to life...

I'd like to go to  
town. Study!  
Get to know  
the world.

Why don't  
you?

I could never leave my mom and Uncle Zander...

And leave the shack? I could never do that!

But enough about me. What about you? What's your troubles?

Strange like, how?

Have you seen any strange people in the woods?

Like with a sudden urge to start springing?

Well... maybe you can help...

Ha! I do know whom you speak of.

You do?

They keep to the eastern parts of the woods...

Anything else?

I'm sorry. Uncle Zander told us not to get close to them.

But if you want to know you can ask him?

Strange. I did not notice that river the last time I was here...

Mr. Gray was sitting in front of the shack and fishing in the small river nearby.

The prospect of learning more of the mystery about the group around Velia was too intriguing and the old man did say he owed me. So, I go back to the shack once again.

Of course, I was a gentleman and carried that basket of mushrooms.

Ah, the young one from last time. Come, sit with me.

Old man Zander greets me and Magda takes the basket from my hands before vanishing into the shack... I sit down

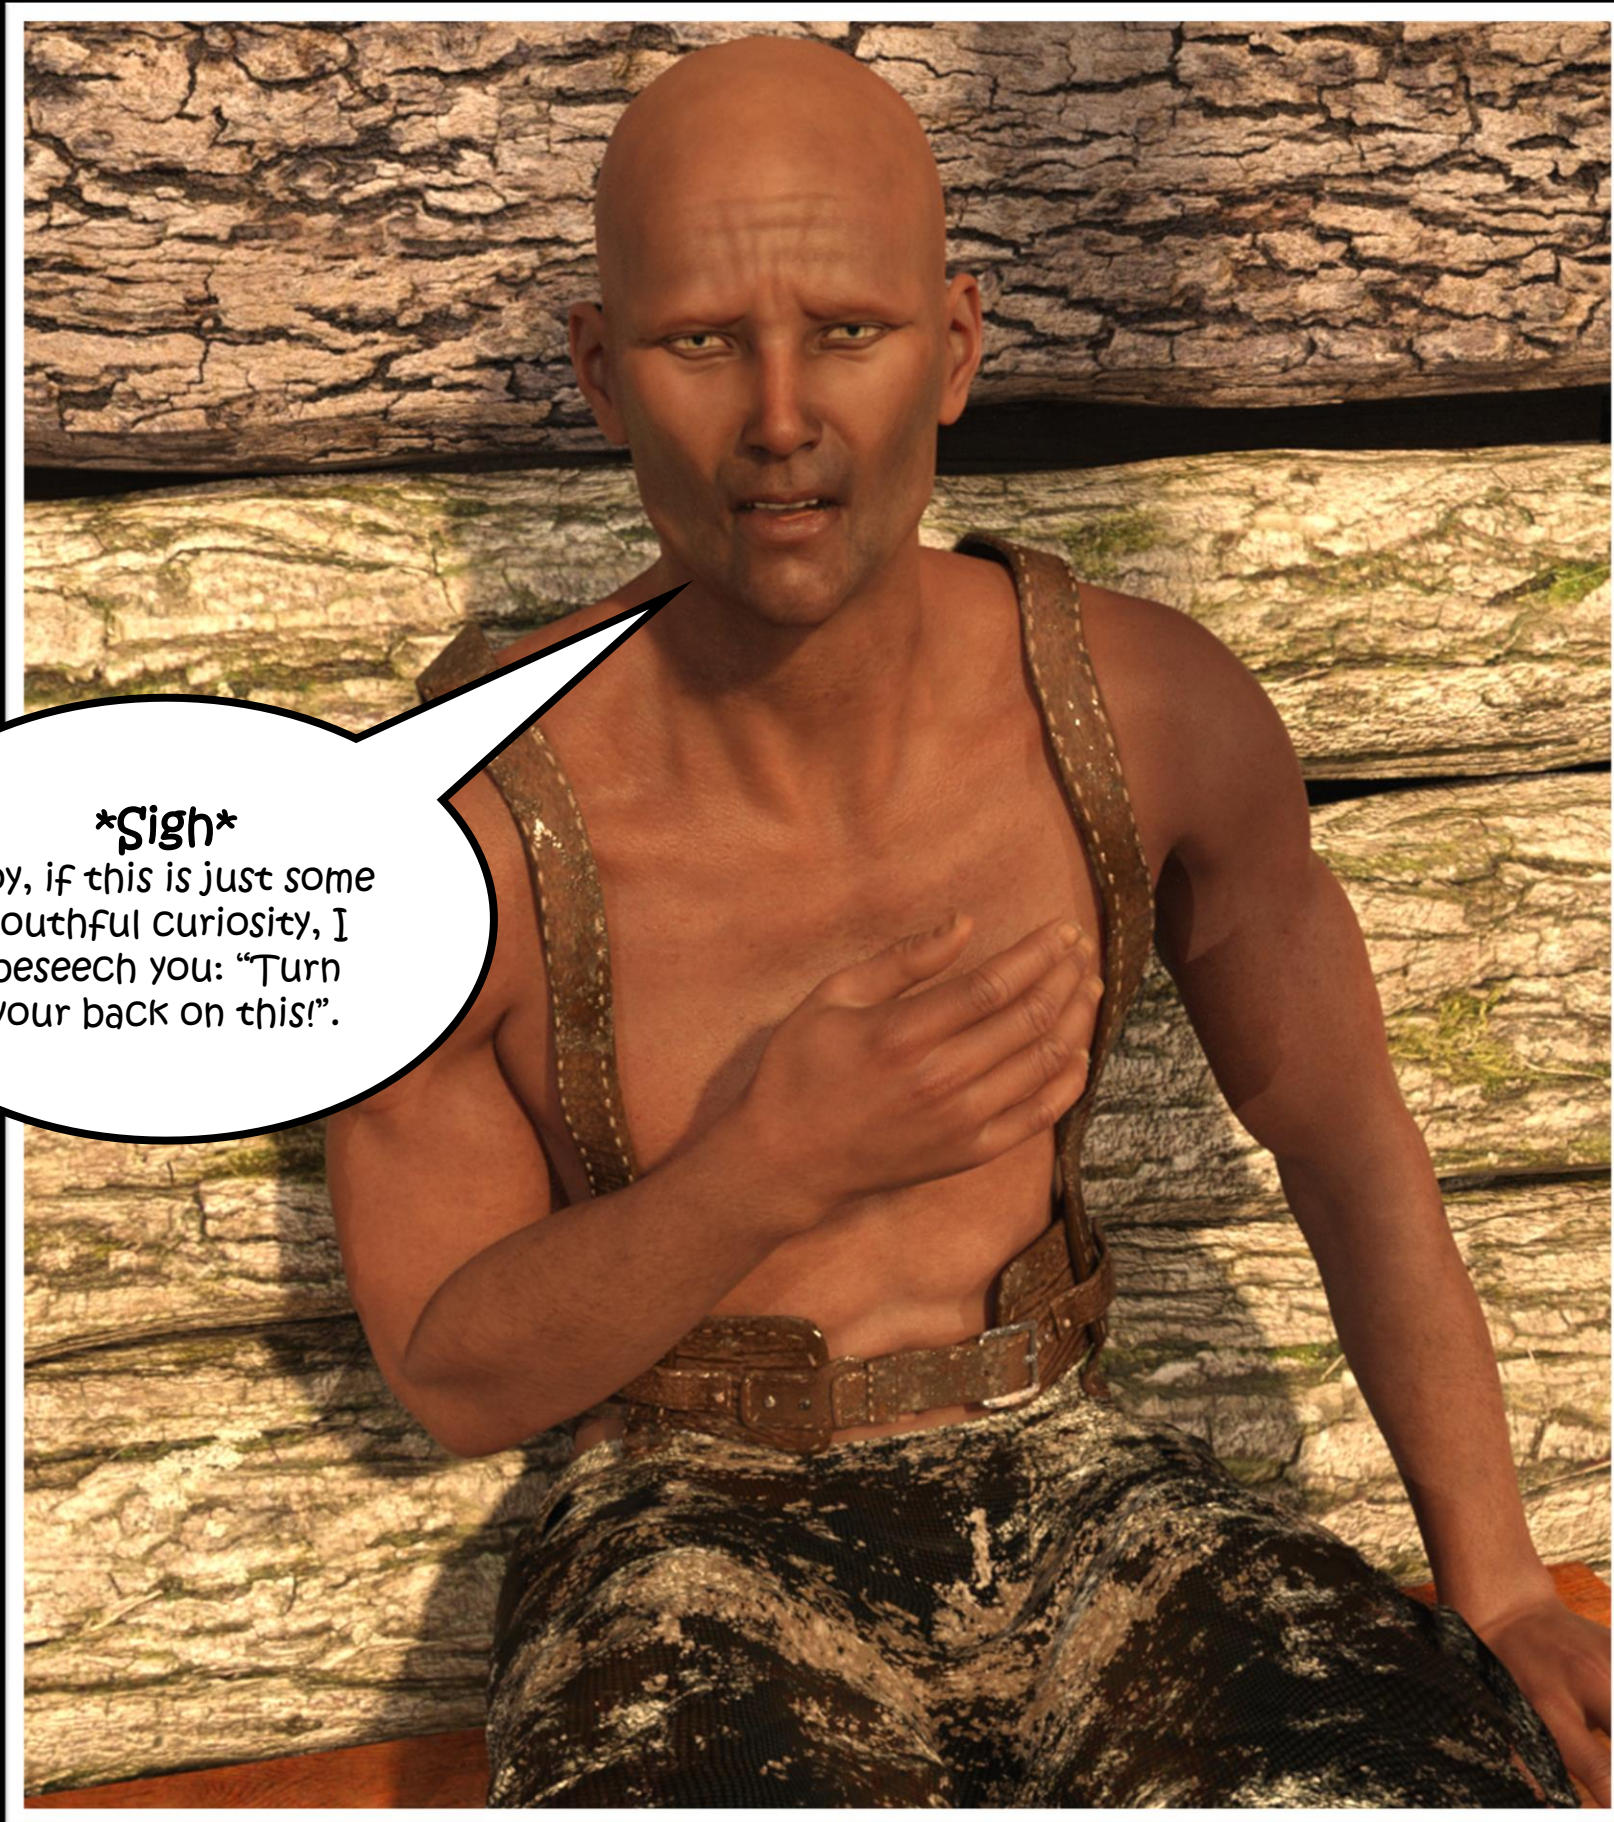

Sorry to intrude on you again.

