Let me know if you want any specific warnings!
This one contains:
-Nothing to warn for!

So this month is a bit unusual- I took a week off and ended up getting Very into 'The Untamed' which is a chinese drama based on a BL.

So a lot of this months sketches (sfw & Nsfw) are from that, studies of the characters, and the ships from it.

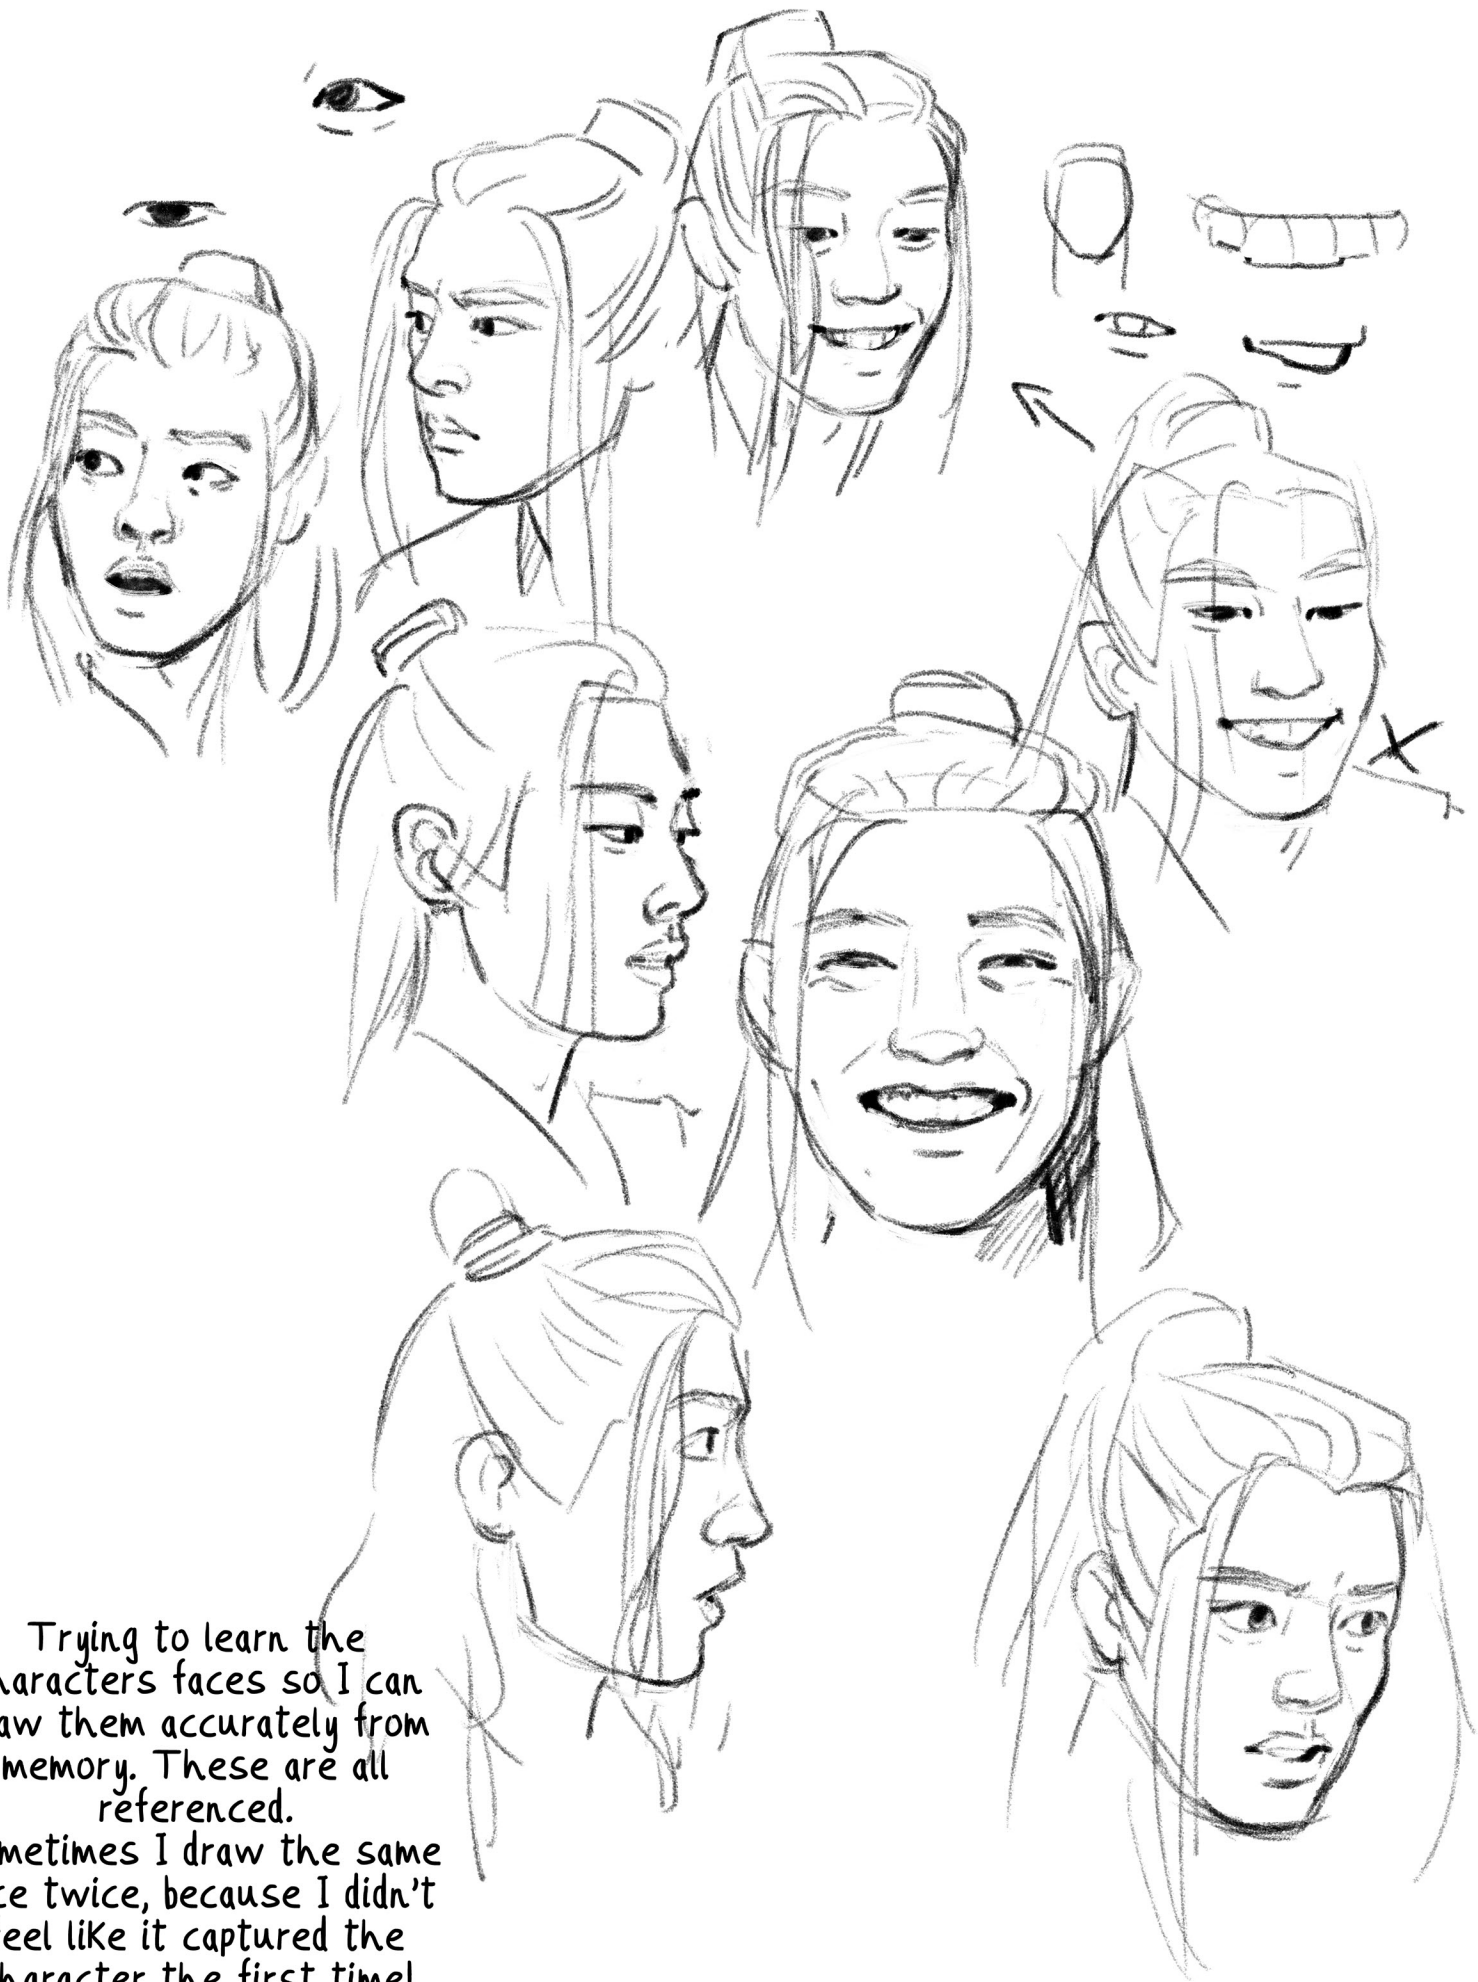

I don't think it's worth me trying to explain the context, but I recommend it! It's not perfect, but it's full of heart, and is as gay as they could possibly make it without upsetting the censors.

It's a little confusing when you don't know who's who, but here's who I'm drawing mostly.

Main ship
(wangxian)

other ship
(xiyao)

Trying to learn the characters faces so I can draw them accurately from memory. These are all referenced.

Sometimes I draw the same face twice, because I didn't feel like it captured the character the first time!

no ref - obsvs a similar angle for face in

my style is too western

I need to rethink the things I exaggerate if I want to keep likenesses! My usual stuff makes them look awful 0-0. I think they both have quite delicate features so me being like Big Nose Big eyes Big mouth is like. Not working At all.
