[Intro]
Cm

[Verse]
Cm
I remember when, I remember,
                     Eb
I remember when I lost my mind
                              Ab
There was something so pleasant about that phase.
                       Gsus4 G
Even your emotions had an echo in so much space
Cm
And when you're out there, without care,
            Eb
Yeah, I was out of touch
                      Ab
But it wasn't because I didn't know enough
      Gsus4 G
I just knew too much

[Chorus]
           Cm
Does that make me cra-zy
           Eb
Does that make me cra-zy
           Ab
Does that make me cra-zy
    Gsus4 G
Probably

```
[Verse]
C                                                     Ab
And I hope that you are having the time of your life
         Eb                       Gsus4   G
But think twice, that's my only advice
Cm                                                        Eb
Come on now, who do you, who do you, who do you, who do you think you are,
                    Ab
Ha ha ha bless your soul
                         Gsus4   G
You really think you're in control

[Chorus]

[Verse]
C                                                     Ab
  My heroes had the heart to lose their lives out on a limb
           Eb                              Gsus4   G
And all I remember is thinking, I want to be like them
Cm                                                        Ab
Ever since I was little, ever since I was little it looked like fun
                        Eb
And it's no coincidence I've come
                   Gsus4   G
And I can die when I'm done

[Chorus]

[Outro]