Bah! Don't mention it, son. How can Uncle Zander help?

Can you tell me anything about the people running some business in the woods to the east?

**\*Sigh\***  
Boy, if this is just some youthful curiosity, I beseech you: "Turn your back on this!".

I assure you...

These people mean serious business and they love their secrecy.

Is there no way for you to let this go, son?

I told Zander that I had followed but lost one of their people at the dark clearing in the eastern woods.

I know the spot... the woods are getting thick there...

Easy to hide something. Also, kinda eerie there...

Their hideout must be somewhere around there. I've seen several of them run there...

I suggest... if you must... maybe hide there and wait for them there? See where they go?

Now while Zander had no real info about them either... he brought me on the right track... The solution was so simple...

Thanks, Zander. That might be it!

I don't know your business with them.

But please be careful, son.

I thanked Zander one more time and assured them I'd be back.

When I was about to leave, Magda came out to say goodbye as well.

After Mika has left...

Will we see him again?

I don't know, dear.

If he makes it... we might not want to see him again...

Suddenly...

Oh, no!  
It's already  
past midday!

I'm sorry  
Uncle Zander!  
I forgot the  
time!

I'll satisfy  
you orally  
immediately!

It's fine  
dear, I'm  
not...

No, no!  
I'm gonna take  
care of you.  
It's my duty!

There we go!

Please have a good look at my big breasts and let me do my work.

Not after sending that boy... there.

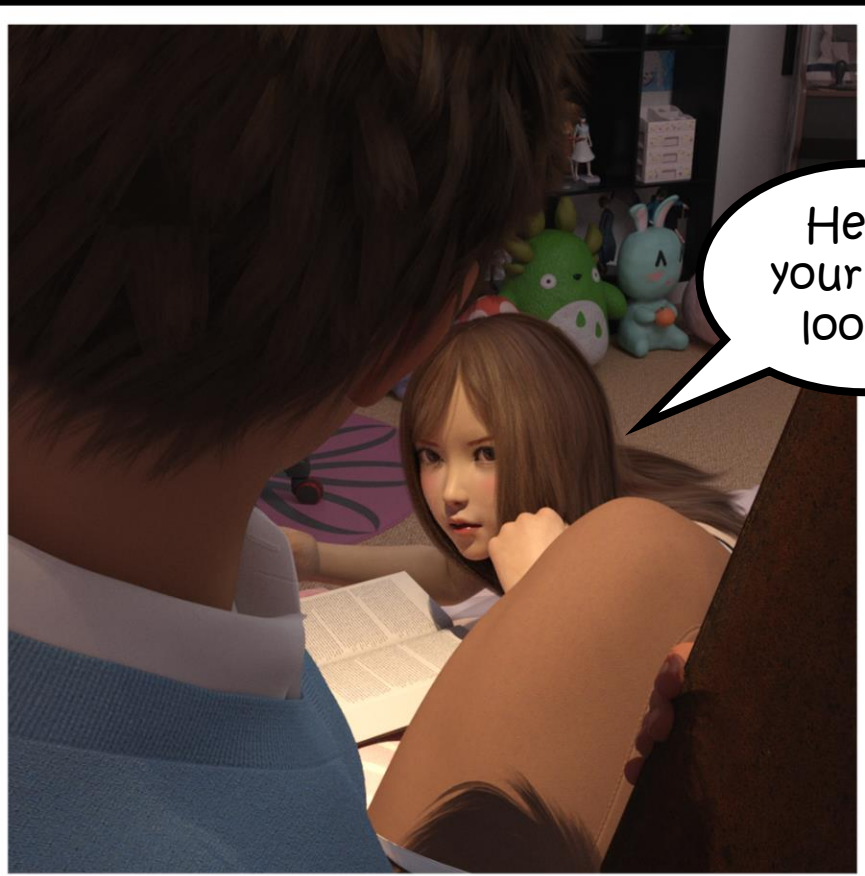

You've taken a liking to him, master?

I guess so... He reminds me a little of my past self...

Some other day back at Kim's. They are still working on that project.

Hey...  
your eyes  
look...

Uhhh...

Just stay  
like that,  
Kim.

Yes,  
Master.

Oh, yeah,  
baby!

Carass

Wow!

You are such a tease, Kim!

Always wearing these short skirts!

But always  
so trim and  
proper!

Never  
letting me  
take a peek!!

Guess what!  
Now I can  
peek all I  
want! Ha-ha!

Now spread  
those legs!

Like this,  
master?

I love your  
panties,  
Kim.

Yes!  
Beautiful!

They are so white and innocent. But sooo cute!

I just have to touch them!

I'm having my way with you, Kim! And this time it's all my own power!

Okay, calm down now, Harry.

iiiiieekkk!!

Harry?

Darn! I need to pay more attention to my original position before I activate doll mode.

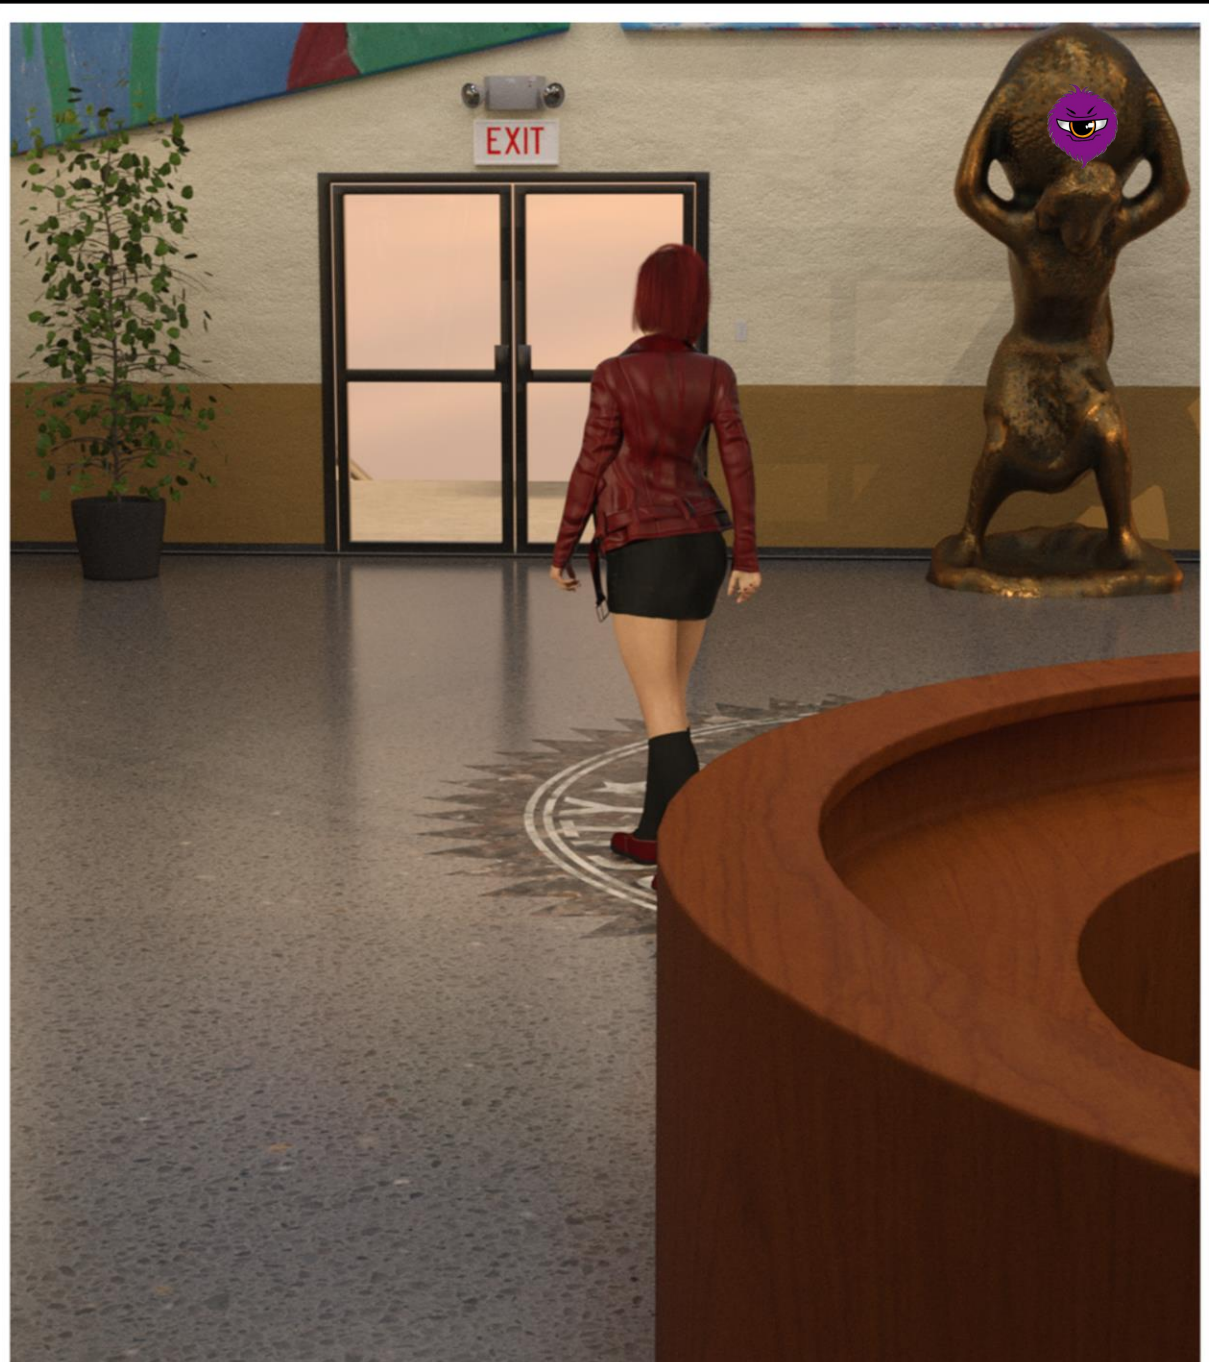

But we are at about 20 seconds now! I'm getting better! My rigorous training with her starts to pay off!

Oh, dear.  
These kinda black-outs are getting more frequent. I wonder if I'm coming up with something...

The next day, back with Mikael on his mission to follow Velia.

It's her usual time...

I'm waiting in the woods for two hours already, but I have the eye follow her and finally see her approaching.

I unsummon the eye and resummon it here directing it to the location I lost track of Velia last time. Shortly later, Velia runs by – as usual. This running seems to be a routine to lose possible tails, I guess...

With the eye I can see her every  
move as she enters the dark  
clearing...

Where will she turn next?

Woah! What is that?!

There is a distortion in space... and  
Velia is just running through...

Vanishing in the process. The clearing looks the same as if nothing ever happened.

I unsummon the eye and follow up...

What a neat trick!

Now what's up with this?

With the Repis spell I can see the magical "barrier" in front of me.

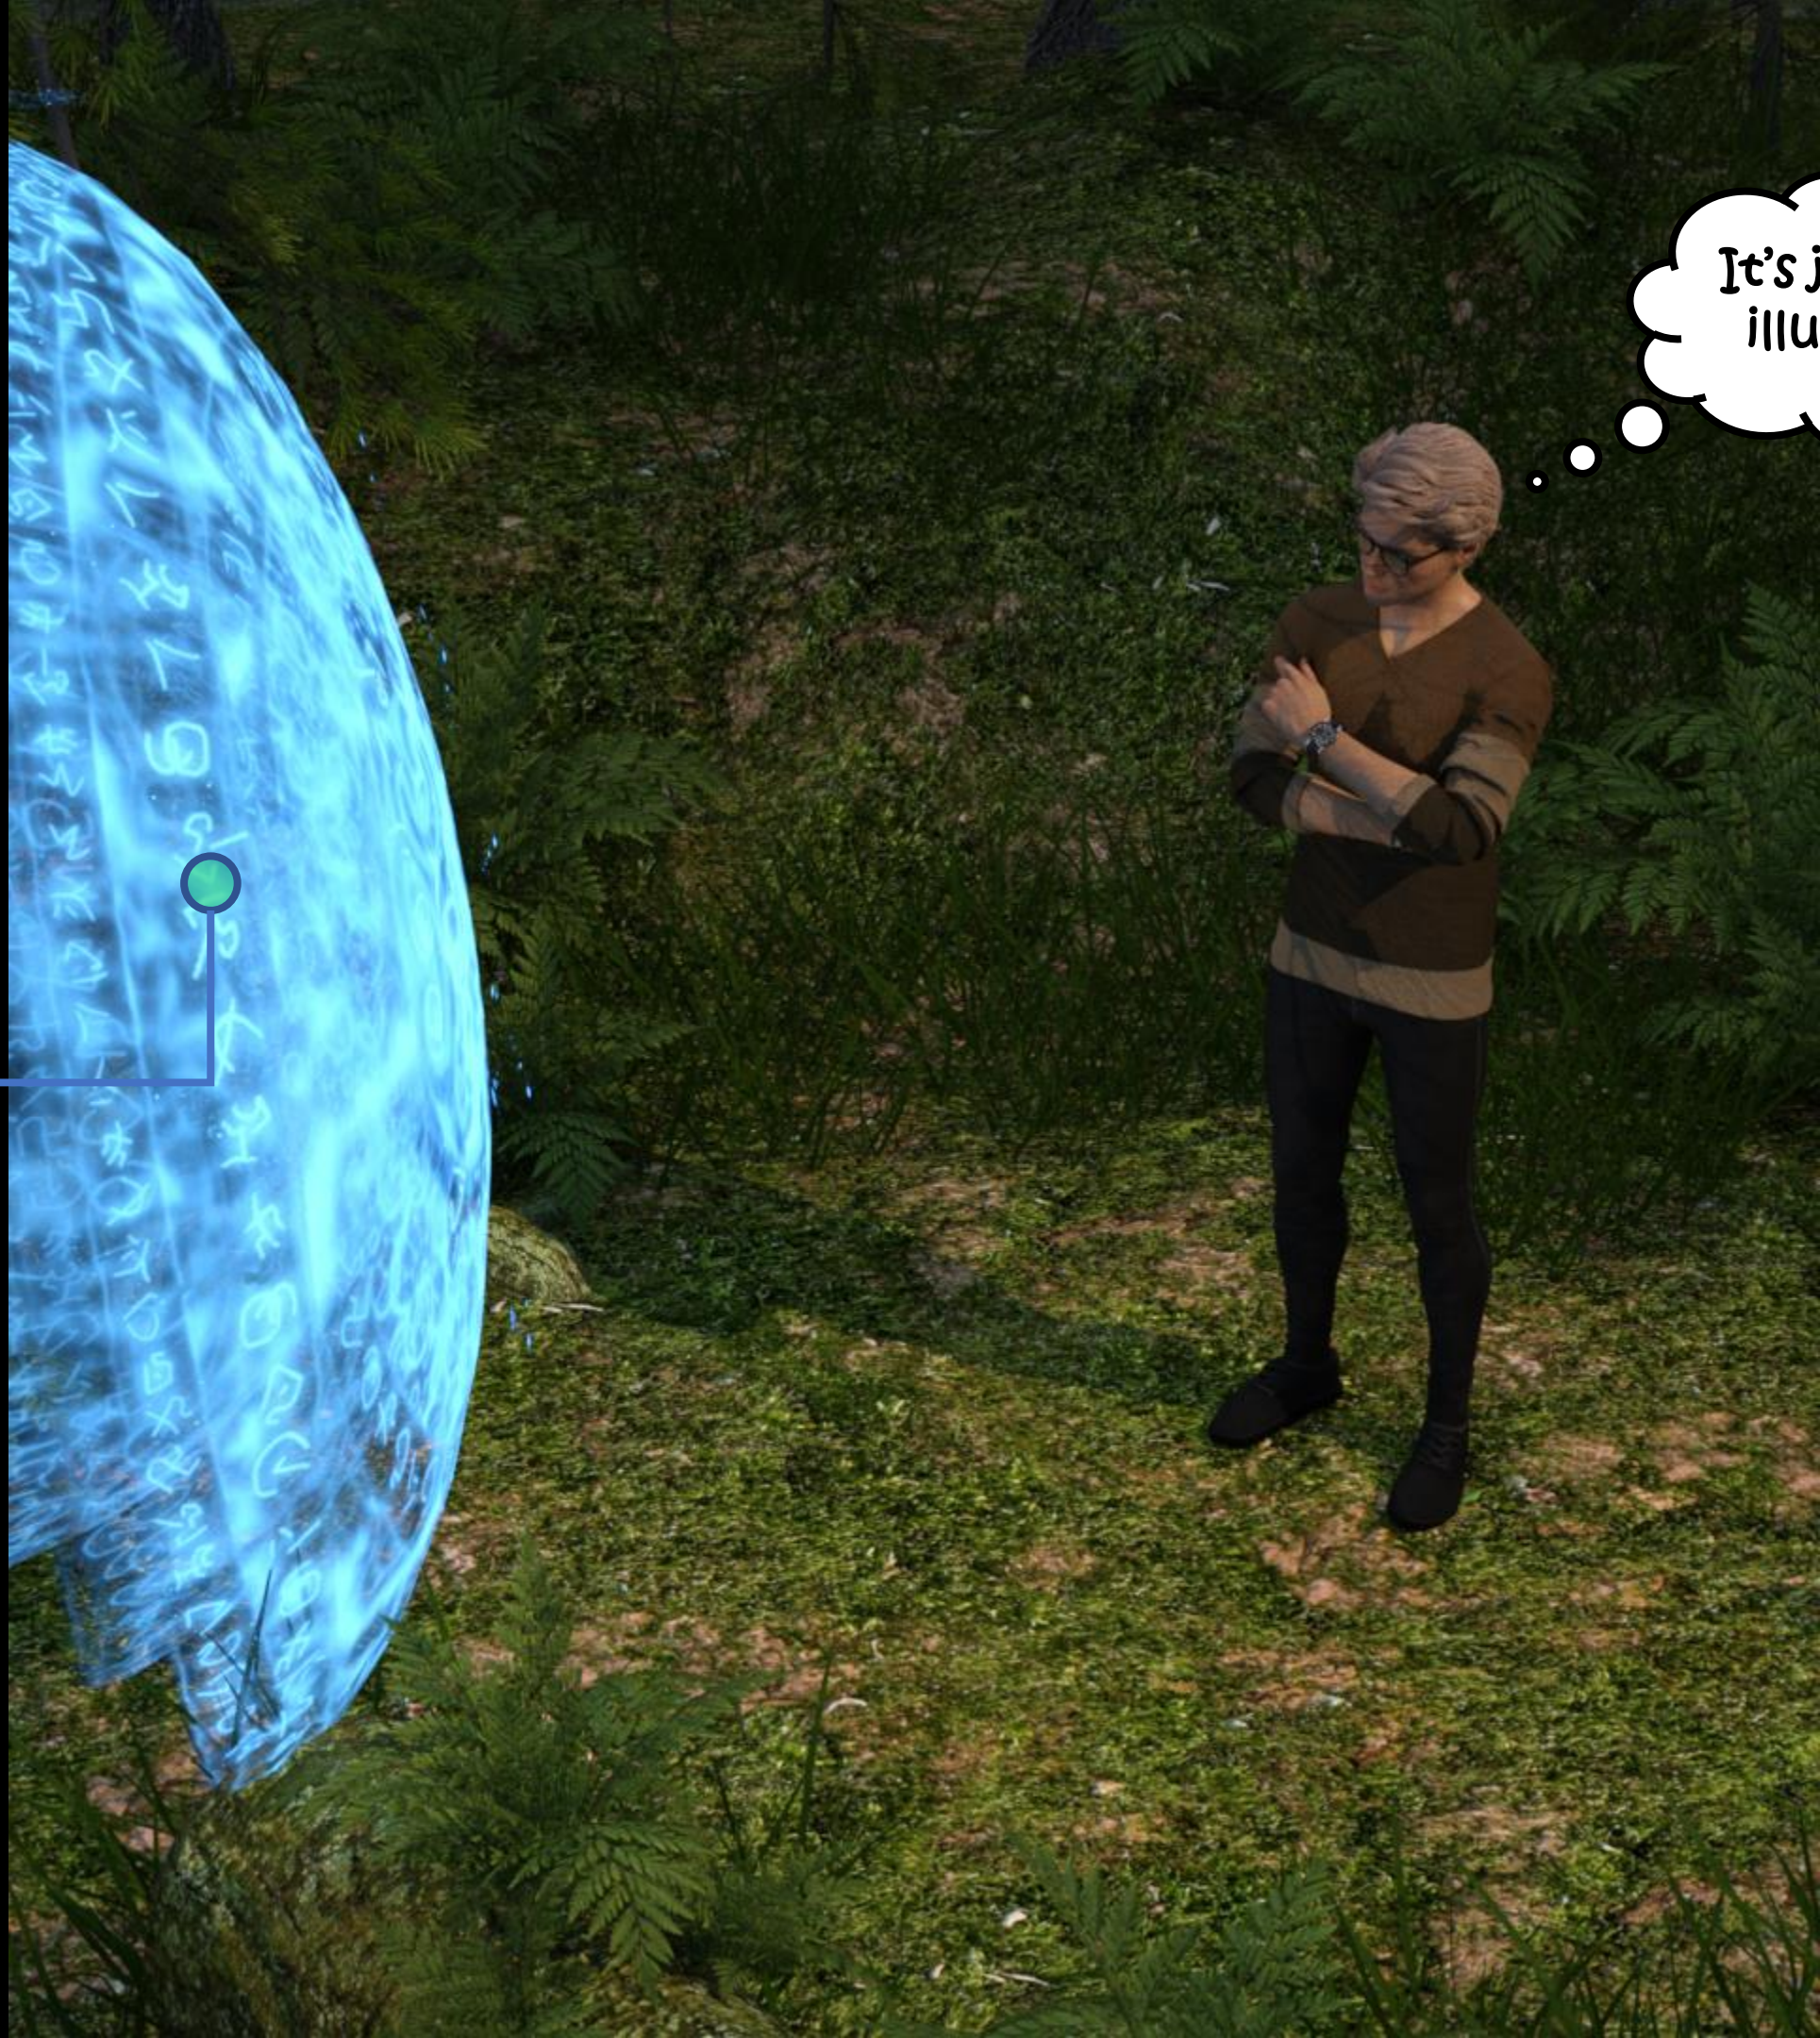

*Repis!*

*Malkovis!*

And the Malkovis spell analysis its nature...

It's just an illusion!?

**Large-scale illusion:** Used to hide places, things, or people. You can just walk through.

Carefully I approach the thing...

I probe it with my hand. As it passes through.. I feel nothing. I mean, nothing else than my hand usually feels.

Having verified my Hand is still there...

I decide to walk through...

Took quite the guts I have to admit...

Holy Smokes!

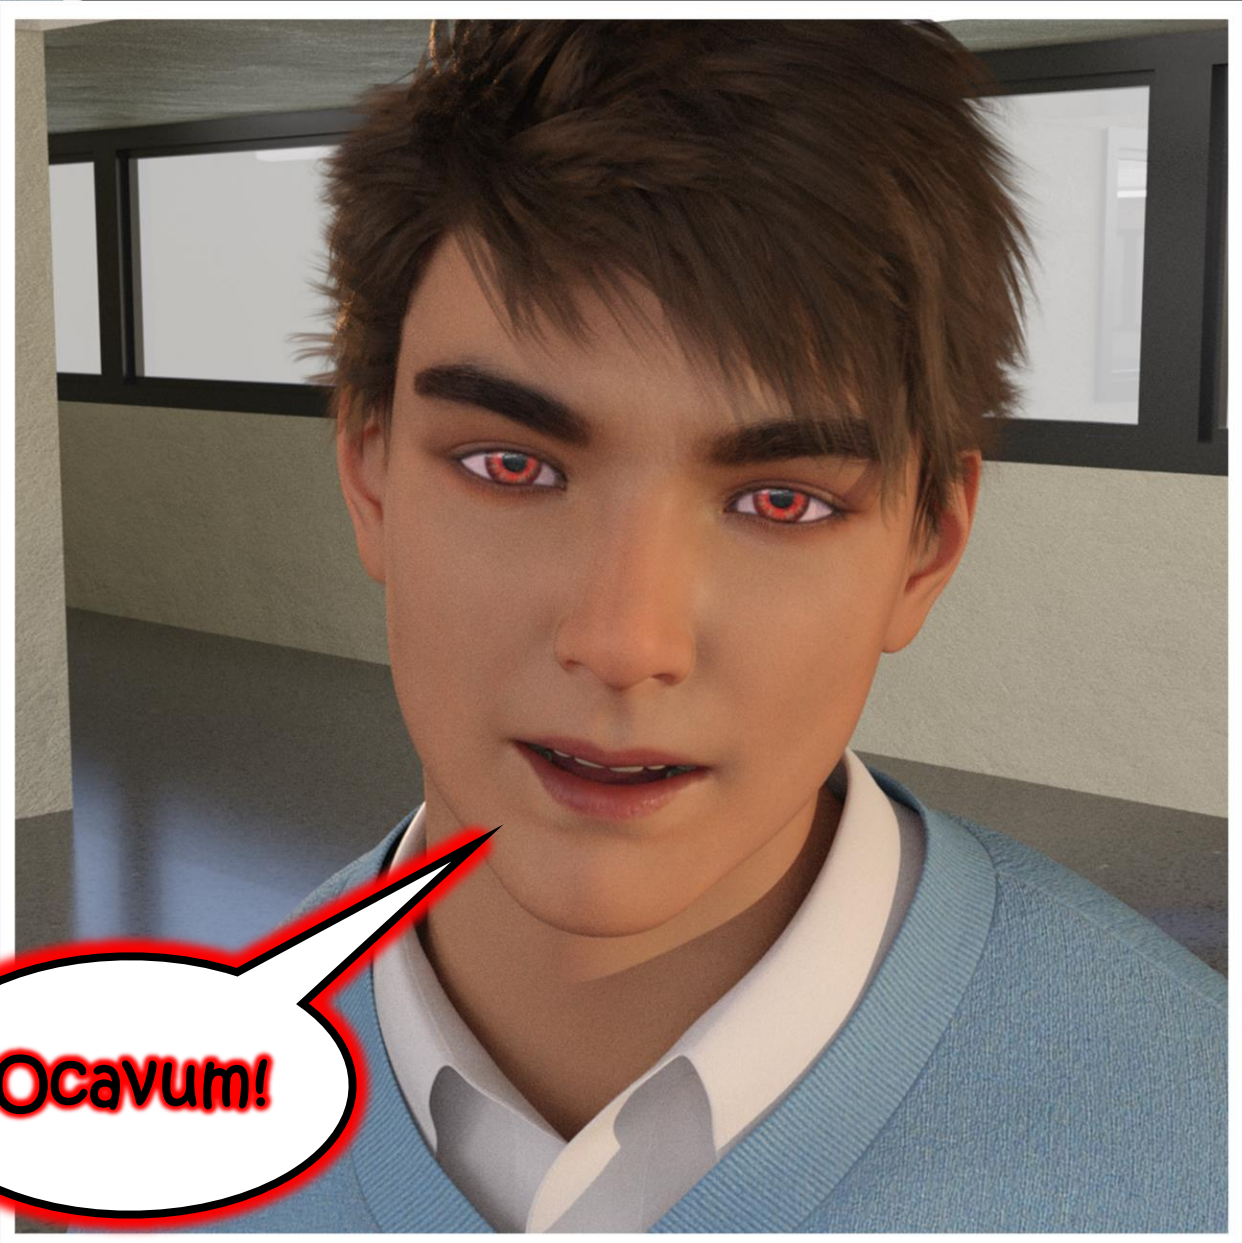

Back with Kim and Harry at the university on that day...

See you later.

Wait a second.

What's up?

**OcaVum!**

Harry watches as his girlfriend's eyes quickly lose focus and turn from blank to that orange glow – a true sign of the Ocavum spell taking control.

Of course, he had made sure beforehand that they were alone in that part of the university...

He looked left and right... TWICE!

I will stay like that, Master.

Stay like that, Kim.

And with the Ocavum spell taking full effect over Kim...

Harry gets a bit frisky with her.

Oh, Kim.  
You are so  
beautiful.

A good  
girlfriend  
should  
put out!

What am  
I to you  
even?

Why won't you  
share that cute  
body of yours  
with me?

Harry tries to mimic the position he was in when he cast the Ocavum spell on Kim...

And waits for the spell's effect to dissipate.

He does not have to wait long and a lifeful expression returns to Kim's face.

Bye!  
See you  
tomorrow.

Later that day at Kim's place. Kim has just taken a shower.

Have they grown?

My bra feels really tight and... they look bigger...

I thought they were done growing three years ago...

And back with Mika on „the other side“.

As Mika walks through the illusion...

The dark woods give way to a much clearer, brighter sight...

And Mika is in for quite the surprise.

Holy smokes!

All of this was hidden by an illusion?

I don't know much about magic yet... but doesn't that need a LOT of ether?

A huge clearing with several tree houses, a lovely pond and probably more behind enfolds before Mika's eyes. He can hear people talking from afar and it's safe to say he successfully found "their" base...

End of Chapter 10

# Thanks for reading!

Hello, Hexxet here.

Mikael has managed to find the secret hideout of those Ether wielders... but what now? Should he infiltrate some more or return now as long as he can? Will Kessy be satisfied with this information? What will Mika do?
